Pontiac Bull Calves
 We have for sale young Bull Calves, sired by KING PONTIAC ARTIS CANADA, the only son of King of the Pontiacs in Canada.
 Calves are from one month to one year, from \$200 up, all from high tested advance registry dams. For instance, one from Canadian Champion Junior Two Year Old, with over 25 lb. record.
 Many others as good and better. Seters. Fully tested. Service. Prices low for the quality.
A. C. HARDY
 Avondale Farm - Brockville, Ont.

used. We are specially impressed with the two fall sisters, Lots 15 and 31 (see catalogue); they show so much resemblance that one feels the type established by this is a bull calf, out of a grand imported cow, that looks the equal to anything we have ever seen at his age.
 Mr. Kay's Consignment

From the "Ravendale" herd at Philadelphia we have a consignment of seven bulls, all of the same sire, and are establishing the reputation of the herd as a producer of fine Ayrshires; all are home-bred except Lot 35; and it required considerable coaxing to get this fine imported heifer consigned. Mr. Kay recognizing that something was due to our patrons who have her. Lots 29 and 30 are fall sisters and are great lengthly dairy like heifers, big and with amazing milk means. Possibly, however, the pick of the offering is Lot 60, "Ravendale Sen Pan," a son of Sen. Young and a grandson of "Peter Pan." This is an strongly a bred bull as ever left Scotland, and would command a good price over here.

The "Stonehouse" herd (H. Gordon), though weak in number, is strong in quality, and the quartette representing "Stonehouse" will uphold the average of the sale; the pick of this lot is undoubtedly the imported cow, Lot 6; she is one of the choicest cows ever offered in auction in the country.

"Sunside" (J. W. Logan) is again recognized as a typical arrangement of the kind that have always been popular. Mr. Logan has stayed consistently by bulls of the "Sunside" family until to-day he is producing live bred animals that both command and deserve recognition in the country. It is possibly of the entire sale, is Lot 4 Mr. Logan's son, Netherhall Sir Douglas. We doubt if ever good an Ayrshire bull has been sold at auction in this country. In need of a herd bull ought to see "Sir Douglas" before buying.

Burnside's Offering
 "Burnside" (R. B. Ness), although reduced in numbers from past years, is not reduced in quality. The seven "Burnside" being every one top-notch, and ably demonstrating that "Bob Ness" is a breeder as well as a buyer. Outstanding in this lot, or in any company, is the big, thick-bodied daughter of the American Champion "Cavaler." She is in 2d condition for the year, and will make a three-year-old going well. Her company, Lot 19, "Burnside" Margie Finlaystone 4th, sweet and feminine, nice up and presents a chance for a breeder to get a line of blood that may place his herd in the front rank. Lots 19 and 40 are the kinds that are looked for when the fall show comes round; they fill the eye and last, but not least, may mention "Burnside" Maudie, a fine producer of Masterpiece and Lucky Girl (what a combination of individual excellence and dairy ability), and she gives promise of being equal to his breeding.

"Edgewood" (D. T. Ness) is strongly represented with a consignment of eight, headed by the choicely bred imported bull, "Holehouse White Heather," Lot 30, years ago, and was a winner in the yearling class here two years ago. "White Heather" is Lot 30, years ago, and was a winner in the yearling class here two years ago. It is a pair that will have many admirers. This fine imported cow is both a producer and a sire. She is 1st and 2d, and will keep buyers on the tip-top of attention; where can we find another heifer that in three generations, traces direct to the same blood lines as "White Heather" and "Lucky Heifer" from Kate 4th and Netherhall Brownie 9th.

Good Ones From Springburn
 "Springburn" (McMillan & Leggat) is represented by seven, two choice three-year-old females, one in Lots 8 and 10; either of them will be dangerous competitors for premier honors in the three-year-old class. This is a very promising daughter of the noted Netherhall Good Time, while Lots 26 and 27 are by the noted "Fay's" sire, the famous Auchenbarr Good Gift, Lot 46, is the result of the same sire. This is a sire by the noted "Masterpiece" and his first daughter to be exposed for sale; she will certainly make things lively in the calf class this fall.

John P. Owers' herd is well represented by four home-bred and one imported one. All the home-bred ones are by a son of King of the Pontics, a type that has made Canadian good Ayrshires popular.

In addition to the foregoing are a number of smaller consignments, including many worthy animals. If you are interested in Ayrshire stock, write to the secretary, Jas. Brown, Ormstown, Ont., for a catalogue. You will find it contains much interesting matter and is well illustrated.—J. P. Owers, Ormstown, Que.

McCormick Binders
MANY years of McCormick binder experience have brought out the strong points of the machine and enabled the builders to devise features that make the machine still more efficient and satisfactory. There are a number of such features on McCormick binders, features which insure a complete harvest of the grain, whether it be short, tall, standing, down, tangled or full of green undergrowth.
 For Eastern Canadian fields the McCormick binder is built with a floating elevator which handles varying quantities of grain with equal facility. The binder grows level with the bottom of the platform so that when the machine is tilted to cut close to the ground there is no ledge to catch stones and trash and push them ahead of the binder to clog the machine. These are features you will appreciate.
 The McCormick local agent will show you the machine and demonstrate its good features to you. See him for catalogues and full information, or, write the nearest branch house.

20 Heifers
 From 10 to 18 months old and
2 Bulls
 1 year old is my special offer. Must be sold in next 30 days. Write or phone.
WM. HIGGINS - INKERMANN, ONT.

DO YOU NEED HOLSTEINS? **MAPLE STOCK FARM**
 Offers a large number of Young Cows and Heifers; also 5 Yearling Bulls, most of them sired by Woodland Schilling Sarcelite—let 277-old bulls at Toronto in 1913. The dams of these are choicely bred.
 Females offered are in pink of condition—large, smooth and good square under—right every way—most of them are grand-daughters of "Bly Abberk"—all of the show type. As we have no public sale this year, we could supply a calf and if desired, we can sell you good ones, see our lot before buying elsewhere.
 Prospective buyers met at Waterford Station on request.
WM. SLAIGHT - BEALTON, ONT.
