Fredericton May Send \$1,000 To Campbellton Sufferers

City Clerk Reports From Campbellton That Financial Assistance Most Urgently Needed—Mayor Thomas Has Called Aldermen Together—Fund For Private Contributions for Relief work Has Been Opened at City Treasurer's Office—Citizens Indignant Over Tardiness of Aldermen in Acting

Campbellton, N. B., July 14 (10.30 a. m.)

Mayor Thomas, Fredericton, N. B., Have just attended a meeting of Relief Committee and am asked to say that ample food supplies have been received to provide for present demands, but that daily financial requirements are increasing and committee would prefer cash contribution rather than other supplies. Two relief stations have been established and competent men placed in charge. Will return tomorrow.

J. W. McCREADY, City Clerk.

The above telegram was received this morning by Mayor Thomas and the report which has been made to the City Council by City Clerk McCreedy, who was despatched to Campbellton last evening by I. C. R. with the first contributions from this city for the fire sufferers.

Special Meeting Today.

Mayor Thomas immediately called a special informal meeting of the aldermen at his office at City Hall at 4 o'clock this afternoon to take some action on the report of the City Clerk.

Mayor Thomas anticipates that the City Council will make a cash contribution of \$1,000 to the fire sufferers at Campbellton.

His Worship had all arrangements made to send about \$1,000 worth of supplies to Campbellton on the evening of July 12th, when his plans were frustrated by the action of several of the aldermen.

Yesterday Mayor Thomas and several aldermen were favorable to sending a car load of provisions to Campbellton, when they would still have been very acceptable, but once more the opposition led by Ald. Clark and Ald. VanWart resulted in only three hundred loaves of bread, 50 boxes of biscuits and 5 boxes of cheese being sent in charge of the City Clerk. The tardiness has been the cause for much indignation on the part of the citizens generally.

Contribution Fund Opened.

This morning Mayor Thomas also arranged for the opening of a fund for contributions for the Campbellton sufferers at the office of the City Treasurer, where private contributions will be received and duly forwarded to the Relief Committee.

In addition there is also a headquarters for private contributions of supplies and clothing, etc., at the store of John J. Weddall & Son, which is recognized as the official headquarters.

This evening a quantity of supplies will be forwarded from here to Campbellton by I. C. R. The list will include private contributions, one of the largest being seven mattresses, 25 blankets and 14 pillows which have been sent in by Mr. W. J. Scott, of the Scott Lumber Company.

Eye Witnesses Tell of Fire.

Commercial travellers who have arrived from Campbellton state that furniture, etc., from many of the

houses were removed before the flames reached the structures and placed in the street, but lack of teams to move the stuff caused it to be all lost.

One commercial traveller who was at the Barker House last evening stated that some commercial men who had their trunks in the Mint Hotel sample rooms, gladly paid \$10 to have one load of the trunks hauled to the wharves where they were placed aboard steamers.

The horses and cattle were turned into the water to escape the fury of the flames and some were turned loose in the fields and woods at the back of the town.

Many of the merchants saved their books of account and some of them moved their safes out into the streets, where they were unharmed by the intense heat, while other safes were allowed to remain in the stores and practically all withstood the test.

VICTORIA HOSPITAL.

Mayor Thomas Calls Meeting of Citizens to Consider Matter of Building Much Needed Addition to Institution.

The movement which has been underway for some time for the building of an addition at Victoria Hospital has at last taken definite form and this morning Mayor Thomas announced that a meeting of the citizens, both ladies and gentlemen, had been called for the City Council Chamber, City Hall, on Monday evening next, to take up matters in connection with the hospital.

Mayor Thomas in his statement said: "The Mayor requests all citizens, ladies and gentlemen, who are interested in Victoria Hospital to meet on Monday evening the 18th inst., at 8 p. m., at the Council Chamber, City Hall, to take into consideration matters of very great importance in connection with that institution. He asks that the citizens give this matter their earnest consideration and that there will be a large and representative gathering."
