#### BRIDGE OVER THE SALMON

for Ymir-A Ridiculous Muddle.

YMIR, Aug. 2.—[Special.]—The footbridge across the Salmon river from the railway track to the mouth of Porcupine Prospector Roseberry's Fearful Fall creek is now finished. The work was done by Messrs. Lloyd and Thompson of the Porcupine claim and some other holders of property on Porcupine creek. I visited the claim on Saturday last and found the work on the property being pushed vigorously. The ledge on which work is being done on the prop- Early Sunday morning, while a party of erty is, I believe, one of the largest and three oldtime prospectors in this section richest in the country. It runs right were making a careful examination of down to the edge of the creek, where a the high bluff on the northeast side of width of 125 feet has been stripped. Deep creek, one of them, A. Roseberry From any point along the face thus exposed highly mineralized rock may be by name, slipped and fell 50 feet over a knocked off, while back from the creek precipice and rolled down a steep rock knocked off, while back from the creek the ledge can be located through the entire extent of the claim and also into the Porcupine extension, which lies on the other side of the creek, and is held by the same owners.

| Almost as he spoke Rose treacherous and rolled down a steep rock with the same owners and rolled down a steep rock with the same owners and rolled down a steep rock with the same of the creek and rolled down a steep rock was ahead, called to both Roseberry and Sholtz to be careful, as the ground was treacherous. Almost as he spoke Rose berry fell, and McKay called to Sholtz, berry fell, and McKay called to Sholtz, and the same owners.

ous silver and galena. In some of the arm and a bad bruise on the left breast, specimens I picked up almost pure brit- and now lies at Stoddard's ranch in a tle silver could be seen in large veins.
Assays taken have given from 107 to 344
ounces in silver and 25 per cent in lead,
besides which from the look of the iron
in the rock a pretty high value in gold is
expected, although no assays for gold
have yet been taken. Considerable work
has been done on the property a gross-At the present moment a new tunnel, Red Mountain road Saturday noon and which is now in 12 feet on the ledge, is crushed his skull, this would seem to be being worked. Altogether there is no doubt that the Porcupine is destined to be one of the best mines in this vicinity.

a season of accidents.

NO CLONDYKE It is admirably situated for cheap work- Frank Blackwell, of Seattle, Describes ing, the entrance to the tunnel being only a few feet from the creek, which would afford ample power for a concentrator. An easy trail leads from the property down to the river, across the

port was circulated in Rossland that the marks to a MINER representative upon Porcupine had been bonded to Mr. E. that subject were very much to the L. Clark of Rossland, for \$60,000. I am "The sight of the ton of gold which L. Clark of Rossland, for \$60,000. I am authorized to contradict this report. The facts of the case are as follows: Mr. Clark signed an agreement with the owners to take up a bond on the property for the above mentioned sum, the first payment on which was to be made on the first of June. Prior to that date however, Mr. Clark left for Winnipeg on business for the Elise mine and has since taken no notice of the agreement to which he appended his signature. Frequent letters from the owners to him quent letters from the owners to him have failed to elicit any reply and as his time has now long since expired he has nervous strain. Nothing was heard on furnace, but a 24 hours' run, ending last furnace, but a 25 hours' run, ending last furnace, but a 26 hours' run, ending last furnace, but a 26 hours' run, ending last furnace, but a 27 hours' run, ending last furnace, but a 28 hours' run, ending last now no lien upon the property.

about a mile and a half.

A curious complication has arisen with regard to the postoffice business of this town. About a fortnight ago Mr. J. C. Allen, J. P., received his official appointment as postmaster for Ymir. Since then he has received several communications confirming his appointment as postmaster and is included the male element in the made of the supposition of the supposition of the supposed new Eldorado.

Clondyke?' and other conversation devoted the supposed new Eldorado.

This run produced 22 tons of matte, the diggings; one or two preachers decided that placer mining would be more profitable that preaching and skipped out; women packed their divided skirts out; women packed their divided skirts out; women packed their divided skirts out; women packed the male element in the made of the supposition of the supposition of the supposition.

This run produced 22 tons of matte, the diggings; one or two preachers decided that placer mining would be more profitable that preaching and skipped out; women packed their divided skirts out; cations confirming his appointment and joined the male element in the mad there is a saving of over 10 per cent of and also received a set of mail bags. Acting upon the strength of his appointment, he proceeded to arrange matters for conducting the postal range matter and some matter and service, amongst other things, going to awaiting the opportunity to get started all who have seen it, and Superintendent the expense of having sorting boxes for the gold fields. made. Last week, however, Mr. John
McLeod, the popular merchant of this town, who had hitherto managed the since. A shortage was discovered and town, who had hitherto managed the postal business unofficially, received an official appointment to the postmaster ship, together with full instructions for ship and in addition to the 200 tons daily ship together with full instructions for ship and in addition to the 200 tons daily ship together with full instructions for ship together with ship toge the immediate establishment of a full postal service. As I reported some time a species of insanity. The ton of gold that came down in July represented the strike on the Westside. hitherto defrayed express charges on the mail bags at his own expense, and it applied the diggings who could mail bags at his own expense, and it applied to the diggings who could be appointment, as he had offices at Vancouver, states with head offices at Vancouver, states with head offices at Vancouver, states work on the Westside claim on Morning work on the Westside claim on Morning work on the Applied to the company, as he had offices at Vancouver, states with head offices at Vancouver, states work on the Westside claim on Morning work on the Westside cl praying that Mr. McLeod might be clean up of the entire winter's work awarded the appointment, as he had The very menthat brought it said themhitherto defrayed express charges on the mail bags at his own expense, and it appears that the petition had its hopedfor result in obtaining him the appointment. While it seems to have caused great satisfaction that Mr. McLeod now has the appointment, it is felt that Mr. Allen has been very hardly dealt with by this entirely unwarranted muddling.

Selves that there were hundreds of people in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the diggings who could neither get work nor a chance to prosple in and about the digging who could neither get work nor a chance to prosple in and about the digging who could neither get work nor a chance to prosple in and about the digging who could neither get work nor a chance to pr by this entirely unwarranted muddling land lays they will in most cases try to by the postal autnorities. The postoffice get work. In a few months men will be opens business today.
