MAYER'S CLOTHING STORE EDMONTON

EDMONTON NEWS

LOCAL.

Mr. Justice Harvey granted non-suit in the case of Diet vs. C.N.R., an action for damages for the death of Richard Dinwiddie in 1906.

Count Von Hammerstein left Friday for the north with a party of men. He will continue his work prospecting for oil at Fort McMurray and at Lesser Slave Lake during the summer.

The McCon's sewer pipe being secured by the Edmonton Standard Plumbing and Heating Co. to replace the pipe which the city refused to accept, is now on the way here from Cincinnati, and there will be no delay in the sewer work.

A meeting of Norwood residents will likely be called next week to discuss the proposed hay market site on Queen's Avenue. The Norwood people are very desirous of securing the market and may fight the bylaw for the purchase of the Queen's Avenue property.

Chas. J. Scarth has taken out a permit for a \$2,700 residence in the Great estate on St. James street, between Jasper and Athabasca. H. N. Lane has also taken out a permit for a \$2,200 residence in the same locality.

Both houses will be built by McSparran & Co. A. M. Calderon is architect for the first and Barnes & Gibbs for the second.

The marriage took place at the Royal Temperance hotel at 10 o'clock Wednesday, of Norman Allen Field, of Edmonton, son of John Fielders, of Poplar Lake, to Miss Mary Yohanna Neilson, daughter of Mr. and Mrs. Carl Neilson, of Bon Accord. The ceremony was performed by Rev. A. S. Tuttle, pastor of Grace Methodist church. The young couple will reside in Edmonton.

Considerable excitement was created on Jasper avenue and McDougall avenue south yesterday afternoon by a spectacular runaway. A team of horses, owned by Jos. Hehsdorfer, took flight before the store, and dashed down the street. Turning south on McDougall, they continued their headlong pace down the hill and across the bridge to the stables on the southern side of the river. Miraculously, the horses, which had heavy delivery wagons attached, did not collide with any vehicles on their way career.

A recent issue of the Nelson, B.C. News states that the Canadian marble works of that city, of which the managing director is Sam J. Gorman, of the firm of Gorman, Canoe and Grindley, Edmonton, have received an order for all the marble to be used in the construction of the new Great West life insurance building on Lombard street, opposite the Grain exchange at Winnipeg. The contract is a large one the total amount of marble which will be required being over 300 car loads. The whole of the exterior of the building will thus be of Kootenay marble. The building is to be completed by November 1st of this year. Mr. Gorman says that this is the first large order obtained for Kootenay marble as far east as the prairie capital.

A MYSTERIOUS ALARM.
At a quarter to ten Thursday a message, rung in by means of No. 29 on the fire bells, was sent in to the fire halls. The informant, who was heard by the three halls, stated that there was a fire between Second and Third streets on the brow of the hill just south of Revillon's warehouse, and that the flames were then breaking out through the roof. A fast run was made by Nos. 1 and 2 halls, but no fire could be found. The chief then rang up central and was told that the call which automatically registered came in from the rooms of the janitor of the new Windsor block. Inquiry was then made of the janitor, but he absolutely denied all knowledge of who rang in the call from his 'phone. No further light could be secured on the mystery and the call was marked down to false alarm and no explanation given. It is thought that some mischievous person sent in the call while the janitor was absent from the room.

away from a railway. He had not held it very long before a railway was built through that country and a townsite laid out on the quarter section adjoining his. This enabled him to sell out at a big profit. He does not, however, depend wholly on his luck and the present time is hard at work brushing and breaking his farm and getting it under cultivation.

WILL G.P.R. TIME TABLE CHANGE
Some time ago an announcement was made by District Passenger Agent J. E. Proctor, of Calgary, that the summer time table of the C. P. R. would go into effect in the C. & E. on June 1st, but that the only material change would be that the train for the south now leaving Strathcona at four in the afternoon would leave at three instead. Since then no further news of the change has been received. The local C. P. R. ticket office is a complete ignorance of any change and the station agent at Strathcona while anticipating a change on June 1st is not in a position to make any announcement at the present time.

THREE YEARS FOR FORGERY
John Hershberger, a laborer from Pembina, was on Saturday sentenced to three years imprisonment in the Alberta Penitentiary for forgery by His Lordship Mr. Justice Harvey. Hershberger is a laborer, twenty-eight years of age, who was working for E. C. Pettijohn on the G.T.P. grade west of the Pembina river. Early in May he forged Pettijohn's name to two cheques for \$50.10 and \$40.23 and cashed them. He was arrested and at the Supreme Court Thursday pleaded guilty to both charges. He explained that his sister in Iowa was dying and that he wanted the money to go and see her. Sentence was deferred until his statements were investigated. It was found that he was planning to go to the Pacific Coast and not to Iowa as he had stated, and a consequence he was sentenced this morning to three years imprisonment in the penitentiary to ridery.

