

Some Big Users of Both Farm *and* Factory Cream Separators

As everybody knows, all the big and long-experienced users of Cream Separators are patrons of the DE LAVAL machines. Many commenced with other makes, and nearly all have tried various different kinds, but practical experience in the use of Cream Separators always means the eventual use of DE LAVAL machines exclusively.

The names below are those of a few of the big users of separators, all having from 20 to 200 power or factory machines, and their patrons have hundreds of hand separators, as specified below—all DE LAVAL:

Beatrice Creamery Co., Lincoln, Neb.....	5,000 machines
Continental Creamery Co., Topeka, Kas	5,000 machines
Franklin County Creamery Association, St. Albans, Vt	1,000 machines
Fairmount Creamery Co., Fairmount, Neb.....	1,000 machines
Littleton Creamery Co., Denver, Colo.....	1,000 machines
Manning Creamery Co., Manning, Iowa	750 machines
Faust Creamery and Supply Co., Salt Lake City, Utah	500 machines
W. G. Merritt, Great Bend, Kas.....	500 machines
Frank Dunning, Bedford, Iowa	500 machines
Nebraska-Iowa Cream Company, Omaha, Neb	300 machines
J. A. Danielson & Co., Lake Park, Minn.....	300 machines
E. G. Hammer, Goodhue, Minn.....	300 machines
W. C. Lubke, Kenyon, Minn.....	300 machines

These are just a few of the big users of DE LAVAL machines whose patrons are buying De Laval Hand Separators exclusively, just as fast as the shops can produce them.

It is impossible that De Laval Cream Separators have attained by accident the position they hold throughout the Dairy World, the accepted standard by which all other separators are measured and judged.

Superior in principles of construction, superior in materials used, superior in workmanship; for 25 years the name DE LAVAL has been synonymous with supreme excellence in cream separators.
