SYMPATHY STRIKE MAY TIE UP MANY NEW YORK TRADES

Longshoremen and Engineers May Be Next To Go Out.

WOULD HELP THE CARMEN

Effort to Call Out All Union Workers of New York and Vicinity.

New York, Sept. 11.—All members of trade unions in New York, Yonkers, Mount Vernon and New Rochelle found themselves today active factors in the dispute between the Interborough Rapid Transit Company and its employees. The various individual labor organizations in these cities served by the Interborough and its subsidiary companies, received the appeal drafted by the central labor bodies last night, requesting a sympathetic strike of all organized workers in their jurisdiction "in support of the contention of the street railway men for the right to organize."

Central Committee Formed. Since the response to this appeal must be decided by vote of members several days must elapse before its effect will be known. A central labor committee has been organized, however, and daily meetings will be held to direct a sympathetic general strike in case it is called. Labor leaders declared that strikes might be called without delay in trades directly affecting the operation of street cars, such as the longshoremen, who handle coal barges and the engineers who work in the powerhouses.

Strike Has Spread. While the elevated and subway lines continued running today without apparent interruption, the strike on the surface lines has spread rapidly. Union officials assert that 11,500 men are on strike. Not a carwheel turned all day Sunday in Yonkers, Mount Vernon and New Rochelle, and every surface car stopped running last night in Manhattan and the Bronx. Also, after these two boroughs had received an extremely limited service during the day. The seriousness of the situation has caused citizens to turn to the municipal government. It is expected that the public service commission which has been investigating the strike will make a report some time today, placing responsibility for the situation, and throwing its official influence into the balance to aid the side whose contention is upheld.

How Typos Stand. James D. Jones, president of the Typographical Union in this city, asserted, after he had been informed of the action of the union delegates at their meeting that members of the Typographical Union here have agreed with the American Newspaper Publishers' Association that no declaration of a strike can be made by the local officers of the union independently. The order, he said, would have been issued by international officers, who are located at Indianapolis, Ind. It would be necessary, he added, to give the publishers 48 hours' notice before a strike was declared.

ST. JOSEPH MAN FINED FOR VIOLATION OF C. T. A.

May Be An Appeal—What Constitutes "Personal Use?"

[Special to The Advertiser.] CLINTON, Sept. 10.—The adjourned case in which M. Cantin of St. Joseph was charged with having brought liquor into the C. T. A. county of Huron for other than his personal use came up for argument Saturday before Police Magistrate Andrews and a fine of \$50 and costs was registered against Cantin.

The case has aroused considerable interest throughout the county and brought up the question as to what constituted the meaning of "personal use" of the liquor, as mentioned in clause 117 of the Canada temperance act.

Crown-Attorney Seager, who conducted the case for Inspector Torrance, brought out in the evidence of the constables who made the seizure and also from Mr. Cantin himself, that during the last three months from \$300 to \$500 of liquor has been brought in by the defendant, also that a wedding took place in his home recently where a number of guests had been served, and that for the last two years he had been entertaining friends and guests at his home and used liquor on his table in the same manner as tea and coffee.

M. Cantin was quite within his rights when a guest came to accept of the hospitality of his host, Cantin could legally give him the best he had.

The magistrate in summing up the case said that it was quite evident from the evidence submitted that Mr. Cantin had ordered the liquor and had it brought in for the purpose for which it had been used, and that this was a violation of the C. T. A.

Mr. McEvoy on behalf of Cantin asked for ten days to consider whether he would put in an appeal or not.

RED CROSS FIELD DAY A SUCCESS IN BLYTH

Receipts Will Total \$75—Girls Play Baseball.

[Special to The Advertiser.] BLYTH, Sept. 10.—The Red Cross Society held a successful field day on the agricultural grounds. The committee is to be congratulated on the success, which is more commendable considering that all the arrangements were made during the week. There was a splendid crowd in to see the games. The races were all for children, and were keenly contested. The most interesting event of the day was a baseball match between the young ladies of Harlock and Blyth, which resulted in favor of the latter. There were some good plays made on both sides.

The receipts amounted to about \$75. The Blyth band furnished some splendid selections of music, and in the evening held a concert in Industry Hall, which was well attended.

The most successful day's sports that Blyth has had for many a year.

