MUCH REGRET IN EAGLE PLACE

Over the Departure of Principal Park from King Edward School

Universal regret is expressed in Eagle Place over the departure of Mr. Park from the principalship of King Edward School and all hope he may resume his position when his "leave of absence" has expired.

The school has grown from a two room building to its present capacity since Mr. Park identified himself with it and he seems part and parcel of it in its development.

His frugal and unassuming disposition, studious mind and appreciation of the humorous have won him a high place in the estimation of his staff of teachers and his successful management of the school has been thoroughly appreciated by the residents of Eagle Place.

His friends feel confident that his ingenious invention will bring him fame and fortune, and be of inestimable value as an educational factor.

It has been left a privilege to have been associated with Mr. Park for it is seldom there is a born genius in our midst and all success in his future life is wished for.

The residents sincerely appreciate the high standard of efficiency that at present marks King Edward school, placing it among the first in the city, and hope that Mr. Park's temporary successor will receive the assistance of the teachers and inspector, and also put forth the effort himself to keep the school in the high place that Mr. Park has succeeded in placing it.
