GLENCOE.

("Advertiser Agent, John McNeill.") April 15.—Mr. Fred Brown, of Brownsville, is the guest of his sister, Mrs. (Rev.) C. W. Brown.

Miss Ada Thompson has returned home from Petrolia, having taken a course at the Levis Institute there.

Miss Ada Bloom is confined to the house by a severe attack of la grippe.

Rev. R. W. Ross, M.A., and Rev. C. W. Brown, B.D., exchanged pulpits on Sunday evening last. Both preached to large congregations.

Miss Amy Skill, of London, spent Sunday with her parents here.

Mr. James Tremmer, B.A., and family are spending the holidays with friends in Clinton.

Mr. John Thompson, of the Aurora High School staff, is home for the holidays.

Mr. H. W. Baker, B.A., is visiting friends in Weidman.

Mr. Will Roome, of London, is spending a few days with his uncle, Mr. J. E. Roome.

Mrs. J. W. McAlpine has returned, after spending two weeks with her parents in Mitchell.

Mrs. Hill, of North Bay, is the guest of her daughter, Miss Nettie Hill.

Mr. G. H. Small, of Weidman, returned home on Monday to resume his duties at the school.

Miss Minnie McAlpine, of Mitchell, is the guest of her brother, Mr. J. W. McAlpine.

Mrs. James Stevenson has returned home from Alvinston, where she has been visiting her sister.

Miss Maggie Edwards, of Springfield, is spending the holidays with friends here.

The Local Union of Christian Endeavor will hold their meeting on the evening of Monday next in the lecture room of the Methodist Church. As a thorough discussion of the temperance topic has been arranged, an interesting time is looked for.

Dr. Dewar, who has been representing the Athletic Association here at Berlin, has returned home.

Miss Attwood, former teacher of school section No. 2, Mossa, is visiting friends in her old section.

Several fishing parties have cast their lines from the banks of the Thames during the holidays, but all report the usual fisherman's luck.

The maple sugar season around here is about over. The sugar makers report a very poor run this year.

STRONG TESTIMONY.

The Importance of the Kidneys as a Blood Purifier Distinctly Proved.

DETROIT, Mich., April 15.—The case of Mr. Hugh McCarron, of this city, whose extraordinary recovery from blood poisoning of thirteen years' standing, through the medium of Dodd's Kidney Pills, has been already reported, is exciting much comment. It is looked on generally as strong corroborative evidence of a fact which medical men are fast becoming aware of, namely, that the key to a healthy condition of the body lies in the kidneys, and that a number of complaints which have hitherto baffled their skill may be directly traceable to a diseased condition of these organs. In the case of Mr. McCarron it is evident that the purification of his blood is due to the recuperative effects of the remedy above mentioned on the kidneys.

When thinking of purchasing a good reliable railroad watch or anything in jewelry, silverplate or clocks, call on C. H. WARD, 874 Richmond street, opposite Masonic Temple.

A FAR-FAMED WOMAN.

Mrs. J. K. Barney, of Rhode Island, and Her Prison Work.

In Canada, the United States and Elsewhere—Conducting Meetings in This City.

There is in the city at the present time a woman who has become widely known throughout the North American continent on account of her work in the prisons of the country. Her name is Mrs. J. K. Barney, and her home is at Providence, Rhode Island. Mrs. Barney has for 30 years been engaged in the advancement of prison and evangelistic work, and has been in most of the prisons of the United States and Canada, and many in Europe. This work she carries on in connection with the World's Women's Christian Temperance Union. When the W. C. T. U. was organized some 21 years ago, Mrs. Barney associated herself with it. She received the post of superintendent of the department of prison work under the National Union, and this office she conducted with credit to herself and the union for thirteen consecutive years. So much so that when the World's W. C. T. U. was organized she was chosen to fill the same position in the more extended union. With her appointment to the position, Mrs. Barney went in largely to secure better laws and assistance for women in prison. She was the originator of the idea to provide lady police matrons, the separation of male from female prisoners, and separation of juvenile criminals from the older and more hardened classes. The new ideas did not receive the most cordial support in many places at first, but public addresses by Mrs. Barney soon banished all opposition, and the result is largely that today throughout the length and breadth of the United States female prisoners are accorded proper treatment and quarters, and juveniles are not allowed to associate with those who are hardened to prison life. She has just returned from a five months' trip to England, where in many cities she addressed large meetings.

In Canada Mrs. Barney has pursued the work to a considerable extent. She visited Montreal and Toronto several years ago, and in the former place did not find everything just as she desired. Reforms have since been made. The Central Prison and Mercer Reformatory were also inspected and addresses delivered to the unfortunates confined therein.

"And how did you find these institutions?" was asked by a reporter. "The Central Prison," replied Mrs. Barney, "was such that I was very much pleased with it. And the Mercer Reformatory—if my memory serves me right—was apparently run in a very proper way. But the Central Prison—I was greatly struck with its admirable management."

Mrs. Barney then gave her impressions of Canada, which were very favorable. Of London she said: "I was especially impressed with the manner in which Londoners observe Sunday. It was in striking contrast to many of our American cities."

Mrs. Barney was in the city last summer, and the hundreds of men who attended will remember her stirring address in Victoria Hall on Sunday afternoon. This week she will address meetings in the Wellington Street Methodist Church, and in the afternoons give Bible readings in the W. C. T. U. rooms, Dundas street. Yesterday afternoon she spoke on Psalm ciii, the line of thought followed being that the reason there were so many protesting Christians whose lives were unprofitable was because they appeared to get to where they offered praise to the Lord. Mrs. Barney has a pleasing, but forcible manner, and her meetings everywhere have been productive of much good.