BRITISH CAPTURE GINCHY AFTER FURIOUS FIGHTING; OPENS WAY TO COMBLES

Throw Germans Back Between Thiepval and Pozieres—All Ground Held Despite Enemy's Counter-Attacks—Marked Advance Made in Week.

London, Sept. 10.—By an attack made yesterday on a front of about three and a half miles, in which there was severe fighting, British captured the whole of Ginchy and the territory between that village and Leuze wood (lying between Ginchy and Combles), and also advanced 400 yards on a front of 500 yards of Highwood, which is about two miles northwest of Ginchy.

In addition to this 600 yards of German trenches captured northeast of Pozieres, extending the British wedge between Pozieres and Thiepval.

The fight of the past week, as stated in an official statement, has advanced from 200 yards to 3,000 yards.

All the ground captured has been held notwithstanding German counter-attacks.

The capture of Ginchy places the German base at Combles in a trap, with the French closing in from the south and the British from the north.

The official communication issued this afternoon said:

"The ground gained yesterday has been maintained and our gains were further extended last night and this morning."

"Prisoners are still coming in and the full number taken cannot yet be stated. A counter-attack northeast of Pozieres during the night was easily beaten off."

Week's Important Fighting. "As a result of heavy fighting during the past week our line has been advanced on a front of 5,000 yards to a depth varying from 300 yards to 3,000 yards. Severe defeat and heavy losses have been inflicted on the enemy and the important and strategically-defended localities of Falemont farm, Leuze wood, Guillemont and Ginchy have been wrested from him, despite his utmost efforts to retain them. The spirit and dash of our troops during this severe fighting in the face of frequent and determined counter-attacks and constant and intense artillery fire has been magnificent."

"The fine work of Irish troops from Connaught, Leinster and Munster, already mentioned in connection with the capture of Guillemont, was carried on yesterday by the same troops in the

attack on Ginchy. Some of our rifle regiments and regiments from Warwickshire, Kent, Devonshire, Gloucestershire, Surrey, Cornwall, Wales and Scotland also engaged in all the fighting of the past week, have done splendid work."

Capture of Ginchy. Last night's statement tells of the attack which led to the capture of Ginchy. The statement says:

"We attacked this afternoon on a front of 6,000 yards, extending from Highwood to Leuze wood. As a result the whole of Ginchy village is now in our hands after severe fighting and the ground between it and Leuze wood was captured."

"East of Highwood we advanced 300 yards on a front of 500 yards. A number of prisoners were taken and the enemy's casualties were very heavy."

"Northeast of Pozieres we gained a further 600 yards of German trenches and captured sixty prisoners, including heavy casualties on the enemy, who was caught by our artillery fire while making for a counter-attack."

"Our artillery bombarded the enemy's trenches on Vimy ridge, opposite Souchez. There was reciprocal artillery activity in the neighborhood of Calonne and Ginchy, and between La Bassée Canal and Neuve Chapelle."

"Friday afternoon many air fights occurred. A number of our aeroplanes bombed another enemy aerodrome, two hangars and a shed being destroyed. One of our machines is missing."

250 Prisoners Taken. The British communication issued Sunday night says:

"South of the Ancre there is no change in the situation. "About noon today the enemy counter-attacked north of Ginchy, but was repulsed."

"In the last 24 hours more than 250 prisoners and three machine guns have been taken. Saturday the progress of our attacks was closely followed by our aeroplanes, who at times engaged hostile troops with machine gun fire."

"On the remainder of the British front there was the usual trench warfare."

"Saturday night our troops entered the enemy's trenches south of Neuve Chapelle, and inflicted severe casualties on the occupants."

ITALIANS ADVANCE LINES FURTHER IN SOUTHERN ALBANIA

Occupy Several Positions Without Opposition.

Austrian Attacks Fail

Ineffective Attempt Made to Break Through in the Tolmino Sector.

ROME, Sept. 10, via London.—The Italian forces in Southern Albania have advanced their lines, occupying several positions without opposition, the war office announced today.

"On the Trentino front the activity of the artillery was more pronounced. We repulsed unimportant attacks on our positions on Malga Sogna, on Gallares, on the Asiago Plateau, and on Monte Carli and Avioce."

