after Chaucer Elliott's interests. The St. Thomas fans have become a bit anxious over the outlook there owing to Elliott's illness. Only three or four players have been signed up for coming season, and with Chaucer laid up in New York, and the probability that he will not be able to get around again until the middle of May, the St. Thomas fans believe it is time something should be done. Ellfott is recovering, but it will be some time before he is able to look after his St. Thomas team. At the last meeting of the Canadian League, a committee was appointed to take care of his interests, but as they were at a loss to know just what to do-as little word had been received from Elliott-the matter was in a way

Brantford, April 3.—When the Brantford team in the Canadian League takes the field on May 14 next against Berlin, it will have behind it the support of a representative body of men who will act as officers of the club, along with the president and owner, Mr. T. J. Nelson, The list of officers is announced today as follows:

The only cloud that darkens the league horizon is the weather. The big league clubs have experienced such a frightful training season that it hardly seems possible that the minor leagues will be fortunate enough to escape. Even with the first exhibition game scheduled for Britannia Park on April 27, there is a great deal of doubt as to the advisability of calling the players together so early as April 24.

St. Thomas Heritine Will give him a chance to select his pitching staff at his leisure after watching the men work out.

The Peterboro manager says that his team is practically made up. There may be a few changes, especially in the pitching staff, if he gets the men he is after now. He and his team will be in good shape when they arrive in Peterboro.
