3 1-2 yard lengths,
\$1.00 and \$1.10 each.

Cottages and Memories.

By RUTH CAMERON.

RUTH CAMERON

Do you remember that I wrote an article about the summer cottage of twenty or thirty years ago and deprecated the way they were used as clearing houses, for the cast-off furniture of the winter house? For the old what nots, the cherry bed room sets, the maple sideboards, etc.

"P.S.—I am thirty-one years old, not real old as my letter would imply."

With My Letter Friends,

"I wish you would settle an argument for me. A friend and I were arguing the proper way to slip soup. The friend argued that it should be slipped from the point of the spoon and that the plate should be tilted the least bit from the person."

Answer—The soup should be taken into the spoon on the further side and should be slipped from the side. The plate should not be tilted according to etiquette (according to common sense I think it should).

A letter friend who has never had to economize before and finds it hard to do so now asks me if I will help by opening the column to an exchange of recipes for desserts without eggs also substitutes for the meat course. This is not primarily a household column but this is certainly a good, and a common cause so I hope my readers will respond by sending in such recipes and we will gladly turn the column over to them some day.

The Gas Range!

The Gas Range means comfort for the housewife; shorter kitchen hours for her, and a cleaner kitchen. It is a great mistake to think that cooking with gas is expensive.

Whenever a woman becomes used to gas for cooking, thoughts of a coal or wood stove fill her with gloom. A Gas Range is so much easier to operate, so efficient for all kinds of cooking, and so much cleaner, that the idea of going back to the old style methods is decidedly unpleasant. Yet in winter many housewives think they must use a coal or wood stove, because there is no other way of heating the kitchen. THERE IS ANOTHER WAY AND IT IS FAR BETTER THAN THE OLD. THE CLOW GAS STEAM RADIATOR WAY. may 23, 17

New Goods To-Day!

Belgain Relief Fund.

Editor Evening Telegram.

Dear Sir,—I beg to enclose herewith copy of despatch Dominions No. 317, of the 24th of May, from the Secretary of State, addressed to His Excellency the Governor, with enclosures, intimating the suspension of appeals for funds to the public for relief in Belgium in consequence of the United States Government having assumed financial responsibility for the work of the Commission having such end in view. Will you kindly publish the same in the columns of your paper for the information of all persons interested, in order that no plans may be laid for the collection of funds in this behalf.

Yours truly,
J. R. BENNETT,
Colonial Secretary.

Downing Street,
24 May, 1917.

Newfoundland,
Dominions No. 317.

Sir,—With reference to my Despatch Dominions No. 269 of the 28th ultimo, I have the honour to transmit to you for the information of your Ministers, the accompanying copy of a circular letter issued by the National Committee for Relief in Belgium announcing the suspension of appeals for funds to the public, in consequence of the United States Government having assumed financial responsibility for the work of the Commission for Relief in Belgium.

I have etc.,
(Sgd.) WALTER H. LONG,
Governor.

Sir W. E. Davidson, K.C.M.G.

COPY.

National Committee
For Relief in Belgium,
Trafalgar Buildings,
Trafalgar Square,
London, W.C. 2.

May 19th, 1917.

Dear Sir,—I enclose a statement signed by the members of this Committee from which you will see that we have decided to suspend our appeals to the public, as the United

States Government have undertaken to provide, at any rate for the present, all the money required for relief in Belgium. The National Committee will remain in being with headquarters at the above address, but any monies received after June 1st, when the American appropriation becomes available, will be held to provide for emergencies not unforeseen in connection with relief in Belgium.

Will you kindly notify your subscribers to this effect and, if possible, close your accounts and remit any balance in hand before June 1st?

It is, of course, possible that some new emergencies may arise in connection with the relief work and in that case we earnestly hope that we may again be able to rely upon you and upon those who have co-operated with you.

The Committee desire to express their deep gratitude for the invaluable work which you have so devotedly performed.

Yours, etc.,
(Sgd.) W. A. M. GOODE,
Hon. Secretary.

National Committee
For Relief in Belgium,
Trafalgar Buildings,
Trafalgar Square,
London, W.C. 2.

19th May, 1917.

In view of the fact that the United States Government has generously assumed all financial responsibility for the work of the Commission for Relief in Belgium, it has been decided that the National Committee for Relief in Belgium will suspend its appeals to the public in the British Empire. Any monies received after June 1st will be held to provide for emergencies not unforeseen in connection with relief in Belgium.