Assessment System. An American Authority on Life Insurance.

One of the oldest and most reliable of insurance journals is the Guardian, of Boston. It is edited by Mr. George D. Eldridge, one of the best insurance actuaries on this continent, and it is therefore a recognized authority. The latest number contains the following unsolicited article with reference to the P. I. of St. Thomas, Ont.

"The Guardian has had occasion to refer to the above-named company many times in the past, but never was there more occasion for commending substantial growth attained than at the present time. The Provincial Provident Institution is the largest Canadian assessment life company, and occupies a position towards the citizens of the Dominion of great prominence and importance. Across the line this company is the leading representative of modern assessmentism, and no statutory requirement is necessary to induce it to label its printed matter from letterhead to policy-form with the proud words, 'Assessment System.' In the States, here, all recognize this institution as THE company, and consequently its course is watched with no small amount of interest."

"With the beginning of the current year a rate of increase has been attained that argues well for the doubling in 1895 of the splendid business accomplished in '94. An important and propitious step has been taken in raising the limit from \$5,000 to \$10,000, upon a single risk, and the agency department has been thoroughly reorganized and augmented. The company exhibits at this writing more than 8,000 policies in force, covering \$18,000,000 of insurance, and a cash surplus of \$120,000 over all liabilities. The low death rate with which this company is blessed is not a matter of luck, but the result of a careful scrutiny of every applicant, and of conservative methods. The acceptance of a risk by this company's management means the taking on of an additional element of strength, so that with its growth in size this progressive institution also attains a commensurate addition of resource and stability. To the gentlemen under whose tireless and efficient supervision this company's affairs have been conducted with such marked success is deserving all the confidence and support that is so lavishly given. Without it these splendid gains could scarcely be made, and with its continuance, which in fact has been earned, and is their just due, the opportunity is presented for further up-building along the lines now laid, and the ultimate establishment of the largest Canadian life insurance company of any kind."

The Morning "Advertiser" does not go to press till 4 a.m. After the main business office is closed, entrance can be had by the side door in the lane. Small advertisements, births, deaths and marriages, and news items of all kinds for the Morning "Advertiser" will be received in the editorial rooms, either by messenger or by telephone, up to 3 a.m. Telephone numbers: Business office, 107; editorial department, 134.

Would Have Died

If Paine's Celery Compound Had Not Come to Her Aid.

NERVOUSNESS, SLEEPLESSNESS, HEARTBURN and GENERAL WEAKNESS,

These Distressing Troubles Are Banished.

Another Strong Proof of the Curing Virtues of the World's Best Medicine.

The whole wide world is challenged to show a medicine that is doing the same good to suffering humanity as Paine's Celery Compound works from day to day.

The great disease curing medicine is a blessing to the men, women and children of Canada, and its value can never be fully estimated. It is a wayward rescuer and savior of life, even in times of extreme peril and danger. When people are deceived by worthless advertised medicines, when doctors fail to relieve the sick, and when the sick one is given up as incurable, then it is that Paine's Celery Compound overcomes disease and death, and fully restores the sufferer to health.

The case of Mrs. S. J. McKinlay, of Chelmsford, Ont., furnishes a strong and mighty proof of all that is claimed for Paine's Celery Compound. It is a warning to every sick man and woman of the danger of experimenting with medicines that have no curative virtues or powers. When health is sought after Paine's Celery Compound should be used, and nothing else.

Mrs. McKinlay writes as follows: "I wish you to let the world know what Paine's Celery Compound has done for me. I was afflicted with nervousness, sleeplessness, heartburn and general weakness for five years, and during that time I was doctored and spent a great deal of money without any good results. A friend advised me to use your compound, and I am happy to say it has completely cured me. I now eat well, sleep well, and I am as strong as ever before. I am sure I would have died had not Paine's Celery Compound come to my aid. I wish every woman to know about your wonderful medicine. I will sound its praises all the days of my life."

HEADLIGHT FLASHES.

ST. THOMAS, April 15.—The Tilsonburg, Lake Erie and Pacific Railroad, to run from Tilsonburg to Port Burwell, a distance of sixteen miles, for the construction of which the Dominion Parliament has granted a subsidy of \$2,000 per mile and the Ontario Legislature \$2,000 per mile, is to be built at once. The road will be constructed for the company by a syndicate of Toronto capitalists, whose engineer, Mr. Tate, of Toronto, arrived today to make surveys and locate the line. Mr. Tate, the president of the road, says he has every reason to believe that the M. C. R. will operate the new line. The request has been referred to President LeMay.

The work of constructing the branch of the M. C. R. into Amherstburg is to be begun at once. During the summer two "V's" will be put in, one at Comber and the other at Leamington, for turning engines.

MOUINET-SULLY.

The Celebrated French Actor.

The features of Mouinet-Sully are familiar to Canadians, as the great actor, during his American tour, played to delighted audiences in this country. Mouinet-Sully mimics the passions to the life, and there is a subtlety, an intellectuality in his delineations which places him in the front rank of great players. Mouinet-Sully is a patron of the famous "Vin Mariani," and it is thus that great actor speaks of it:—"When we drink it, we sing, are gay, we love, we dream of the future, of glory, of the infinite. In fact, nothing can be better for strengthening than 'Vin Mariani.' And this is the universal testimony, that this famous tonic wine nourishes and strengthens when all else fails, building up the nervous and debilitated system, driving away the blues and all dependency, and giving a new lease of life to those who were disposed to cultivate a morbid pessimism. If you desire to know something about the celebrated persons who have spoken admiringly of 'Vin Mariani,' send your name to Lawrence A. Wilson & Co., Montreal, and they will send you an album containing their portraits, free.
