British Army Officer Has Great Invention

VILLACOUBLAY, France, Aug. 15.—The new self-righting flying apparatus invented by Lieut. J. W. Dunne, a retired British army officer, underwent most successful trials on the aerodrome here yesterday...

DUFFERINS HAD A GREAT DAY

Hamilton Cheered the Brantford Regiment All Along the Line.

Tired But Happy Soldiers Returned Home Early This Morning.

Tired but happy and having had the time of their lives, the Dufferin Rifles regiment got home at 1 o'clock this morning from Hamilton. There were no accidents.

The Parade.

It was almost noon when the order was given for the troops to go to the "front." The different regiments swung into line and marched down James St. to King, around the Gore and then proceeded on their long tramp to the Jockey Club grounds.

The Dufferin Rifles, never showed up to better advantage and they certainly kept up their reputation as good marchers.

Brantford citizens have every reason to feel proud of the "Duffs" for they certainly acquitted themselves excellently. They made a fine showing in the Ambitious City yesterday and left a good impression with all who saw them on the march.

All along the line of march the Dufferins were given a rousing reception, especially as they passed in front of the Royal Hotel and the Gore.

Plattering comments were heard such as: "Here comes Brantford!" "There goes the Dufferin Rifles!" "That's the Duffs!" "That's the 38th!" These expressions could be heard all along the line of march.

It was hotter than "the day before" but the men stuck "to their guns."

After marching through many of the principal and side streets of the city, until after 1 o'clock, the Jockey Club grounds were reached.

Arriving at the race track the men were formed up, and the guns were fired. In a few minutes the bugles sounded the joyful notes of "Come to Cook House Door, boys!"

Here a marquee had been erected and men of the different regiments were given a first-class hot dinner which by that time was very acceptable indeed.

A smart corps of waiters were detached to serve the soldier boys as quickly as possible, and in less time than it takes to tie it, the soldiers had their meal.

INDUSTRIAL DAY IN AMBITIOUS CITY

Labor is Having its Inning To-day Big Street Parade.

HAMILTON, Ont., Aug. 15.—This was Industrial Day in connection with the Hamilton Centennial celebration and labor had its innings. The unions showed strength in the big parade that formed at Victoria Park and marched from there to Britannia park, where a big list of games and sports was held this afternoon under the auspices of the Trades and Labor Council.

A number of the Toronto unions were represented in the procession which was one of the biggest labor demonstrations ever witnessed in Hamilton. At 10.30 this morning there was a parade of citizens automobiles in which several hundred cars took part.

The international motor boat races were held at the Beach this afternoon. To-night the Labor people will hold a band concert and drawing at the H.A.A.A. grounds and the Garugari-Frohsmann Maennerchor orchestra of Buffalo will give a concert in the I. O. O. F. Hall.

RESIDENTS OBJECT TO HYDRO POLES

Also Electric Wires Which Will Spoil Beauty of Chatham Street.

Several of the residents of Chatham street are objecting vigorously to the placing of Hydro-Electric poles on that street. The poles are being placed on south side of the street, and it is claimed the wires when strung will be among the branches of the trees.

A prominent resident of Chatham street, told The Courier this morning that the electricity will ruin the trees and thus spoil the beauty of one of the finest streets in the city.

The matter was taken up with Ald. McFarland and the residents will talk the matter over with the Hydro chairman this afternoon.

Received by Church. MADRID, Spain, Aug. 15.—Princess Beatrice of Saxe-Coburg and Gotha, is shortly to be received into the Catholic Church, according to an announcement made by the Spanish premier, Count Alvaro De Romanones.

The princess was married at Cobourg on July 15, 1909; to Prince Alfonso of Bourbon-Orleans, a cousin of King Alfonso, in spite of the objection of King Alfonso, who deprived her husband of his honors and his command in the Spanish army.

RECEIVER OF STREET RAILWAY MUCH PEEVED OVER CRITICISM OF RAILWAY

His Solicitors Threaten Libel Action Against the Courier—This Journal's Stand is For Municipal Ownership and Discontinuance of Disgraceful Street Car Conditions Which Prevail.

The Courier to-day received the following letter from Toronto solicitors who are the representatives of certain bondholders of the Grand Valley Railway Company:

The Brantford Courier, Brantford, Ontario: "Dear Sirs.—Mr. E. B. Stockdale, who has been appointed and who is acting as Receiver of the Grand Valley Railway Company on the direction of the Court, has received copies of the issue of your paper relating to the management and direction by him in his capacity as Receiver of the three railways.

"We think you are aware that an action is pending in the High Court between the City of Brantford and the Grand Valley Railway Company et al, and the publication by you in the issues of your paper are quite in contempt of the court in which the action is pending, and, further, are libellous upon Mr. Stockdale in his capacity as Receiver.

"Many of the statements in your publications are quite erroneous, as could and would have been ascertained by you if you had made careful inquiries.

"In the event of any repetition by you of the matters complained of, we shall be obliged to institute proceedings in court against you, without further notice, at the suit of Mr. Stockdale.

