

BISHOPSCOTE FOR \$5,210. Mr. W. T. Whitehead the Purchaser for a Friend

After Keen Contest---Some Participants.

Bishopscote, formerly the residence of Bishop Medley, the late Metropoli-tan of Canada, and later occupied by Mrs. Medley, was sold at Public Auction today at noon in front of the Court House. Under the will of the the property should be sold on the death of Mrs. Medley and that the mount received should be equally divided between the three sons of the late Metropolitan it wos provided in Eng-ind. name he declines to dívulge. The first bid by J. J. Fraser Wins-low was \$\$5,500. Ald. Randolph, said to be bidding for Mrs. A. F. Randolph, stayed in the bidding until the figures were boosted to about \$4,000. Then Mr. Clark and Mr. George Hazen were left to go to the limit of one man. By jumps of \$5, \$10, \$25 and as high as \$100 these gentleman raised the price to \$5,000. Then it came to \$5,100 and his bid of \$5,200 was Mr. Hazen's last bid and Mr. Clarke's bid of \$5,210 took the place.

Ald. Stockford was the auctioneer, while Mr. T. Carleton Allen, trustee of the estate, was present in his official

of the estate, was present in his official capacity. A large body of influential citizens gathered for the sale and some lively bidding was expected and on account of the history connected with the place and its beawtiful situation a fancy price was expected to be paid for the place. The realization came when the property was finally bid in by Contractor Harry Clarke. The last bid was \$5,210 and the new owner is place. Among those present at the sale were:-Sheriff Sterling, F. B. Edge-combe, A. B. Kitchen, J. Hugh Calder, L. W. Johnston, J. J. McCaffrey, George Y. Dibblee, W. T. Whitehead, M. P. P., Ex-Ald. Clark, Ex-Ald. Slipp and many others. Mr. Whitehead intends to occupy Bishopscote until his new home on Waterloo Row is completed.

FREDERICTON BILLS.

\$20,000 For Water Extension-To Bond Floating Debt-Assessment.

The Municipalities Committee had everal bills under consideration this corning, among other Fredericton

several bills under consideration this morning, among other Fredericton bills. A bill relating to the town of Camp-bellton came up. The committee cri-ticised the way in which this bill was drawn. It comprised 7 sections, each reading something like this : Sec. 52 of Act 51st Vic, Cap. 81, is hereby amend-ed by striking out the words after the word "elsewhere" on the sixteenth line thereof, and adding after the word "town" on the seventieth line the word "quarterly," The commit-tee were of the opinion that a bill drawn in such manner should not be received in fulure. When previous acts are to be amended the section should be quoted, the proposed amend-ment stated, and the section as amend-ed quoted in full. The committee will make a recommendation to the House on this matter. Fredericton Gets Legislation Asked

Fredericton Gets Legislation Asked For.

For, The Fredericton bill extending the water, fire and light limits on Water-loo Row from Lansdowne street to the Gregory bridge, and back to in-clude Aberdeen street to Odell Avenue was agreed to; and authority is granted the City Council to issue de-bentures to the amount of \$20,000 for the purposes of carrying out such ex-tension.

Dr. Hersey Says It Is Not Dangerously Impure-Filtration Scheme-Artesian Wells.

CITY WATER SUPPLY.

The Water Committee and the Board of Health held their joint meeting last evening at the City Hall. The in public were not admitted to the meeting. The Board of Health was represented by Dr. Weaver, chairman, J. F. McMurray, Havelock Coy, John M. Wiley, Inspector Phillips and Sec-cetary Beckwith, while the full Water Committee, Alds. Barbour, Randolph and McKenzie were also present. Chairman Weaver of the Board of Health presented a letter from Dr. Hersey the eminent bacteriologist of Montreal.

