"HISCO" BALLS

A Canadian Product

Why not give a Canadian product the preference? We were the first manufacturers in Canada to make forged Steel Balls. A customer in placing an order states "Thirty tons 5½" Forged Steel Balls, same material as in 6" Balls previously supplied us by you."

Hisco Balls are first in quality as well as first on the market.

If quality counts with you specify "HISCO" Balls.

Write us for quotations on your requirements.

SIZES, 3", 4", 5" and 6" CARRIED IN STOCK.
