

TRIMMED MILLINERY

Mid Season Prices.

ALL the jaunty creations of Artistic Milliners. Hats that have been selling to Ladies of best taste are now offered at reductions ranging from one fourth to one half. We are now approaching

The Off Season

and we have reduced our stock in order to make a speedy clearance—right in the midst of the selling season.

The woman with a fine hat bought in May month paid more for her hat, yet

The Bargain Hunter

in mid summer can obtain all the latest styles which look fresh at at least one quarter off latest reductions.

Marshall Brothers.

LATEST CABLE NEWS.

Special Evening Telegram.

LONDON, June 13.
Hearing of a petition to unseat Mr. C. F. G. Masterman, Under Secretary of State for Home Affairs, has commenced. Various irregularities are alleged in respect to payments for the hire of carriages and other election expenses.

Special to Evening Telegram.

LONDON, June 13.
The Cabinet has considered the question of mobilising the army, and has decided to reinforce the troops on the frontier and in the Province of Alsace, in the event of the necessity for so doing arising.

Special to Evening Telegram.

MONTREAL, June 13.
A thousand men, after leaping over and breaking down the fence of the Canada Car Works at Turco, swarmed over the building like bees, and carried off the workers there by force. They marched with them to the Dominion Steel Works, two miles distant, to present their demands for an increase of pay.

Special Evening Telegram.

LONDON, June 13.
The strikers at the Coal ports have rejected the compromise proffered by the employers, and demand an immediate increase in wages.

Special to Evening Telegram.

LONDON, June 13.
Sir Wilfrid Laurier, Premier of the Dominion, has been ordered to remain in doors for a short period, owing to having contracted throat trouble.

STRAITS NEWS.—From Belle Isle via Cape Ray the following message came to the Marine and Fisheries office last evening: Strong northerly wind; heavy pack ice in the Straits extending north and to the N. E. end of the Island.

The Monnt Cashel Job.

Special Evening Telegram.

The workmen who gave free labor in slating the roof of the new wing of Mount Cashel Orphanage finished the job last night. The wing will be ready for occupancy in July next. It has three stories and a basement. There are two schools on the ground flat and the upper ones will be devoted to dormitories. The work of taking down the scaffolding has been commenced and it will be removed section by section. Work of plastering outside is completed. The floors have yet to be finished. The new wing will afford great facilities to the Christian Brothers in carrying on their work.

Prize Distribution

AT METHODIST COLLEGE.

Last evening the annual distribution of prizes to the junior pupils of the Methodist College took place in the College Hall. A Cantata entitled "The Frolicsome Hours" opened the programme. The solos were rendered by Miss Mews, Miss Hutchings, Master Wornell and Mr. Berry. The full school children made up a very fine chorus. The audience were well pleased with the performance and gave generous applause. At the close of the musical part of the programme Mrs. Pitts, wife of Hon. J. S. Pitts presented the prizes and warmly congratulated the pupils on their success. Mr. Harrington also delivered a short address in which he congratulated the children and their teachers on their fruitful work. Mr. King was congratulated likewise for the success of the performance as to him is due the credit of having prepared the Cantata; he also played the accompaniments. An Operetta will be performed by the children for October. A vote of thanks was tendered Mrs. Pitts for her kindness in presenting the prizes.

Indigestion & Dyspepsia

In all its Forms can be Cured.

It is quite a daily occurrence to hear persons say: "Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything, I have no heart to exert myself and at times I care for nothing. I often have a pain in the pit of my stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden. Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a bottle of Dr. Stafford's Prescription A. A sure cure for persons afflicted with stomach troubles it can be obtained at

DR. F. STAFFORD & SON,

Juckworth Street and Theatre Hill. Small size, 25 cents; postage 5c extra; large size, 50 cents; postage 10c. extra. Mail orders must be accompanied by remittance.—Oct 29, 1911

How and Why

He Suicided.

People who arrived by yesterday's train from Upper Island Cove say that the cause of Aaron Ziddel's rash act was unrequited love. The young woman, the object of his attentions, gave him to understand shortly before he suicided that she did not love him, and then went to the Labrador as a servant at the fishery. Her action seemed to affect him greatly, but none thought he would go so far as to take his life. He was well liked by all who knew him. When Mr. Clarke, with whom he boarded, went to call him to breakfast Sunday morning he found his bedroom door locked, but thought nothing of this and believed the man had been up early and had gone for a walk. He chanced to go into the stable at noon and was horrified to find Ziddel's lifeless body hanging from a beam. The man went up on the loft and after adjusting the rope about his neck threw himself through the open hatchway. His feet were up on the floor and his head hung down through the opening in the floor. His shoulder, it is said, was broken, and it is thought this was caused by its striking against the edge of the hatchway as he fell. Besides the \$90 cash in his pockets, it is reported a bank book calling for \$2,000 was also found on him. The body was removed from the morgue yesterday afternoon and sent by the express to Halifax for interment.