"At Dolje, in the Tolmino sector, after preparation with hand grenades, the enemy attempted to break through our line, but was driven back immediately."

On the Isongo. "On the lower Isongo there was constant artillery activity. We used trench mortars and bombs with good effect. A few of the enemy's shells fell on Gorizia, Romans and Montebelluna without causing damage."

"Enemy aircraft dropped bombs on our positions in the Sugana Valley, wounding only two soldiers."

"In order to protect our southern front at Albano, our troops yesterday occupied, without opposition, the heights between Porto Palermo and the village of Subasio, on the river Zrinos Vovusa."

WOMAN SO WEAK COULD NOT SLEEP

Made Well by Lydia E. Pinkham's Vegetable Compound.

North Oxford, Mass.—"I had lost three children and I was all run down and was so weak I could not sleep at night. My stomach was very nervous and if I would start to sleep I would have to stop and lie down before I could finish. I was looking over the paper one day and read of a woman who felt as I did, and took Lydia E. Pinkham's Vegetable Compound. So I took it too. Now I am proud to tell you I am feeling fine and have given birth to a baby boy. He is my 'Pinkham' baby. I keep a bottle of Compound in my house always."

Mrs. Prior, Maroo, Box 64, North Oxford, Mass. Sleeplessness, indigestion, weakness and nervousness are symptoms which indicate a lowered vitality of the female organism, and the tonic and strengthening properties of the good old-fashioned roots and herbs, contained in Lydia E. Pinkham's Vegetable Compound are just what is needed by every woman who is in Mrs. Maroo's condition.

For free advice in regard to any annoying symptoms write to Lydia E. Pinkham Medicine Company (confidential), Lynn, Mass.

DANGER OF STRIKE OF RAILWAYMEN IS SERIOUS IN BRITAIN

South Wales Meeting Indorses Ultimatum.

GIVE ONLY UNTIL 16TH

On That Date Must Have Favorable Reply or Railway Work Will Stop.

LONDON, Sept. 10.—The situation in the railway world arising out of the demands of the men for an increase in wages of ten shillings a week has become increasingly serious. At a meeting of 8,000 railway workers at Cardiff today a resolution was adopted providing that unless the demand for the increase is conceded by Sept. 15 all railway work will be stopped in South Wales at midnight the 17th. The resolution also stated that the advance in wages should date from July 1 and that the government should give a definite guarantee that in the future it will control the supply of food and regulate prices. The resolution was carried without a dissenting vote.

Judging from the government's attitude hitherto regarding the question of the control of food, its distribution and its price, it is little likelihood that it will yield to such a demand, and should the railway workers in the other parts of the country endorse the action of the South Wales men, there is danger of a general railway strike.

James Henry Thomas, Labor member of Parliament, and secretary of the Amalgamated Society of Railway Servants, speaking at a meeting in London today, said he was able to announce that a meeting between the railway companies and the leaders of the men had been arranged for the coming week.

Mr. Bellamy, president of the National Railwaymen's Union, speaking at Dor-

chester tonight, expressed the willingness of the men to withdraw their demand for an increase of wages if the government would see that provisions were reduced to something like their prices before the war.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

Look at Tongue! If Feverish, Bilious, Constipated, Take No Chances.

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels, and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

Try It Before You Buy It!

"CHICK" EVANS WINS GOLF CHAMPIONSHIP

Defeats Robert Gardner for National Amateur Title.

PHILADELPHIA, Sept. 10.—The greatest honors in the history of modern golf fell to Charles Evans junior, of the Edgewater Club, Chicago, when he defeated his fellow-townsmen, Robert A. Gardner, of the Hinsdale Club, 4 up and 3 to play, in the final round of the national amateur golf championship tournament at the Merion Cricket Club course here yesterday.

Already the holder of the open championship, which he won at Minneapolis in June, he is the first player in either America or England to capture both national titles in the same year. Harold Hilton and John Ball, English amateurs, won both titles, but both in different seasons, while in this country Francis Ouimet and Jerome Travers won double honors, but at different times.

As is usually the case in a contest where two experts meet for a stake of great honor, the contest was a mixture of championship and mediocre golf, particularly in the forenoon round. After luncheon the pair played a game which was little short of perfection until Ginn cracked under the strain of the twenty-ninth hole, and from then on Gardner had no chance.
