

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

BECAUSE THEY FIND SATISFACTION HERE

Many of the most particular families in Newcastle buy their meats and groceries regularly at this store. To satisfy our customers in every respect is our first consideration. And we do satisfy them by selling them the best and freshest Groceries, Meats, Vegetables and Fruits; by charging fair prices, and by according every customer fair and courteous treatment.

We would like you to become one of our satisfied customers. In this store you will find a carefully selected stock of groceries, fresh meats in variety, and the season's range of vegetables and fruits.

You can telephone your order. Our delivery system insures prompt service.

Empire Day Fittingly Observed

Good Programmes in all the Public Schools

At Harkins Academy on Empire Day, \$20.95 was contributed by the pupils, for the Overseas Comforts Club.

- The pupils of Miss Dunnett's department, Grade V, carried out the following program:
- 1 God Save the King
 - 2 Exercise—Why do we observe Empire Day—Class
 - 3 Chorus—Red, White and Blue—School
 - 4 Recitation—The Union Jack—Viola, Dutcher
 - 5 "Musical Song"—Eight pupils
 - 6 Reading—The Flag—Hazel Johnson
 - 7 Chorus—O Canada—Class
 - 8 Recitation—"It's only a small bit of bunting" by Edith Russell, Aletha Dutcher, Luella Maltby
 - 9 Chorus—Good Luck to the Boy's of the Allies—Class
 - 10 Concert Recitation—Love of Country—Class
 - 11 Flag Salute and God Save the King

All other departments of Harkins Academy had Patriotic programmes also. The program in Douglastown Superior School, Thursday afternoon was as follows:

Saluting the Flag—School
Review of the British Empire, the causes of the present war, etc.
Chorus—Oh Canada
Recitation—The Old Flag—Pearl Sleeth
Recitation—Our Flag—Mary Sullivan
Song—Take me back to Canada—Helen Sullivan
Chorus—Keep the Home Fires Burning
Recitation—Just as the Sun went Down—Edith Gullivat
Recitation—Children of the Empire—Celia Lee
Recitation—Cheering Others on—Cameron Jessamin
Song—I want to kiss daddy Good Night—Norra Taylor
Recitation—The Little Boy Scout—Angus Firth
Chorus—Good luck to the Boys of the Allies
Chorus—The Red, White and Blue God Save the King
There were a number of visitors present.

A good program was carried out in Nordin and many other schools present.

RAISING CROPS ON RAILWAY PROPERTY

Canadian Government Railways Urging Employees to Cultivate on Right of Way.

Employees of the Canadian Government Railways located conveniently near sections of the "Right of Way" where the soil is suitable for cultivation, are being urged to apply for such land as they can cultivate, and do their utmost to boost along the "Greater Production Movement."

In places where it is not feasible for employees to utilize arable land along the "Right of Way," the owners of property adjoining are urged to make proper use of it, now for the purpose of raising such crops as will materially add to the food supply.

The question of food is vital and pre-eminent. Next to munitions, the Allied countries need food. Every grain in the way of food that can be grown is an important contribution to the Empire's needs. Whatever is raised for home consumption releases as much more for export. If our people generally raise their own potatoes and garden truck, the farmers will raise more oats and grain and buckwheat. On comparatively small patches of land enough can be grown to feed several people, and if many individuals make even what might be considered a humble effort, the total result will be of vast importance.

In many sections there is excellent land along the right of way. It has been the practice in some localities for station agents and section men to utilize strips convenient to their neighborhood for garden patches, and for growing oats, hay and buckwheat or potatoes. Last year there was considerable gardening, but when the total average of land available is considered, the agricultural attempts were really insignificant. It is felt that many miles of this land could be brought under cultivation, and the railway is showing its earnestness in the matter by offering the use of whatever land is available along the right of way.

Applications for railway land can be made to the Superintendent of the District Preference will be given first to employees and then to the property owners adjoining in cases where the right of way is through uncultivated land, any person who will guarantee a bona fide intention of raising crops may make application.

All enquiries regarding land permits addressed to the Railway will be promptly answered and the fullest information given.