THINKS HE IS BEING DRUGGED.
A man named Oliver G. Allen, a Dakota farmer, who arrived Saturday afternoon from Calgary, came to the police station last night and asked protection, claiming that he was pursued by some clerk in the employ of Stillwell & Co., London, and is alleged to have eloped with Mrs. Jennings, wife of the nephew of Mr. Stillwell, and to have taken \$50,000 of the firm's money. Detective Roberts of Scotland Yard force, London, has been in Winnipeg looking for the man and is now en route to this city.

COURT CASES.
An action involving \$7.37 was concluded at the district court Thursday before His Honor Judge Winters after having occupied a whole day at the trial. J. J. Barnes brought an action against the Clover Bar Coal Co. for this amount. He claimed that the company had contracted to haul coal, to be paid at the rate of 40 cubic feet to the ton. The defendant's company claimed on the other hand that the plaintiff was to be paid pro rata according to the amount taken. The difference in price between the weight and the measure amounted to \$7.37, which the plaintiff sued for. After hearing a great deal of evidence in the case and listening to the lengthy arguments of the counsel on both sides, the judge dismissed the action holding that payment should be made on the basis of weight. W. B. Eager appeared for the plaintiff and H. H. Robinson for the defence.

The appeals of two residents of Edmonton, L. L. Pearce and U. S. Bolster, against the judgment of the Police Magistrate Cowan in the city police court, holding them liable for real estate licenses will come up for hearing at the District Court before Judge Winters on Saturday, May 29th.

The case of P. Chavre vs. the Clover Bar Coal Company was decided in favor of the defendants. This action was similar to that of J. J. Barnes vs. the Clover Bar Coal Co. The jury empanelled to try the action of Agnes Mason against Mrs. W. J. Webster for \$2,000 damages for slander, after being out for over two hours could not agree on a verdict. They were accordingly dismissed. The counsel for the plaintiff and defence will argue the case before His Lordship Mr. Justice Harvey this afternoon and it is probable that a new trial will be ordered. The jury was composed of Henry Miller, Edward Looby, F. A. Aylwin, Robt. Andrews, Elijah Dixon and D. Atkinson.

The plaintiff, Agnes Mason, is a 13 year-old girl who was employed as a domestic in the home of Mrs. Webster, Eighteenth street. After remaining there for a time she went to work for Mrs. Campbell. It is alleged that Mrs. Webster made slanderous statements about the plaintiff to the effect that she had missed several articles and believed that Agnes Mason had taken them. As a result of these statements the plaintiff claims that she was discharged from her position and suffered in consequence. She accordingly brought suit for \$2,000 damages. As the jury could not agree on a verdict it is possible that there will be a new trial. C. F. Newell conducted the case for the plaintiff and D. M. Biggar appeared for the defence.

At the District court today the case of **MARL FOUND AT SION.** Adam Bennett, a resident of the S. N. Eastrick, has struck a lot of trouble a pretty good proposition on his quarter section some fifty miles north-west of Edmonton. While digging a well a couple of weeks ago he struck a seam of Marl twenty-one feet in thickness. He has sent samples of it to Montreal to be tested and if it assays as good as it looks Mr. Bennett will not only mean more money to the local industry, but will be of considerable importance to Northern Alberta. The Marl is fifteen feet below the surface and is thus free from the danger of containing too much mineral matter. The seam is twenty-one feet in thickness, but Mr. Bennett has not made any tests as yet. It was found on the south-east quarter of 30-57-1, west of the 5th. The survey of the C.N.R. from Edmonton to Lesser Slave Lake passes through this quarter, and if this line is built it will provide good transportation facilities. The test of the marl shows it to be good Mr. Bennett will probably sell a portion of his claim and develop the deposit.

Adam Bennett has always been pretty lucky in life and he accepts his latest find with equanimity. He took in a handsome profit on the sale of a few years ago, some distance

away from a railway. He had not held it very long before a railway was built through that country and a townsite laid out on the quarter section adjoining his. This enabled him to sell out at a big profit. He does not, however, depend wholly on his luck and the present time is hard at work brushing and breaking his farm and getting it under cultivation.

INSURANCE COMPANY WINS.
At the District Court on Saturday, His Honor Judge Winters gave judgment for the plaintiffs for the amount of the claim in the case of Geo. W. Robertson, of Strathcona, vs. the Prudential Life Insurance Company. This was an action on a note given for insurance premium. The defendants will probably appeal the case to the Supreme Court. There are a number of similar cases in Strathcona pending.

According to the evidence, the defendant wished to secure an insurance policy for \$10,000 face value. In the event of his death, at the end of 20 years, he wished his estate to receive \$7,452 and all the premiums paid. If he lived, he wanted a guaranteed cash value of \$2,300, or a guaranteed paid-up value of \$4,000. It is alleged that the policy gave him \$1,739.96, instead of the \$2,300, and \$3,600 instead of the \$4,000. Judge Winters held that as the defendant understood that if he died before the expiration of 20 years his estate was to receive \$7,452, he should have deducted the fact that the paid-up value, or cash value, of the policy, in case he survived, would only be in proportion to what he would get in the first instance. "He got what he bargained for," remarked His Honor, "and now he has to pay for it."

