

FORESIGHT ON THE FARM

Heavy types for use with tractors

IN CHOOSING A HARROW

INVESTIGATE THE GANGS

Whenever Disk Harrow gangs crowd, you have trouble. In most Out Throw Harrows they bump together, rock and sway; they are heavy on the horses and when the land is tough or hard, they rise out of the ground. Bissell Disks are a different construction from others. The gangs do not butt together. They have no rocking motion. The draught is steady and even. The team will travel faster, do more work and do it easier. Bissell Disks will work land which is too hard for any other make to handle and have wider field of usefulness. They do not fail where the most work is required.

The Cleaners are built of steel throughout, riveted to stay, and are operated by a locking device—No castings to break, no coil springs to get out of order.

The Bissell Scrapers are the only Scrapers on which the steel clod bars are moveable endwise by a lever, thus keeping the spaces between the plates free from clods. The cutting edges of the plates are kept clean by the steel blades.

AXLES ON BISSELL GANGS

The axles are heavy—malleable nuts and washers are used so that the complete gang can be drawn up so tight that the axles can not spring or allow the disks to work loose.

The Bissell Bearing is a success. The body parts are all in one piece, manufactured without the use of bolts. No holes to break out. No crevices for dirt to work in. The journal being tapered, the pressure is toward the balls which are elevated on a heavy durable base. This is why Bissell Disk Harrows excel in light draught. The end of the bearing opposite the balls is protected by malleable rings or sand bands, making it impossible for dirt to enter.

The success of Bissell Disk Harrows is beyond repute—only one is genuine—the one with the name Bissell.

T. E. BISSELL CO. LTD., ELORA, ONT.

The Paint for the Barn

The barn is usually the most valuable building on the farm; it houses several thousand dollars' worth of stock, implements and foodstuffs. Don't leave so much valuable property unprotected. Safeguard it with

"HOMESTEAD LIQUID RED"

This is the best wearing and most economical paint for all farm buildings. One gallon covers 300 square feet, two coats, where the wood is in good condition. It's a wise investment to let this good paint protect all your farm buildings.

Paint the house with CANADA PAINT; decorate the walls with C.P. "SANITONE"; freshen up the furniture and floors with C.P. "SUN VARNISH STAINS". Ask the C.P. agent in town for further particulars.

Our book: "What, When and How to Paint" mailed free upon request.

DECORATIVE SERVICE FREE. Our suggestions and color schemes for finishing any part of the exterior or interior of your building would be helpful to you.

THE CANADA PAINT CO. LIMITED,

Makers of the famous "ELEPHANT BRAND" White Lead.

572 William Street, Montreal. 112 Sutherland Ave., Winnipeg.

PEERLESS LONG SPAN GATES

THE gate pictured below is a companion to the Peerless Perfection farm fencing, strong, durable, with heavy tubular brace, which stiffens it like a steel bridge. It swings true and rigid as an oak door hung by a master mechanic. Lateral and upright wires securely clasped at all intersections and stretched upon a strong rigid frame of tubular steel electrically welded into one solid piece.

FOR LOOKS, WEAR AND SERVICE

In appearance a Peerless Gate says: "I am guardian here." For durability it is of heavy open hearth steel wire, galvanized and can't rust at any point. For service it is put together to last a lifetime and is the cheapest, best gate made. You will be interested in our Catalog.