Every Barrel, Just Like Every Other Barrel

One reason why the Pies and Cake, Bread and Rolls always turn out right when you use **BEAVER FLOUR** is because the flour is always the same. It is milled from blended wheat, Ontario fall wheat, strengthened with western spring wheat. Being blended in exact proportions, Beaver Flour is always the same in strength and quality; and always gives the same results, no matter what or when you bake.

It will be a change for the better when you change from western wheat flour to Beaver Flour, milled from blended wheat.

THE SAFEST MATCHES IN THE WORLD also THE CHEAPEST are **EDDYS** "Silent 500's"

SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.

CHEAPEST because there are more perfect matches to the sized box than any other box on the market.

War Time economy and your own good sense, will urge the necessity of buying none but EDDY'S MATCHES.

BUSINESS MEN

Are just as anxious to discover and employ well trained and talented help as young people are to secure good positions.

No better time for beginning preparation than just now. Rates and full information mailed to any address.

Send a Dominion Express Money Order. Five Dollars costs three cents.

A Quick Relief for Headache

A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Mother Seigel's Syrup will correct faulty digestion and afford relief.

MINARD'S LINIMENT

"KING OF PAIN"
Extract from a letter of a Canadian soldier in France.
To Mrs. R. D. BAMBRICK:
The Rectory, Yarmouth, N.S.
Dear Mother—
I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me.
Have you any patriotic druggists that would give something for a gift-overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment.
Your affectionate son,
Rob.
Manufactured by the Minard's Liniment Co. Ltd. Yarmouth, N.S.

Basic Facts About Belting

AND PARTICULARLY **Dunlop "Gibraltar RedSpecial" Frictioned-Surface Transmission Belting**

A Worthy Product
Years of careful study of the high-power belt problem have enabled Dunlop Laboratory experts to create "Gibraltar RedSpecial" Belting, the original Red Face Rubber Belting of Canada—a product worthy of the Dunlop factories and of the quarter-century record of success back of them.

"Gibraltar RedSpecial" Virtues Are Real
Dunlop "Gibraltar RedSpecial" Belting is to-day widely used in a multitude of ways in the many varied industries in this country. It owes its success, not to any illogical deductions or fantastic analyses, but to the simplest causes—causes so simple that they are now, always have been, and always will be, in our opinion, the bedrock of success in belt-making—Power, Speed, Service—in actual use as well as in the test-room.

Permanent Elasticity Means "Life" in Belting
In producing this new, this original, this master, red belt, our object has been to have the friction cost of rubber between the plies such as will retain its life indefinitely, and to have a quality of rubber with long "fingers," and not a quality of rubber the elasticity of which has been sacrificed to obtain the so-called high-pulling test.

That "Friction Pull"
When you are informed that such-and-such a belt has a "friction-pull" of abnormal poundage, do not imagine that you are getting a quality friction. What you have to secure in a belt is a friction full of elasticity. There must be between the plies of duck only a certain class of rubber to give uniform strength and pliability.

Resilient Quality Must Not Be Sacrificed To Excess of Friction Strength
To obtain high figures, such as referred to above, in belt frictions you have to take away from the elasticity of the friction; hence, there is a happy medium, and this medium we have obtained through our laboratory experts. It ensures for you a belt, the friction of which will hold the plies together and will be sufficiently elastic in its properties to allow for the give and take necessary in rounding the pulleys.

Duck Finest Obtainable, Made to Highest Specifications
A highly important feature of "Gibraltar RedSpecial" is the duck which enters into its construction. Only the finest quality of specially-selected duck, having the proper tensile strength in the right direction, is used. And this, in combination with a superior rubber friction between the plies, ensures absolute uniformity of service.

Universal Recognition of "Gibraltar RedSpecial"
To cite the names of users of this famous, red frictioned-surface belt would necessitate the use of much space. We have on file recommendations from almost every type of industry requiring "Gibraltar RedSpecial" Belting in widths varying from 1 1/2" to 48". These testimonials are available for your perusal at any time.

Fills The Bill
"Gibraltar RedSpecial" Belting is to be found in practically every industry in Canada, and if it is Power, Speed and Service that you want, then it is "Gibraltar RedSpecial" Frictioned-Surface Belting that you require for your work.
