

KING MANUEL WANTS NO MONEY NOT AUTHORIZED BY CORTEZ

Ex-Premier Franco Goes to Paris--King Carlos Died a Poor Man.

Liabon, Feb. 10.—The first work of the new Cabinet has produced a good impression here, as has also the text of a letter addressed by King Manuel to Premier Ferreira, as follows: "My Dear Premier,—According to article 80, of the Constitutional charter, the Cortez must at the beginning of each reign fix the amount of the King's civil list. As I desire to leave the parliament entirely at liberty in this matter, I have resolved that the royal treasury shall not make use of any resources whatsoever before they have been sanctioned by parliament."

Madrid, Feb. 10.—Ex-Premier Franco and the members of his party, who left here last evening at 8 o'clock on the southerly express, bought tickets only to the frontier. Where they are bound for is not known. Some say Paris, where this train is due to-night, but others declare that the eventual destination of the King is Germany, where he intends placing his son in a university. Franco is accompanied by his wife, son and Senator Novas, an intimate friend. The former Premier displayed great nervousness at the railroad station. He arrived there, accompanied by several policemen, and entered by a side door. While paying for the tickets for his party, his hands trembled, so that the money he held fell to the floor. These arrangements finally completed, the travellers quickly entered a sleeping car, which had been switched to a side track and which later was attached to the regular Paris train. Police men surrounded the car to keep back the curious crowd. There was no hostile demonstration. The Spanish Government detailed a detective to accompany Franco to the frontier.

On the contrary, he was firmly convinced that the policy he had nursed was the wisest one possible. "Portugal was in a state of demoralization," said the spokesman for Senator Franco, "and every excess of liberty, to-day, while bringing an apparent end of tranquillity, will in reality only add to the violent passions of the people, which latter will explode with greater violence." Senator Franco does not believe that the murders of the King and Crown Prince resulted from an elaborate political plot; they were the acts of mad men instigated by a money bribe. The best proof is found in the fact that after the assassinations when the monarchy was passing through its critical hours and the nation was without a government, no serious attempt was made to proclaim a republic.

"Senator Franco is now leaving Portugal, but he does not take this step because he is trying to forget his acts and policies, but because he desires to avoid the occasion for further political discussion which would only inflame the passions of the people." In conclusion the spokesman for the ex-Premier said he thought it probable that Senator Franco eventually would go to Switzerland.

Carlos Was a Poor Man. Lisbon, Feb. 10.—King Carlos died a poor man. His entire fortune consisted of insurance policies held by the King of Portugal as securities for advances made. After these repayments have been made it is declared there will not remain more than \$30,000 to be distributed to the heirs of the king.

Senhor Machado, leader of the Republican party, in an interview to-day, denied indignantly that there was any connection between his party and the assassinations, which the party deeply regretted. Machado explained that the republicans were an oppositional group, that their course had been perfectly legal, and that nothing was further from their minds than a propaganda of force. He said he was certain the monarchial regime in Portugal was doomed and that it would die out peacefully within a few years. There would, however, be no violence. The days of the barricade are gone forever, Machado said, and in this age ballots are mightier than bullets.

It is announced to-day that Capt. Azevedo Coutinho has been appointed Civil Governor of Lisbon. This is the first time in eighteen years that a military officer has been named to fill the post. Announced a Revolution. Paris, Feb. 10.—The Gaulois to-day declares that immediately after the assassinations of the King and the Crown Prince of Portugal on Saturday, Premier Franco rushed to the Ministry and sent a cipher telegram to the Premier of Spain. He announced a revolution in Portugal as imminent and unavoidable, and said it was bound to have a direct reaction in Spain.

He asked the Spanish Premier if he would consent to intervene in Portugal in case the lives of the King and Queen were threatened. On receipt of this message Premier Maura immediately communicated with King Alfonso and summoned a Cabinet meet for 8 o'clock the next morning. The next day there was much activity in the military centres of Spain.

SCALES WERE TAMPERED WITH. Sugar Trust Employees Charged With Fraud.

New York, Feb. 10.—On indictments charging the United States Government Ernest W. Gerbracht, chief sugar expert of the American Sugar Refining Company, and seven other members of the Sugar Trust were arrested yesterday and taken before Judge Chatfield, in the Circuit Court, Brooklyn. Gerbracht and those indicted with him pleaded not guilty and were remanded under bail. The indictment of Gerbracht is one of the results of the investigation of the February Grand Jury to learn who was responsible for the manipulation of the scales on the Williamsburg pier of the American Sugar Refining Company, by which, it is alleged, the Government has been defrauded out of thousands of dollars in the last few years.

MULE AND BUGGY.

Mother Offers 12-year-old Boy This Bribe to Kill Father.

