

**WHAT IT COSTS TO BOMBARD A CITY.**

That war is an expensive occupation, the British Government and People are beginning to understand by means of augmented taxes, and the opening of the fire of the Allies suggests a calculation as to the cost of the iron balls which have been thrown into Sebastopol by the five hundred cannon which have vomited them into what Gortschakoff called "an infernal fire." The accounts by the *Asia* represent, that each of those guns fired one hundred and twenty rounds a day, which gives a total for the five hundred of sixty thousand rounds. This fire had been continued for thirteen days, making an aggregate of seven hundred and eighty thousand missiles rained upon the city.

The weight of the shot fired from the guns of the Allies varies probably from nineteen to one hundred and forty pounds, and of the shells from fifteen to one hundred and ten pounds—and forty-five pounds would probably be a low estimate for an average. This would give a daily delivery of iron to the Russians, amounting to two million seven hundred thousand pounds, and a total for the thirteen days of thirty-five million one hundred thousand pounds—the prime cost of which, in the rough, at the average price of pig iron in England for the last year, was not less than three hundred and thirteen thousand three hundred and eighty dollars. This is, of course, without any regard to the enormous cost of transportation to the Crimea.

If the cannon balls fired from the Allied lines, during the thirteen days, were rolled into rail bars, weighing sixty pounds to the yard, the bars would extend three hundred and thirty-two miles; or if laid as a railroad, would suffice for a single track road from New York to Albany, with all the necessary turn-outs.

The charge of powder for each gun would probably average about six pounds, which would show an expenditure for the thirteen days of four millions six hundred and eighty thousand pounds of powder. Such powder is worth here eighteen cents, at which price the powder cost seven hundred and two thousand dollars.

**RING ON THE FOURTH FINGER.**—The idea of wearing rings on the fourth finger of the left hand, because of a supposed artery there which went to the heart, was carried so far that, according to Levinus Lemnius, this finger was called *Medicus*; and the old physicians would stir up their medicaments and potions with it, because no venom could stick upon the very outmost part of it but it will offend a man and communicate itself to the heart. It is said by Swinburn and others that, therefore, it became the wedding-finger. The priesthood kept up this idea by still keeping it as the wedding-finger; but it was got at, through the use of the "Trinity," for in the ancient ritual of English marriages, the ring was placed by the husband on the top of the thumb of the left hand, with the words, "In the name of the father;" he then removed it to the forefinger saying, "In the name of the Son;" then to the middle finger, adding "And of the Holy Ghost;" finally, he left it as now, on the fourth finger, with the closing word "Amen."

**A QUESTION WELL PUT.**—A valuable friend and a valuable farmer, about the time that the temperance reform was beginning to exert a healthful influence in the country, said to his hired man:—

"Jonathan, I did not think to mention to you, that I think of trying to do my work this year without rum. How much more must I give you?"

"Oh!" said Jonathan, "I don't care much about it; you may give me what you please."

"Well," said the farmer, "I will give you a sheep in the fall, if you will do without."

"Agreed," said Jonathan.

The oldest son then said, "Father, will you give me a sheep in the fall, if I will do without?"

"Yes, Marshall, you shall have a sheep, if you will do without."

The youngest son then said—"Father, will you give me a sheep, if I will do without drinking rum?"

"Yes, Chandler, you shall have a sheep, if you will do without."

Presently Chandler spoke again—

"Father, hadn't you better take a sheep too?"

This was a poser, he hardly thought that he could give up; but the result was, the evil was banished from the premises, to the great joy and ultimate happiness of all concerned.

**HOLLOWAY'S OINTMENT.**

EXTRAORDINARY CURE OF ASTHMA!!  
OF AN OLD LADY SEVENTY FIVE YEARS OF AGE.

Copy of a Letter from Mr. Thomas Weston, (Book Store,) Toronto, dated the 9th October, 1854.  
To Professor Holloway.  
Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with asthma and spitting of blood; it was quite agony to see her suffer and hear her cough; I have often declared, that I would give all I possessed to have her cured; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her; at all events I resolved to give them a trial, which I did; the result was marvellous: by slow degrees, my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy-five years old. I remain, Sir,  
Your obliged,  
THOMAS WESTON.

(Signed) THOMAS WESTON.  
REMARKABLE CURE OF DROPSY.  
AFTER BEING TAPPED THREE TIMES.

Copy of a Letter from Anthony Smith, Esq Halifax, Nova Scotia, dated the 25th August, 1854 To Professor Holloway.  
Sir,—I desire to add my testimony to the value of your Pills, in cases of dropsy. For nine months I suffered the greatest torture with this distressing complaint; was tapped three times, and finally given up by the doctors; having become in appearance as a skeleton, and with no more strength in me than a child just born. It was then, that I thought of trying your Pills, and immediately sent for a quantity, and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured. I have since enjoyed the best of health. I am, Sir,  
Yours sincerely  
ANTHONY SMITH.

(Signed) ANTHONY SMITH.  
ASTONISHING CURE OF GENERAL DEBILITY AND LIVER COMPLAINT!!

Copy of a Letter from William Reeves, of Charlottetown, Prince Edward Island, dated 17th Nov. 1854.  
To Professor Holloway.  
Sir,—I am happy to say, that your Pills have restored me to health after suffering for nine years from the most intense general debility and languor, my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks I was cured, after every other means failed to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.  
I remain, Sir, your humble servant,  
(Signed) WILLIAM REEVES.

These celebrated Pills are wonderfully efficacious in the following complaints.  
Ague Dropsy Inflammation  
Asthma Dysentery Jaundice