This letter was placed before the Water Committee and the alder-men toid of the efforts that are being put forth by the council to get a better water supply. The matter of arranging for obtaining water by the artesian well system was explain-ed to the Board of Health and gener-ally discussed. A resolution was introduced by Ald. Randolph to the effect that it was the opinion of the meeting that it should be recommended to the water users that all water for drinking purposes should be boiled before using until some definite improvement takes place. The motion was seconded by Mr. McMur-ray and passed unanimously. The matter of installing a mechani-cal filter as recommended in the in-augural address of Mayor McNally was also discussed. It was the feeling of the meeting that, if the artesian pro-cess was not satisfactory in every re-spect, the mechanical filter arrange-ment would probably be adopted. Heresy the eminent bacteriologies of Montreal. The letter explained that it was im-possible to go into details in reference to the water supply of Fredericton owing to the fact that Dr. Hersey had not been here himself to take the sam-ples for analysis. On the whole, how-ever, the letter confirmed the report of Dr. Mason of New York, being to the effect that although the water was not good it could not be termed as be-ing excelly dangerous.

SCHOOL OF MUSKETRY ST. JOHN NIGHT MAIL.

Recent Developments Lead to Bellef That A Desirable Change at Last Secured in One Will be Established Here.

exactly dans

the Postal Arrangements. The Postal Arrangements. Notice was posted at the Post Office this morning to the effect that the mail for St. John and other points east which has heretofore closed at 145 p. m. will, commencing on Mon-day next, close at S.15 p. m. This mail has been sent out on the train leaving here at 5.50 o'clock and been held at Fredericton Junction for some three hours. Under the new arrangement the mail will be de-spatched on the 9 o'clock express which connects with the Boston train to St. John. Official notice has been received by Lt. Col. Wadmore, commanding No. 4 Military Depot, to the effect that Sgts. Dyment and Dillon, Musketry Instruc-tors, will arrive here from Ottowa on Wonday.

Monday. This gives rise to the belief that a School of Mukketry is to be established here although it may be that the in-structors come here for the purpose of assisting the recruits, who will go to Halifax to attain the proper stage of proficiency.

connects with the boston allocated for John. This change has been advocated for a number of years. It was recently pressed with some force, however, and it is one of the most desirable changes in departmental arrangements brought about within the last two or three months. WILL LET CONTRACT. Market Committee to Call For Tenders for

New Post Office Box.

Christies Biscuits

Royal Palace Tea

The Market Committee held a meet-ing yesterday afternoon. The meet-ing was held in private and the public were excluded. The mat-PERSONAL. tension. The section of the bill prohibiting holding any raft of lumber, timber or wood within 300 feet of the shore for a distance of 2000 feet above the upper side of Smythe street and closing the Smythe street landing was oposed by J. H. Barry on behalf of certain citi-zens and Secretary-Treasurer Bliss on behalf of the Municipality. Mr. Barry reiterated his objections urged when the bill was previously before the com-mittee, and Mr. Bliss said that the Smythe street landing is used very extensively by people who bring lumber, logs, wood and produce down the river. They had enjoyed the privileges of that landing place for many years, and should not now be deprived of it. If the Municipal Council had had any idea at its session in Jacuary that such legislation was proposed by the City Council there would undoubtedly have been a strong resolution against it. Regarding the suggested danger of contamination of the water supply by rafts being tied up above the water intake Mr. Bliss pointed out that typhoid fever is prevalent in the months from Decem-ber to April, and there is practically no fever during the summer months when rafts are coming down the river. The objection regarding public health is not well founded, and this bill will work great hardships upon the many upriver people and business men of the city who use this holding ground and landing. Mr. Barry took the ground that the last proposed. He also contended that the city already has power under present leave to make and enforce by laws governing the use of the river front. To taking away the rights to hold rafts above the Smythe street landing will practically de-stroy the value of the West End mill site. He had a letter from Senator Thompson that he in-tended rebuilding that mill in the sprips, but he certainly would not do so fi the right to hold rafts above the intake are taken away. Mayor McNally made a strong ap-peal for the enactment of the bill, bas-ing his appeal wholly upon the b

public were excluded. The mat-ter of erecting a building at the council had given the committee power to go ahead with the erection of a suitable building, providing the cost did not exceed \$300, Yesterday the committee considered whether the building should be erected by day's work or by contract. It was decided to call for tenders for the work and to have it done under contract. Miss Katie Sturgeon of Cambridge, Mass., is visiting her parents, Mr. and Mrs. Jas. Sturgeon, University Avenue, Mr. Allan J. Wheeler of Newcastle, is spending a few days in the city, a guest at the Queen Hotel. Solicitor General Jones and J. C. Hartley left for Woodstock last even-ing.

