SOCCER MEN HAVE RATHER HOT SESSION AT EXECUTIVE

Question of Grounds and the Cost Was the Bone of Contention; Season Will Start Latter Part of This Month; Junior Competition Planned

Lots of interesting and profitable A.A.A. with regard to the matter, and discussion took place at a meeting of the Calgary City and District Football League held in the Y.M.C.A. last evening. There was some pretty plain speaking and upon very vital matters to soccer football in Calgary and all concerned must feel the better for letting off the extra steam.

Season Starts This Month

J. R. McEwan said the games would J. R. McEwan said the games wor

ting off the extra steam.

The main question, beyond, of course, the distribution of the registration towns, was that of grounds. A Melville, a representative from the Hill-hurst Athletic Associatino, was asked to state the terms they would accept for the use of the grounds during the coming season and he stated they for the use of the grounds during the coming season and he stated they would require 30 per cent of the gross receipts at all games, with a minimum charge of \$7.50 per game. But he thought the league should appoint a committee to meet the Hillhurst committee and thresh the whole matter out.

A. D. Altken began to register a complaint on some matter and was

out.

The Post Office and Tynesiders' representatives at once kicked at paying that minimum fee of \$7.50. They agreed to the 30 per cent.

A. Melville then spoke ofthe large expense the Hillhurst A.A.A. had had in connection with the grounds which so far had been operated at a big loss, and said the revenue they would get from the league games would not more than cover the cost of a caretaker, leaving out of the question all other expenses.

A. D. Aitken began to register a complaint on some matter and was promptly told by the chairman that as the team he represented had not paid their entrance fee he had no right to speak at that meeting.

Mr. Aitken then said they knew what they could do, and that was to ask him to leave the room.

He was shown that as he was kicking on a point of order they were just pointing out to him that he also was technically out of order. Later Mr. Aitken paid the entrance fee for his feam.

taker, leaving out of the question all other expenses.

J. K. Matheson thought there was no need for a committee to be appointed but that the matter could be decided at that meeting. The question was as to whether they were to play the games on the Hilburst grounds or not, and when they had decided that question then they could go ahead and decide on the terms.

Avery, of the Y.M.C.A., thought the league should stand behind the weaker clubs with regard to the ground proposition.

position.

The chairman said he would like to bnow from the new clubs, as well as the older clubs, what they would be willing to pay if they went to the Hillhurst grounds or if they wished to have the use of the grounds for nothing.

MCFSTIANE with regard to the overlations of a trophy for competition amongst the juniors, and the age limit was fixed at seventeen years.

A. Melville said he had seen Alex. Martin, who had signified his willingness to donate a trophy to the league for this section.

The question regarding the proposed.

Kick About Cost Of Grounds

Tynesiders thought 30 per cent of the gate receipts without any other receipts from the bigger games would balance any loss there might be on the lesser games.

J. K. Matheson then put up a proposition that each club pay \$50.00 as a guarantee for their games and that the league take 25 per cent of the gate receipts and divide that money equally among all the clubs.

The chairman asked whether that would cover league games only or whether it cover all the games for their games and the clubs.

The chairman asked whether that would cover league games only or whether it cover all the games for their section. The chairman asked whether that would cover league games only or whether it cover all the games for their section. The gate receipts without any other than the clubs.

The chairman asked whether that would cover league games only or whether it cover all the games for their section. The question regarding the proposed knock-out competition was also broached and it was felt the competition would be an interesting one to take place after the league competition was concluded and A. Robertson, J. Ferguson and G. H. Taylor were appointed a committee to obtain a suitable trophy.

J. R. McEwan brought up the question of playing some kind of a representative game on April 26, the proceeds to go toward the Benevolent Fund of the Association.

It was decided to go ahead with this

GUNBUAT SMITH-The California heavyweight, who recently blasted the championship hopes of Bombardier

At last it appears that the needs of the amateur athletes of Calgary are being given careful consideration by the city authorities and within the next year public playgrounds and recreation fields will become an established fact in this city. The city fathers have been slow in recognizing this need but now that the pressure of the demands have reached the proper sources, it large reached the proper sources, it looks as though something might be accomplished. A real playground commission has been organized and the next step on the program will be the appointment of a playground superintent who will devote his entire time to properly organizing the youth of this city and directing their surplus energies along lines which will work for the ultimate betterment of the citizens of Calgary.