This course of action is an acknowledgment of the suggestion made by Mr. Hoover, Chairman of the Relief Commission, who is now in Washington, and has the approval of His Majesty's Government and the Belgian Minister.

During the existence of the Committee over £2,400,000, subscribed throughout the British Empire for the relief of our oppressed allies in Belgium, has passed through its hands. The second annual meeting will be held at the Mansion House on June 15th, when opportunity will be taken to express gratitude to those committees and individuals who have co-operated with such marked devotion in the work of the national body.

Signed, on behalf of the National Committee:

W. H. DUNN,
Lord Mayor of London; Chairman.

RANDALL CANTAUR,

FRANCIS CARDINAL BOURNE,

JOHN BROWN,

Moderator, Church of Scotland.

W. D. SELDIE,

Hon. Treasurer.

NITRATE OF SODA.

Interesting to farmers is the fact that crops are worth money. Now is the time to plant the growing; buy Nitrate of Soda from TESSIER & CO. July 13, 17

W. P. A.

The Moss Committee of the W. P. A. wish to thank all who sent sphagnum moss for the soldiers last season, and to ask them to gather and send as much as possible this year. Letters of thanks from many Hospitals in England have been received, and in every one there is the request for more moss; as it is so urgently needed. We would ask our helpers to pick it clean from leaves and sticks, as that greatly eases the work of preparing the bags for shipment.

All moss to be sent to

Minard's Liniment Co., Limited.
Gents,—I cured a valuable hunting dog of mange with MINARD'S LINIMENT after several veterinarians had treated him without doing him any permanent good.

Yours, etc.,
WILFRID GANGE,
Prop. of Grand Central Hotel,
Drummondville, Aug. 3, '04.

N.I.W.A. Meet.

At the regular weekly meeting of the Nfld. Industrial Workers Association held last night the following resolution was introduced and after being duly discussed was passed unanimously:

WHEREAS this Association passed a series of Resolutions relating to Food Control and appointed a deputation to wait upon the Premier and discuss said matter with him, three weeks ago;

AND WHEREAS, since said deputation reported that the Government would consider the matter, nothing further has been heard as the result of the Government's consideration of this vital question;

BE IT RESOLVED that this Association of Industrial Workers desires to protest emphatically against any further delay and insists that the authorities take at once the steps necessary to remove the evil of food profiteering.

A copy of the above resolution was ordered to be sent to the Premier and to the Colonial Secretary to be placed before the Government.

A resolution dealing with an eight hour day system was introduced. It was pointed out by speakers that in a matter of such far-reaching importance haste should be made slowly and every aspect of the matter fully discussed before any conclusion was arrived at. It was decided that the matter be discussed at the next night of meeting when the co-operation of other labor organizations will be asked.

The resolution reads:
RESOLVED that this Association is of the opinion that an eight hour day for every class of workers is quite feasible and that in some cases a shorter period would be both fair and profitable.

Fifty-four new members signed the roll last night, bringing the total up to 604.

BRITISH BATTLESHIP BL
—HEAVY LOSS OF L

LONDON, 1

The British battleship was blown up and sank, says an official issued by the British Admiralty. The ship displaced 19,250 tons. Her armament consisted of 12-inch guns, eight 18-inch pounders, in addition to her tubes. An internal explosion the ship was at anchor at the time. Only three of the board were rescued, and one has since died. Twenty-four and 71 men, however, were aboard at the time of the explosion. The ship sank. There were only a few among those aboard who escaped the disaster, one of whom, it has since died. There were 24 officers and 71 men aboard at the time, the total number of survivors is full enquiry is ordered.

THE GERMAN TAC

British Headquarters in July 13 (by Associated Press) German attack along the coast of the Belgian coast on Tuesday night in all respects against the British attack on Merville on June 7th. It seemed as if many had studied this in the and planned a thrust at the lessons learned. There was difference in the size of the operations, however, for while man attack on Tuesday was to 1,400 yards, the British of Messines was along a 10 mile. The depth of the two attacks so in ratio of 10 to 1, the having advanced only about 6 to the British support line, were few encampments to themselves, while the British fallen back to the water bank Yser. This little battle of of Flappers will live through of the defence of the troops, who met the back German massed formations, and their protecting machine pieces about them, the concentration of German seen on this front for more year. The trenches were am howling and shifting, and were speedily obliterated by of high explosive shells which
