[Special to The Advertiser.] Hamilton, Aug. 8. — Hamilton took both games from London today, and stepped up into first place again in the Canadian League race. Three games were to have been played, one in the morning and two in the afternoon, it being Civic Holiday here, but rain fell in heavy showers all through the day, causing a loss of four or five hundred dollars to the local management, as there were only about 600 people present in the morning and 800 in the after-Carey's after two men were out in the minth, but the afternoon game "was easy. Three hours of steady rain made the grounds heavy, and hitting was rather dead, but Hamilton managed to bu, h hits in the fourth and seventh, and in each of these two innings an error helped out the Hamiltons. Bradford was a puzzle to the Londons. Five | witnessed at Atlantic Park this seahits were made off him. but in no inning was more than one made. After two men were out, a base on balls, an error by Hagerty and a hit by Meara gave London a run in the second, and In the third a hit by Mohler, an error less effective than his opponent. WHEEL MICHAEL DEFEATS MCDUFFIE. Jimmy Michael on Saturday defeated Eddie McDuffie in a 25-mile paced race on the Willow Grove track, but Mc-Duffie will probably protest the race. McDuffle signed a contract to race Michael 15 miles. The American Cycle Association advertised the race to be 25 miles. McDuffie first insisted on riding 15 miles according to contract, saying that he had trained for that distance, and would race no further. It was finally announced that McDuffie had consented to ride the 25 miles, in order not to disappoint the crowd of 5,000 people present. There was nothing remarkable about the race, and no records were broken. During the entire race neither got within ten seconds of the record. Time by five miles:

There is plenty of money for the man who will invent the perfect brake or improve the best of those now in use. The average rider can learn to do without a brake; in fact, he very frequently does so from sheer force of necessity. But give him one, and a good one, and he will use it in season and out of season. > It is hard to tell whether the passenger who alights from a car without

looking around or the bicyclist who rides close alongside of a rapidly moving car is more in the wrong. The small number of accidents between wheelmen and car riders because of this carelessness on part of each is astonishing. Conductors usually warn passengers about to alight when there is a truck or other heavy vehicle approaching, but they do not seem to think that the silent, swift-moving bicycle is worthy of consideration. MILBURN'S HEART AND NERVE PILLS THE REMEDY. TEART disease has of late years be-

come frightfully prevalent. Day after day the papers record sudden deaths of those who might have lived for years to fill their places in the world if they had only heeded the first signs and warnings of heart trouble and had their heart strengthened by Milburn's Heart and Nerve Pills. Dizzy spells, skip beats, palpitation, fluttering of the heart, choking and smoth-

ering sensation, getting out of breath easily, especially on going upstairs, pain in the left side of the breast, are all indications that the heart requires help. No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a normal and healthy condition as Milburn's Heart and Narva Pilla.

Mrs. Jane Alcorn. Woodstock, N. B., says: "For many years I have been afflicted with palpitation of the heart, pain in the breast and dizzy sensation on rising quickly. My appetite was poor and I was completely run down. I could not sleep at night and the nervous, weakness and general debility from which I suffered intensified my misery. My attention was called to Milburn's Heart and Nerve Pills and I started to use them. They have made a wonderful change in my condition, my appetite has been restored and I now get refreshing sleep. My heart troubles have all disappeared and I con-consider the results in my case most gratifying." Milburn's Heart and Nerve Pills are