"Yours very truly, "WATSON, SMOKE, SMITH & SINCLAIR."

THE COURIER'S ANSWER In reply to the letter of Messrs. Watson, Smoke, Smith & Sinclair it is desirable to point out:

(1) That the Courier is advocating municipal ownership of the Brantford Street Railway, and proposes to go right on and do so.

(2) That the Courier believes that the time for the railway company jockeying the city is past, and long over-past.

(3) That the Courier believes the street railway in Brantford is now, and has been for some time, a disgrace to the municipality.

(4) That the Courier believes that, despite the efforts of interested ones who are trying to get out "skin whole," the street railway is the most serious handicap to civic development which Brantford has.

(5) That the Courier will object to and strongly criticize any further postponement, on any grounds whatever, of the city's legal action against the company, whereby the city expects to secure its own and just rights.

There is no desire in this paper to commit contempt of court by discussing any action pending before the courts of Ontario. There is no desire to libel Mr. E. B. Stockdale, who as receiver of the Street Railway Company was appointed by the High Court. There is a desire, however, on the part of the Courier to awaken civic officials to a sense of their duty and to point out to the Mayor and aldermen of the present Council that a policy of jockeying with the street railway, postponing trials, etc., has pretty nearly put this city in the hole, and will do so if allowed to continue.

If wrong statements have been made in the Courier concerning Mr. E. B. Stockdale and the company for which he is acting receiver, they have not been pointed out in the letter of his solicitors.

At any rate, it is not a matter of Mr. Stockdale's remuneration, but a matter of taxes which the company owes the city.

Meanwhile, ordinary citizens who pay taxes, and who have to pay them on the spot, are doing the sweating.

TWO HEADS GOVERNING ONE STATE

Unique Situation Prevails Just Now at Albany.

Sulzer Will Be Asked to Step Down and Out.

ALBANY, N. Y., Aug. 15.—The second day of the dual administration in New York state dawned on a whirlpool of confusion in the capitol. A steel chain with a heavy padlock secured the great seal, the privy seal lay under lock and key; the way to the executive chamber, Wm. Sulzer's citadel, was bolted and barred and from two offices the rival claimants to the governor's chair continued to exercise their functions.

Control of the national guard, access to the great seal, recognition by New York's secretary of state and by governor of the neighboring state of New Jersey were prerogatives stripped from Governor Sulzer, impeached, by Lieutenant-Governor Glavin, who claims to be the acting chief executive. Possession of the privy seal, whose imprint, validates all documents coming before the governor on affairs wholly within the state, and occupancy of the executive chambers, remained with Sulzer.

The usual crop of forecasts was harvested during the forenoon. One report that seemed to be authentic print was that Mr. Glavin would call upon Mr. Sulzer formally to vacate the executive chamber and surrender the privy seal. Sulzer's refusal would pave the way to court action. Governor Sulzer's reply to such a request lay on his desk. The igniter was Sulzer's, but the words of the letter were his lawyers'.

A sensational report was current that Governor Sulzer would seek the indictment for treason if charges of Murphy, leader of Tammany Hall, and organization leaders, who commanded the anti-Sulzer forces in the battle for impeachment.

Were in Hamilton. A large number of Brantfordites attended the military tattoo which was held in the Cricket grounds at Hamilton last night. In fact it seemed as if half the Telephone City was in the Ambitious City last night, some of whom did not reach home until 3 o'clock in the morning.

Speech From Throne Was Colorless To-day

British Parliament Prorogued—Will Meet Again in February Next.

LONDON, Aug. 15.—The British parliament was prorogued to-day and will not reconvene until February of next year unless something extraordinary happens.

The King's speech read in the House of Lords was even more colorless than usual. The only reference in it of the slightest interest to the United States was a clause expressing the confident hope that the recent loan of \$15,000,000 to the government of the Sudan, guaranteed by the British Government, would result in "increased sources of supply for the cotton industry of this country."

Edmonton's Big Fair. EDMONTON, Alb., Aug. 15.—Despite lowering skies and an intermittent downpour of rain, 21,000 people were in attendance at the Edmonton Exhibition yesterday. James Bowman, of Guelph, Ont., is one of the biggest exhibitors of Aberdeen Angus cattle, winning several championships. R. R. Neas of Howick, Que., was leader in the Ayrshire class.

Strong Demand Made For Britain to Compete

LONDON, Aug. 15.—Leo George, Chiozza Money and other publicists, have articles and letters in the Daily Chronicle to-day, giving their reasons why Great Britain should participate in the Panama-Pacific exposition. The Chronicle, also prints an editorial which expresses the belief that the Government will reverse its decision not to take part in the exposition.

Lord Blyth, who has been the chairman of organizing committees for various expositions in which Great Britain has participated, and who has written extensively on the fiscal and commercial policy of the Empire, in a long letter in the Times to-day urging British participation at San Francisco, asks: "How can we expect America to support the peace centenary exhibition in London in 1914 if we decline to be represented at San Francisco."

Mysterious Arrest Did Not Take Place

New York Police Have Not Yet Found Murderer of Toronto Man.