His Fiftieth Anniversary.

Mr. F. W. Rennie, Chief Accountant of Bowring Bros. Office, celebrates the 50th anniversary of his entry into the concern shortly. Mr. Rennie went with the firm when quite a young lad as junior clerk and has worked with assiduity and care during that very lengthy period. It is a coincidence that his 50th anniversary occurs at a time when the firm is celebrating its centenary.

Dr. de Van's Female Pills

A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at 25c a box, or three for \$1.00. Mailed to any address. The Sobell Drug Co., St. Catharines, Ont.

Inter Brigade Football.

GUARDS DEFEAT C. L. B. BY 2 GOALS TO 1.

There was a large gathering of spectators at St. George's Field last evening to witness the football match between the M. G. B. and C. L. B. The weather was as usual intensely cold and the occupants of the grand stand and those standing at the margin of the arena wore mid-winter apparel. A slight breeze from the northeast blew up field and the C. L. B. played the eastern goal with this in their favor. When the ball was kicked off sharp at 7 p.m. the C. L. B. with a rush brought the leather in dangerous proximity to the Guards' goal, but the backs were alert and the ball did not find the twine. The Guards now worked the sphere down the right wing, a foul was recorded against Winter of the C. L. B. and the Guards for a while were in the C. L. B. territory, but the backs prevented scoring. The C. L. B. now retailed and had a good chance to score, but the ball was fumbled and nothing resulted. The Church Lads secured a corner which was barren of results when the Guards again got down field and Bishop sent in a good shot, but too high and it soared over the goal posts. The C. L. B. made some foul throws and soon after the Guards worked the leather in near goal, when Reid in trying to get it to safety skied it and the ball fell in near the goal mouth; there was a short, sharp scrimmage in front of goal when Coultas did the necessary and secured first blood for the Guards, just 20 minutes after the kick off. When the ball was re-centred the C. L. B. put much spirit into their work, got the ball west and Hunt made a good shot for goal but went wide of the mark. They now secured a couple of corners and Hayward, getting up on the right wing, had the ball right in the chance of the evening for the C. L. B. Stevenson then shot and Thistle barely saved, and later Hayward sent in a "hot one" which struck the goal post. Soon after the C. L. B. boys had two more good chances to score but failed, when Hayward ran up on the right wing, sent the leather flying across the goal mouth and Hunt headed the equalizer amidst great applause into the twines. Soon after the referee's whistle blew half time and the teams crossed, 1 goal each. On resuming the C. L. B. made a determined rush down field and came within an ace of scoring, after which for a while the ball was all over the field, both sides working hard to score. Fouls were recorded against both teams, when the Guards got and had a couple of tries for goal but the shooting was too wild to be effective. The C. L. B. then went east and secured some corners, but the alert Guards blocked any attempts at scoring. The Guards now hustled the ball west and clearing all opponents dashed in No. 2 amidst great acclamation. Both sides worked harder now than ever, the Guards to increase the score and the C. L. B. to equalize, but no further scoring was done when the referee's whistle blew. Guards, 2 goals; C. L. B. 1.

Railway News.

There are eighty miles of track now completed on the Bonavista branch. The rails will be laid into Bonavista by the end of June. On the Trepassay branch good progress is being made. The grading will be finished by "Bulls" by the end of this week. Men are now clearing the track on the fourth mile from Cape Broyle. The Hear's Content branch will be commenced as soon as the survey is finished, probably early in August. The three new cars being built at the R. N. Co. car shops are splendid jobs. There has been a delay in getting the fittings for them from Amherst, N.S., owing to a fire that destroyed the works there. Mr. Hector Ross, Supt. of the car shops, was sent off yesterday by the express to hurry up the work if possible.

Bought New Vessel.

Yesterday we referred to the fact that a prominent city firm had purchased a fine new vessel. This was Jas. Baird, Ltd. They have purchased the fine auxiliary scler. Francis, 30 tons register, and which is fitted with two powerful gasoline engines and twin screws. This should give her a speed of 10 knots. She is a new vessel, which has only been running a short while in the Bay of Fundy, and she will engage here in the coasting trade. The vessel is now at St. John's, N.B., and a crew to bring her here left by the Pretorian, Mr. T. Brien will be in command of her.

To-Night's Match.