Mobile, Ala., Feb. 10.—News received here from Bonifay, Fla., says considerable excitement prevailed in that town when the report that J. A. Strickland, residing three miles north of here, had been shot in his room while sitting by a window, by an unknown assailant. The report reached town immediately after the shooting by a son of Mr. Strickland, who came post haste for the doctor and sheriff, the latter wiring to Dufuria for bloodhounds, which arrived on the late train.

A posse was immediately organized and proceeded to Mr. Strickland's home. The dogs failed to take trail away from the house, and suspicion fell on one of Mr. Strickland's sons, a lad of about 12 years. He was brought to town about noon yesterday, and on a private examination he stated that he had shot his father at the request of his mother, who promised him that if he would kill his father she would give him a mule and buggy from the father's barn. Strickland's wounds, although serious, are not fatal.

POSTAGE ON DAILIES

REDUCED FROM FOUR CENTS TO ONE CENT A POUND.

Objections to United States Publications Does Not Apply to the Daily Press—Convenience of Settlers Along the Boundary Considered. Ottawa, Feb. 10.—The following was given out by the Post Office Department to-day: "An amendment has been made to the convention negotiated between Canada and the United States, as regards the postage on daily papers. Daily newspapers now charged four cents a pound will in future be one cent a pound. Weekly newspapers and periodicals remain the same, four cents a pound, under the treaty negotiated in May last, and which has now been in existence for some months. It has been found that all the objectionable class of matter, which owing to the difference in classification of the two countries was being sent into Canada from the United States, has entirely disappeared from the mails. It has also been ascertained that this class of matter is entirely confined to the so-called monthly or weekly periodicals, and newspapers, and that these objections do not exist, so far as the daily newspaper is concerned. It has also been found, owing to the close connection necessarily existing along the borders of the two countries, and the remoteness of many of the people from the daily press of either side, that considerable objection existed to their having to wait for the daily press of their respective countries, when owing to the contiguity of the cities of either side they were able to obtain the daily papers of the other country early in the day. It was also found that a great number of daily papers were taken for the purposes of sale on either side of the line.

"Owing to the fact that none of the objections held against the monthly and weekly periodicals and newspapers exist in the daily press, the Canadian Post Office Department, with the consent of England, agreed to the amendment."

Detective McKinney found the little girl in a frightful condition. McKinney cut the little one's frock away and saturating some cotton in oil wrapped her in it. KILLED BY SON.

FORMER KENTUCKY JUDGE SHOT IN HIS STORE.

James Hargis, a Prominent Figure in Breathitt County Feuds, Quarrelled With His Son Beach—Latter Murdered the Old Man. Jackson, Ky., Feb. 10.—Former County Judge James Hargis, for many years a member of the State Democratic Executive Committee, accused of complicity in many killings and a prominent figure in the feuds which have disrupted Breathitt county for several years, was shot and instantly killed in his general store here this afternoon by his son, Beach Hargis. The son fired five shots in rapid succession at his father, who fell dead while his clerks were waiting on customers. The exact cause of the murder has not been learned, but it is supposed to have been the result of differences which had existed between father and son for some time.

The two men are reported to have had a quarrel several nights ago, when the father, it is alleged, was compelled to resort to violence to restrain his son. Young Hargis, it is said, had been drinking heavily of late. He came into the store this afternoon apparently under the influence of liquor. Judge Hargis, it is said, spoke to his son about drinking, and a quarrel resulted. Father and son stepped behind a counter in the store, and during the next few minutes conversation, drew a revolver and fired five shots. Four took effect, Judge Hargis falling dead.

Young Hargis was placed in jail. He was raving like a maniac, and the officers were compelled to drag him to prison.

FELL TO HER DEATH.

Fatal Fire in a New York Apartment Building.

New York, Feb. 10.—One woman is dead and several persons are in the hospital suffering from injuries as the result of a fire which destroyed the five-story brick apartment building at the north-west corner of Columbus avenue and Seventieth street early to-day. The blaze is supposed to have started in the drying room of a laundry in the basement, and owing to lack of water pressure spread with such rapidity that the occupants had little opportunity to reach the street. Margaret London, 21 years old, fell from the fifth floor and was fatally injured. She had been standing on the fire escape waiting for the arrival of the firemen, when she slipped on the icy grating and fell to the pavement. She died a few moments later. Owing to the snow piled in front of the building the firemen had great difficulty in raising ladders to take down the tenants. As a result, many were overcome by smoke and cold, and were carried to the hotel across the street, where they were attended by doctors. The building was damaged to the extent of \$25,000.

LOST BARONET.

SIR GENILLE CAVE-BROWNE-CAVE BOUND FOR ENGLAND.