Their \$300 Building.

Joy to the World.

As there seems to be a demand for the sacred selection, Joy to the World, the Fredericton Brass Band has decided to repeat it at their con-cert. It is by far the most popular piece of music ever playedhere, and aly though other newer and more difficult selections have been prepared the band has yielded to the wishes of friends and will include it in their programme for Easter Monday.

Easter Season Coming

Easter Season Coming. On Thursday April 25th, the congre-gation of St. Anthony's church are going to entertain their friends in their hall at St. Marys. "Arrange-ments so far made include a supper in the early evening; this to be followed by games of various kinds, and the whole to end in a hop for those who so desire. A letter box has been placed at the corner of York and Queen streets by the Post Office Department.

Will Start Sawing

Smith Bros, mill at Centre Bliss-ville, Sunbury county, will commence sawing very soon. Newton Jarvia and Wm. Finnamore have returned from Blissville where they had been erect-ing a brick and stone boiler house which the fire underwriters had order-ed.

Robbed the Baby.

Proprietor Richards of the Empire House has reported to Patrolman King that a robe valued at \$2.75 was stolen from a baby carriage at the hotel door last evening.

regards the vest shad min site there is a large mill pond above the mill and below the water intake, which should be sufficient for holding such logs as the mill requires. The committee considerd the bill in private and agreed to it almost unani-rough.

The bill to authorize the city of Fredericton to issue debentures for \$20,000 to pay off its floating indebted, ness, the same to be paid off \$1,000each year, was unanimously carried.

An Assessment Commission.

Artley left for Woodstock last even-ing. Ex-Mayor Harry Beckwith has re-turned to Boston. Mrs. M. McGinn has arrived home from Hculton, having been called here by the critical illness of her son, Mr. William McGinn. She was accom-panied by her daughter, Mrs. P. Mc-Quade, and they are guests at Mr. Hugh McGinn's Brunswick street. Mr. Vd. G. Grace is rapidly recover-ing from his serious illness. Mr. Ed. Burden is in a critical con-dition. His father, a guard, at Dor-chester penitentiary, has been sent for. Mr. O. S. Orocket, M. P., arrived home today from Ottawa. He will re-turn on Monday evening. The condition of Mr. William Mc-Ginn, who is critically ill at his home on Brunswick street with pneumonia, shows no improvement today. Dr. W. C. Orocket-leaves this even-ing for New York. He will be absent for ahout two weeks and will visit the hospitals there. An Assessment Commission. The Fredericton bill to authorize the Gity Council to appoint a commission of three to inquire into assessment law was unanimously carried. The pro-posed annuity of \$300 to ex-City Clerk Beckwith was unanimously agreed to, and at the suggestion of chairman Allen the payment of such annuity was made compulsory upon the Coun-cit, and not left optional as proposed in the bill. The grants of \$1000 to the Agricul-tural Society for 1905 and 1900 were unoposed and agreed to. The provision of the bill giving the Give Council authority to instal a sewerage system, without first taking a plebiscite of the ratepayers was unanimously agreed to. There was no opposition to this and some members of the committee expressed the opinion that Fredericton should be given every assistance and encouragement at the arliest possible moment. Jos. R. Long's Bridge.

Jos. R. Long's Bridge.

Jos. R. Long's Bridge. In the Law Committee this morning the bill to authorize Joseph R. Long to build a foot bridge over the St. John at Clair stands over. It appears that this bridge is already built and that Mr. Long has obtained the authority of the Maine Legislature. The Premier and the Attorney General were both of the opinion that the Legislature of this Province had no authority to pass the bill in its present shape. If Mr. Long obtained the con-sent of the Government at Ottawa to build his bridge the Legislature might give him authority to collect tolls. Received at Logan's grocery today in fig bar, pineapple wafers, graham wafers, assorted drops, chocolate dips, marsmallows, cocoanut fingers, rice cake, milk lunch and waferrolls. The last named is a delicious biscuit just put on the market for the first time.—a Ever increasing sales go to show the popularity of Royal Palace teas. Guaranteed for purity, strength and flavor, 40cts. per Ib. in 1 ib and § Ib. lead packets at G. T. Whelpley's.—a.