The C. C. C. and Highlanders will play in the match to-night. The C. C. C. men are:—

C. C. C.—Goal, R. Walsh; backs, J. Hynes, J. Walsh; halves, Thompson, W. Hart, Murphy; forwards, B. Hart, Kent, Cum, Rogers and Sullivan.

Highlanders.—Mercer, Cosfield, Adams, McKinley, Searle, Ledingham, Robertson, Butler, Rennie, Auchinleck and E. Robertson.

THE PATIENT BRAIN

A tireless worker so long as supplied with rich, red blood.

The brain is one of the most patient and industrious organs of the body. It can be induced, by good treatment, to perform prodigious work. But it is sensitive and will not brook abuse. It responds to the lash at first, but if the lash is laid on too hard it balks.

Nervous trouble is generally brain trouble, and no suffering is to be compared to mental suffering, with the accompanying dread, suspicion and melancholy.

One-fifth of the blood in the human body is consumed by the brain, so make the blood rich and red by using Dr. Chase's Nerve Food, and you will overcome diseases of the nerves. Headaches will disappear, irritability will go, digestion will improve, and weakness and despondency will give place to new hope and courage, new vigor and energy.

Dr. A. W. Chase's Nerve Food will enable you to avoid such extreme nervous trouble as prostration and paralysis. 50 cents a box, 3 boxes for \$2.50; at all dealers, or Edmanson, Bates & Co., Toronto.

Fire at Harbor Grace.

About 3.30 this a.m. great volumes of smoke was seen issuing from the upper part of the residence of Dr. Strapp, and it was soon found that the whole attic was a mass of flame.

The clanging of the fire bells quickly brought the firemen and citizens generally to the scene, and all worked bravely in fighting the fire and endeavouring to save the property of the doctor. The fire occurred in the attic, caused, it is said, by the explosion of a lamp in an incubator. We hear that the amount necessary will be in the neighborhood of \$1,500, and we are sorry to say there was no insurance on the place or furniture. We sympathize, as do all our citizens, with Dr. Strapp in the great loss he has thus sustained. The firemen worked well, as did all our citizens. The business of the town was suspended. Among the willing helpers we noticed the judge, the editor, factory managers and employees, business men and in fact every person seemed to forget all else but a desire to save property. About two years ago Dr. Strapp met a similar loss, and even at the time of the present fire the doctor had carpenters employed on the building, which was up-to-date in every particular. We hear the place was soon to be insured, as it was nearing completion.

Children's Festival.

A meeting of the Children's Festival Committee took place at the Board of Trade rooms last evening. Very satisfactory progress was reported. The amount in hand is now \$1,071.42. The Gas Co. and Water Dept. began the work of laying the necessary pipes to-day. The arrangements for erection of tables have been completed. The work will be begun at an early date. The C. C. C. band has offered its services for the afternoon. The flags and badges ordered by Hon. J. Anderson have arrived and have been given to the committee at cost and charges. Mr. Hutchings, of Job's, has promised to send kettles and pans. The Nail Factory will supply the necessary nails. Mr. Isaac Morris will supply salts to the Tent Committee. It is hoped to have all arrangements completed early next week.

WOMAN'S WORK

is never done. So runs the proverb. But with Sunlight Soap as a helper the wash is quickly over. Dirt flies before Sunlight Soap like the morning mist before the rising sun.

SUNLIGHT SOAP

TRY THE SUNLIGHT WAY.

Uncle Walt

THE POET PHILOSOPHER.

The boy stood on the burning deck—an orator was he; and in that scene of fire and wreck he spoke quite fluently. "The men who hold the public snaps should all be fired," he cried; "they CASABIANCA should make room for worthy chaps who wait their turn outside. True virtue always stands without, and vainly years and toils, while wickedness in office shouts, and passes round the spoils. One rule should govern our fair land—a rule that's bound to win; all office holders should be canned, to let some new ones in. All people usefully employed at forge, in mill or shop, should know that labor's null and void—man's duty is to yawn. The farmer should forsake his plow, the harness man his straps; the blacksmith should get busy now, and look around for snaps. Why should the carpenter perform, when we have homes enough; why should producers round us swarm, when stamens are the stuff? Why should we put up ice or hay, or deal in clothes or meat, when politicians point the way that leads to Easy Street? There came a burst of thunder sound; the boy—O where was he? Ask of the winds that all around with lungs bestrewed the sea.

FACTS

Are stubborn things to contradict and it is a FACT that

P. F. COLLINS' PRICES

Are the LOWEST in St. John's, as the following will show:

3000 yards of Blue Dress Linen, worth 14c. per yard, selling for 10c.
