Mr. Jones is proud to acknowledge the great debt of gratitude he owes "Fruit-a-tives". He is glad to have his letter published in order that other sufferers may be induced to try these wonderful tablets made of fruit juices.

SARNIA, ONT., FEB. 5th, 1911. "I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors, but derived no benefit whatever. Finally, I read an advertisement for "Fruit-a-tives" and I decided to give "Fruit-a-tives" a trial and they did exactly what was claimed for them. I have now taken them for some time and find they are the only remedy that does me good. I have recommended "Fruit-a-tives" to a great many of my friends, and I cannot praise these fruit tablets too highly!" PAUL J. JONES.

Duncan Miller

(Continued from Page 1) president of the International Union of Street Railway Men. He is survived by a wife and four small children.

HAMILTON, Thursday, July 24.—Superintendent Duncan Miller, of the Hamilton Street Railway Company, was pinned under his own automobile and instantly killed late last night, when the car he was driving ran over a bank and plunged twenty feet into a ditch. In the car with him were Fred Miller, his wife and two daughters. Fred Miller was internally injured, his wife sustained a serious shock, but the daughters escaped with a shaking up.

The accident occurred on the Guelph road, just two miles beyond the city limits of Hamilton. The party was returning from Guelph, and at the time of the smash-up the car was travelling without lights, the result of going into a ditch a short time before. At the spot where the car plunged over the embankment there is a slight turn, with no protection but a wooden railing. The driver, Miller, deprived of his searchlights, was apparently unable to see the turn, and was at the edge of the bank before he had time to put on the breaks.

Travelling a short distance ahead was Dr. McClennahan, district officer of health. The doctor heard the smash up, and, going back, found Miller beyond aid. Fred Miller he found suffering so severely from internal injuries that he deemed it advisable not to move him until an ambulance arrived, but Mrs. Miller was taken in the doctor's automobile to the city Hospital here. Word was telephoned in to the police, and an ambulance and patrol wagon were sent out at once.

The late Duncan Miller leaves a widow and two children. An inquest will probably be opened to-day.

BAKER SHOWED REAL CLASS St. Thomas Defeated Hamilton By a Score of 4 to 2. ST. THOMAS, July 24.—The Saints played good ball behind Baker yesterday and with the exception of the first few innings, when he was a trifle wild, showed real class. Brodie, formerly of Peterborough and St. Thomas, twirled for Hamilton and pitched a good game. The Kolts scored one in the first on a couple of walks and Corns' single to centre. They added another in the third, but after that period could do little with Baker. The timely hitting of Corns and Inker featured. Score: Hamilton..... 10100000—2 St. Thomas..... 0110001—4

You Ought to Save One-Sixth of Your Income!

One-sixth of one's income should be saved and profitably invested as a provision against life's "rainy days." Experts say that a man should save each year at least as much as he pays out for life insurance, but the whole sixth into life assurance would be sensible. Certainly one-half of the sixth should go into life assurance.

Suppose then we say a twelfth and that your income is \$100 per month; that will mean \$100 a year to devote to life assurance. ABOUT \$100 A YEAR WILL PROVIDE FOR A MAN OF 30.

\$4,000.00 \$2,500.00 \$3,000.00 Payable at death: Premiums payable for only 10 years; for only 20 years; for only 30 years; for only 40 years; for only 50 years; for only 60 years; for only 70 years; for only 80 years; for only 90 years; for only 100 years.

In addition to the above guaranteed amounts payable at death, the assured would receive substantial payments out of surplus earnings at regular intervals during his life time. There is no other method of providing an adequate legacy for one's dependents quite so sure as Life Assurance. Rates for other ages and other information will be gladly furnished without placing you under any obligation whatever.
