

Accident to Railroader.

At 11.30 a.m. yesterday a flat car and engine arrived here from the Trepassey branch line bringing Mr. Barron of Mr. Main who was the victim of a painful accident Saturday evening when working on the construction train near Cape Broyle. A lot of sheep held the track, were roaming ahead of the cars and were liable to be killed when Barron got down off the car to turn them off the road. In doing so he stumbled and fell and just then the car he was on came off the rails. He was jammed between the flange, had the toes of his right foot crushed, the heel severely cut, his wrist sprained and received a cut over the eye. Fortunately the train was not going fast and the car on leaving the track stopped after running a couple of yards, else the man might have been more seriously hurt. Dr. Paterson who was on the branch, gave him every attention and on arrival here he was driven to hospital in a carriage. His injuries though painful are not serious and he will be about again in a few weeks.

Bandmaster Snow Resigned

When the return of the C. L. B. was made yesterday after their parade Lt.-Col. Rendell addressed the Battalion expressing the regret felt at the resignation of Capt. Snow as bandmaster. He knew that he felt over Mr. Snow's resignation. He had been connected with the Brigade for over 15 years and devoted much of his time and a deal of energy to improving of the band and its members. Through his untiring energy and enthusiasm for music Mr. Snow had brought the band up to a high state of efficiency. His retirement will be a great loss to the Brigade, but as he goes on the Reserve List Mr. Rendell felt sure that Mr. Snow would retain his interest in the band and Brigade and that this would be of great service in the future to both organizations.

Dane Had a Long Passage

The Danish three masted schooner Ludwig, reached port at 6 o'clock yesterday morning after a lengthy passage of forty six days from London. At the outset boisterous weather prevailed and soon after the vessel was becalmed for a fortnight. Continuing the voyage fairly good progress was made until to the eastward of St. John's when calms were again run into and another two weeks was spent awaiting a favourable time. The vessel was in the vicinity of Cape Race ten days ago. She brought a general cargo consisting chiefly of dynamite, consigned to H. J. Stabb & Co.

A Well Deserved Honor.

To commemorate his golden jubilee in the service of the ministry of the Methodist church, several of the members of Gower Street Church last week presented Rev. Dr. Rogers with a purse of gold. The quarterly official board having granted the Doctor leave of absence he will take a vacation in England proceeding there by the Mongolian. It is not unlikely that Rev. J. W. Bartlett will accompany him. At the church last night Dr. Rogers spoke in feeling of the kindness of the people.

At St. Thomas's.

Rev. G. R. Godden, Rector of St. Thomas' Church, preached yesterday morning and during the progress of his sermon referred in heart stirring terms to the lamented death of the late Canon Temple, whose long and active service of fifty years had endeared him to episcopals throughout the island. Besides an affable and unostentatious disposition was typical of the deceased clergyman. Fitting tribute to the memory of the deceased were also paid in the churches at Twillingate and Topsail.

Mid-Summer Day

To-day the 24th June is mid-summer day, though where as yet summer comes in is a mystery, as the weather with the exception of a few days has been intensely cold. It is also the anniversary of the finding of the city of St. John's and in years gone by bonfires blazed from all the countryside, especially on the Southside and Signal Hills. This, however, is a more prosaic age and the good old custom is gradually falling into disuse.

ARRANGING MATCH.—Mr. Patrick Myler is arranging a big cricket match for Wednesday week, July 3rd. It will be between the C. L. B. team who won the last match, and a picked team from the city. The proceeds will go to the Erna relief fund.

POOR FISHERY.—The fish were never as scarce before as they are at present this season around Trepassey and Pleasant Bays. Letters were received in town Saturday from St. John's men who are at these places saying that so far at a good many places there has been hardly enough fish caught for the fishermen's own consumption.

A WORD TO THE WISE.—We have no time to write long winded "ads." but we just want to say that our tailoring business, in points of cutting, fitting and workmanship, has no superior in Newfoundland, and we can back up this assertion by the garments produced from our shop compared with any other. **SPURRELL BROS.**, 365 Water Street, next door to Parker & Monroe's. FOR HOSPITAL.—Miss Day, of Bay of Islands, arrived by the Bruce express yesterday suffering from blood poisoning of the right hand. While digging the ground for planting potatoes a water bladder formed on the hand, she punctured it and blood poisoning set in. The hand and arm were much swollen and she suffers intense pain. As there were no cabs present when she got off the train, Mr. H. D. Reid put his auto at Mr. White-way's disposal and the woman was driven quickly to hospital.

Taking a Great Risk.

Of late it has been noticed that small boys frequent the railway yard, especially on Sundays and in playing games like "hide and seek," etc., run great risks as they hide under cars on sidings and otherwise endanger their lives. Yesterday forenoon an instance of this was afforded, a Telegram reporter and several others. Two little chaps went under the cars on the inner siding all unconscious of the fact that the shunting engine had gone up around to push these same cars further down the track. Suddenly the engine pushed the cars along and they just had time to get off the track when the wheels went over the very spot they had occupied a few seconds before. One of them was only a couple of feet from the wheels of the engine, pulled it forward after coupling up instead of shoving it towards the station nothing would have saved him—he would have been crushed to death. The railway men say it is impossible to keep boys clear of the tracks, threats of punishment and warnings of the danger they run do not deter them. A good strong fence would do much to keep the boys out.

Yesterday's Sacred Concert.

A large audience attended the Sacred Concert given in the T. A. Hall yesterday afternoon. Miss Adela Verne was assisted by Misses D'Alberty and Sybil Johnson. Krutzer's Sonata was the first item discussed. Miss Verne manipulating the piano and Miss Johnson performing on the violin. Faure's Sancta Maria and the Better Land (Cowan), were faultlessly rendered by Miss D'Alberty. Miss Johnson gave Raff's Carolina. Miss Verne then in her own inimitable style gave interpretations from great composers including Chopin, Abbe Liszt, Shumann and Mendelssohn. She will soon give a farewell concert in which the C. L. B. band will assist.

His Farewell Sermon.

Yesterday morning Rev. Charles Hackett preached his last sermon in the Congregational Church. Rev. J. Thackeray referred with regret to Mr. Hackett's departure from the colony, spoke of his great services in connection with the Temperance and Moral Reform Movements, and wished him continued success and godspeed in that portion of God's vineyard in which he will in future labour. The Pastor occupied the pulpit at night. The talented Miss Mackenzie gave a beautiful rendition of "Crossing the Bar," and the service all through was of a bright and hearty character.