NEW YORK, Aug. 15.—The mysterious arrest reported to have been made last night in the murder case of the Toronto milliner, Wm. Grievy Martin, had not materialized at police headquarters this forenoon. The report was then amended to the effect that an arrest "in or about the city was expected hourly."

Martin was found dead in a rooming house where he had apparently been lured and robbed.

Deputy Police Commissioner Dougherty, in charge of the case, denied that any arrest had been made, or that one was in immediate prospect.

Circulars giving a description of "Mr. and Mrs. Johnson," the couple who rented the room where the body was found, not long before the murder occurred, were sent out broadcast by the police to-day.

PART OF NANAIMO ALL SMASHED UP

Matters Were Quiet Until Troops Retired and Then More Trouble.

VANCOUVER, B.C., Aug. 15.—Though matters were quiet during yesterday in the Nanaimo strike zone, towards evening there was a recurrence of the previous day's disturbances, though not on quite such an extensive scale.

The arrival of the militia had the effect of bringing the strikers to their senses, but when the regulars had left Nanaimo the crowd again got out of hand and a second scene was witnessed when a strikebreaker was sighted. His taking refuge in the police station was the means of saving his life probably.

Part of Nanaimo is in ruins. Extension is in a worse plight and many of the strikebreakers are in the hills seeking refuge. Last night between three and four hundred militia left Vancouver, the majority of the men going to the strike region while a small number proceeded to Victoria to replace regulars who are at Extension.

No definite steps have been taken towards a settlement though there are rumors to the effect that efforts are being made in that direction.

PREACH VOTES FOR WOMEN FROM THE HOUSE TOPS

City of Washington is Having a Unique Campaign This Week.

WASHINGTON, Aug. 15.—Preaching the cause of "votes for women" from the house tops, speakers for the National American Woman Suffrage association have gone back to Bible times for an inspiration for publicity.

The suffragists have launched a campaign on the roofs of the scores of apartment houses with which the national capital is dotted and women orators of national repute have been drafted into aerial squad.

In one fashionable quarter of the northwest section, the apartment buildings are so closely packed together that speakers for the "cause" have been enabled to address audiences on two and sometimes three roofs at one and the same time. The roof garden rallies are said by the crusaders to be highly successful as it is enabling them to reach unbelievers, who will not attend the street meetings.

REFUSE TO ANSWER EUGENIC QUESTIONS

Pittsburgh Couples Say They Will Marry in Other States.

PITTSBURGH, Aug. 15.—Four couples refused to answer questions required by the new eugenic marriage license law, left the court house annex in anger and declared they would be married in other states, including these, according to Walter Nevin, the clerk in charge, thirty couples have refused to answer questions concerning their physical condition.

Dr. J. F. Edwards, head of the bureau of infectious diseases and birth registrar, does not agree with the opponents of the new law.

"The day is not far off," he said, "when more stringent marriage laws will be enacted in the other states of the Union as well as Pennsylvania. The new law is a step in the right way."

TERCENTENARY OF THE PILGRIMS

Memorial Is Unveiled To-day in City of Southampton, England.

Three Hundred Years Ago the "Mayflower" Sailed for America.

SOUTHAMPTON, Aug. 15.—A memorial in celebration of the tercentenary of the departure of the Pilgrims from Southampton for America was unveiled here to-day by Walter Hines Page, the United States Ambassador. It is in the form of a column erected on the site of the pier from which they embarked.

The ceremonies opened with a luncheon in the civic pavilion, presided over by the Mayor of Southampton. Speeches were made by Sir William V. Portal, Dr. Alexander Hill, president of Hartley University College, Southampton; John Morgan Richards and Percy Alden, M.P., who is well known in the United States as a lecturer. Members of the Alden, Winslow and Brewster families also spoke briefly.

After the luncheon a procession accompanied by bands and the banners of various societies interested in the monument, formed and proceeded to the memorial by way of the west gate through which the ship's company passed to the Mayflower on August 15, 1620.

A brief religious service opened the unveiling ceremonies, and as an indication of the undenominational character of the occasion, it was conducted by the Bishop of Winchester and Rev. G. S. S. Saunders, minister of the Above Bar Congregational Chapel, Southampton.

The singing was led by the Free Church Choral Union.

Ambassador Page dedicated the monument with an oration in which he quoted James Lowell's saying that the Pilgrims were only colonists who were sent in search of God instead of gold.

After the memorial proper had been unveiled by the Ambassador, the representatives of the donors unveiled the various panels which surrounded the base of the monument.

The Winslow panel was unveiled by Miss Rachel Winslow, a member of the English branch of the family; the Alden panel was unveiled by Vernon A. Field, president of the Alden kindred of America; Mrs. Chas. Folson of Boston, Mass., unveiled the panel donated by the Colonial Dames of Massachusetts; Joseph G. Butler of Youngstown, Ohio, performed a like service for the Ohio panel; the Brewster panel was unveiled by a member of the Brewster family.

During the ceremonies, music was provided by the Borough Police band.