Had Been Cow-Punching in Western States—A Rover—Known in India and on the China Coast—Served in the Boer War. New York, Feb. 10.—Sir Genille Cave-Browne-Cave, the Englishman for whom British lawyers have been searching for over a year, turned up this morning on board the White Star line steamship Celtic, sailing for Southampton. Although he would not divulge his intentions, it is understood the traveller returns to take up the estates to which he is heir with his father, Sir Mylles Cave-Browne-Cave, died on January 22, 1907.

Although heir to one of the oldest Baronetcies in the kingdom, Sir Genille early developed nomadic tendencies, and has been roving about the world pretty much all his life. He went to India, served in the Boer war, was known on the China coast, crossed the Pacific to San Francisco, and finally drifted into the cowboy belt, and it is said took up cow-punching for a livelihood. Recently, with the idea that he was in the west, Mr. James Bryce, the British Ambassador, asked the local authorities to look for him, but searches were in vain. The Cave-Browne Baronety dates from the time of Charles I, by whom it was conferred on the family in the year 1641 for special services rendered to Mary, Queen of Scots, his grandmother, when imprisoned. Sir Mylles Cave-Browne-Cave died at the age of 84, and his widow, the mother of Sir Genille, survives him.

SENT FOR TRIAL AT OTTAWA.

Employees of Electric Railway to Face Trial for Manslaughter. Ottawa despatch: Magistrate O'Keefe to-day sent Herman Flagel, Emery Soulliere and Matthew Moran up for trial on charges of manslaughter in connection with the death of August Wank in the collision between a C. P. R. freight train and an electric car on Jan. 3rd, at the junction of Creighton and Beechwood avenues.

The magistrate considered that, while there was no criminal intent on the part of any of the three accused, on the part of at least two there was negligence. In Moran's case the magistrate was doubtful. Owing however, to the wording of the statute, he felt constrained to send Moran up for trial.

NO CHANGE IN BRITISH FLEETS.

Halifax Story Denied as Absolutely Without Foundation.

London, Feb. 10.—The Associated Press officially authorized to declare that there is absolutely no truth in the report that the British Squadron in the Pacific is to be materially increased. No changes whatever are being made or are contemplated in the China squadron, and the British Government has not the slightest intention of replacing the old Pacific fleet, which formerly had its base at Esquimaux, B. C., and which is now represented by a solitary sloop of war.

KAID MACLEAN

Arrives at Tangier After a Bondage of Seven Months.

Tangier, Feb. 10.—Kaid Sir Harry MacLean, commander of the Sultan's body guard, and next to the Sultan the most influential man in Morocco, has arrived here under an escort from the Sultan, Kasauli, who has held him under bondage for the past seven months. The capture of Kaid MacLean was carefully planned. He was sent out to meet Kasauli alone and against the advice of his companion, in order to persuade the becket chief to resume peaceful mode of life and obey the laws of the country. Later, Kasauli sent a message to the Sultan announcing the death of the commander of his body guard, and informing his Majesty that he would hold the General a prisoner until terms that he submitted to the Sultan were granted. These terms included the payment of a large indemnity and his reappointment to the Governorship of Tangier and other high offices. Subsequently the British Government took the negotiations upon its shoulders, finally succeeding in bringing Kasauli to terms.

Had Been Working Under Name of Canadian Art Union—Evidence of Secret Service Men Said to be Complete to Last Detail. Cincinnati, Ohio, Feb. 10.—Eleven officials of a Fort Erie, Ont., lottery known as the Canadian Art Union were indicted by a United States Grand Jury to-day at Richmond, Ky., after secret service men had been working on the case for weeks. The men indicted are: H. W. Armstrong, Lewis Gatto, John Kromp, James Doll, John Ellis, Loney Long, J. F. Johnson, Maurice Richmond, Charles E. The slips bearing the numbers of winners are said to have been distributed in Cincinnati, St. Louis, Pittsburg and New York. The skin of evidence presented was completed to the last detail, it is said, before it was submitted to the Grand Jury. The tickets were traced from their source to the holder, and the sales, saloonmen, and buyers are said to have been discovered and catalogued. The game from one end to the other is said to have been played by the detectives until they felt that they had a case. This was proven to-day when the jury reported.

FRANCO-CANADIAN TREATY.

Has Been Adopted by Chamber of Deputies at Paris.

Paris, Feb. 10.—The bill approving the convention between France and Canada was adopted in the Chamber of Deputies to-day by a very large majority. M. Lefas showed that Canada, by concluding with France a convention for ten years had followed a far-sighted policy which would protect her industry, but he considered that the French boot and shoe industry, which was of great importance, would be seriously affected by the new convention. M. Klotz, speaking for the Customs Commission, said the convention safeguarded France's absolute liberty in the future. The Chamber might ratify it without any conditions. M. Siegfried said the convention was sufficiently advantageous to French commerce and industry. (Cheers.)
