Why We Live Longer.

"When Goodyear discovered the vul-canizing process of treating rubber he saded immeasurably to the world's health. About fifty million pairs of rubber boots and shoes are made, sold and worn in the United States every year. When you reflect that the most fruitful cause of colds—and all the dangerous and fatal diseases that colds lead to—is a pair of wet feet, it is easy to see that this enormous use of rubber footwear must have a very

Once December is here the days slip away in confusion, especially about Christmas time. Wise buyers look ahead. We just want to say to the housewife that yesterday we opened some new window materials—something different than before to the public in general. We have purchased a large lot of Sample Toys, the newest and cheapest in the market.