J. D. Hyndman conducted the case for the plaintiffs and H. A. Mackie appeared for the defendant. The case will be appealed.

U.S. FLOUR STOCKS AWAY BELOW NORMAL

Millers Declare That If They Shut Down, Country Would be in Throes of a Bread Famine.

Chicago, May 28.—The supplies of flour in the United States following the sensational advance in the cost of wheat have shrunk almost to famine size. A startling decrease in the surplus stocks was revealed in reports from various large cities of the country, presents 46 days at the seventh annual convention of the national millers at the Auditorium Hotel, for weeks the mills have not been grinding enough flour to keep pace with the actual demands of customers. The surplus stocks have melted away like snow in the sunshine. If for any reason the big mills should be shut down for more than a week, famine in flour according to the millers would become a serious possibility. With prices at the present unprecedented level, merchants and bakers have been buying only flour enough to supply their wants from day to day.

It is also developed that the millers are "sore" at secretary of agriculture Wilson, because of the government's estimate of 100,000,000 of reserved wheat on the farms on March 1. This was the estimate of J. H. Brown, as he has been ridiculed as extravagantly high and which he said was based on reports of small merchants and country people.

"By count made a few days ago," said W. R. Gregory of New York, in report to the committee, "there were only 128,000 barrels of flour in warehouses and stores of New York city as compared with 900,000 barrels a year ago. Twenty thousand barrels are consumed every day in New York and if our supply should be cut off, you can figure how long our bakeries would run."

"Mr. McGregory also declares the supply of flour in Boston was 18,000 barrels below the normal. H. E. Lawler reported there were only 32,000 barrels of flour in New Orleans as compared with the normal. The amount in storage there. Reports from other cities in the same line startled the four men. The crop reports also submitted by telegraph bore out the prognostications of James A. Patton.

"A bear raid in the wheat pit engineered by a coalition of big commission houses caused the price of wheat to break from \$1.33 3/4 to \$1.32. While the raids were on, wheat king" Patton sat in his office and smiled. "Any man who sells short in this market is likely to go broke," he said. The desperate bear onslaught was led by Shearson, Hamill and Co., Logan & Bryan, Finlay Barrell & Co., Clement Curtis & Co., and Lammson Bros. All then sold heavily following the reports of rain throughout Kansas and other sections of the winter wheat belt.

Assail'm in Bad Health.
Quebec, Que., May 28.—Oliver Asselin, the Montreal journalist, who was sentenced to fifteen days in jail for assault upon Hon. J. Taschereau, is reported to be in a dangerous condition, having suffered several hemorrhages.

Will Come West.
Toronto, May 28.—Rev. H. S. Magee, associate secretary of the temperance and social reform league of the Methodist church, has been invited to the department at the western conference.

BANKER P. H. ROY GETS FIVE YEARS

Ex-Speaker of Quebec Legislature and President of Wrecked Bank Convicted.

St. John, Quebec, May 28.—P. H. Roy, ex-president of the Banque St. Jean, who was last night found guilty of the charge of making false returns to the government, was this morning sentenced to five years in the penitentiary by Judge Monet. This is the maximum penalty for the offence.

St. Jean, Que., May 27.—Phillippe H. Roy, ex-speaker of the provincial legislature and ex-president of the wrecked Banque St. Jean, was this afternoon found guilty by a jury of his complicity of having sent wilfully false returns to the government, in the penitentiary by Judge Monet. This is the maximum penalty for the offence.

G.T.P. REGINA LINE.

Definite Promise Given by Mr. Wainwright to Mayor of Regina.

Regina, May 25.—Former Mayor Smith has returned from Montreal and Ottawa, where he has been in the interests of the city and of the Selkirk Centennial. Today Mr. Smith stated that he had an emphatic promise of fourth Vice-president of the line from Yorkton to Regina would be completed this season if men and money can do it. Mr. Wainwright said it was important for the company to get the line here as it was the only line that will be the first branch line built.

College for Moose Jaw.

Regina, May 26.—The provincial board of directors of the Presbyterian residential college for Saskatchewan met last night and decided to erect a college at Moose Jaw. The sum of \$100,000 is to be raised for this purpose and the City of Moose Jaw is donating a free site for the building. The Church of England will locate a college at the university site, Saskatchewan, and the Lutherans will do the same.

Cancellation Board.
Toronto, May 25.—Hon. Wallace Nesbitt was chosen by the C.P.R. and J. T. Lee by the telegraphers, as representatives on the cancellation board recently demanded by the train dispatchers. The union claims that a member was recently discharged without cause. The two representatives will select the third member of the board. The hearing will probably be held at Montreal.
