Many Leading Pro Hockey Stars Will Appear Here Monday.

SEVERAL RECRUITS

Saskatoon Sheiks and Canadiens, pr ressional champions of the now-known world, hook up here in a battle Monday London has witnessed but one

London has witnessed but one professional game, that of last season when Hamilton Tigers and Toronto St. Pats played here. That game had as its chief attraction the fact that London's only pro hockey product was then a member of the Hamilton Tigers. The exhibition provided a real game and a chance to see the professionals in what proved to be real action.

The Sheiks and Canadiens provide a host of stars for the local fans to look over. Newsy Lalonde, flery leader of the Westerners, is a whole attraction in himself. The former Canadien sharp-shooter has probably the longest active service of any player in the game to-day, and throughout that long career has until the last two years also played professional lacrosse. Today as a player he is still a star, and if hockey records nas until the last two years as a player professional lacrosse. Today as a player he is still a star, and if hockey records were kept. Laionde would probably have hung up most of the marks for future generations to shoot at Any team that Lalonde leads will give action.

As the Canadien club, Dandurand's Pets would be a big attraction, but as world's champions, they are doubly so. The fact that Howie Morenz, former Stratford amateur star, will be seen at centre ice for the Habitants Monday night lends a local appeal to the game. What started out an exhibition tour, now that two games have been played to an even break will likely by Monday night have developed into a real training tour. Both teams are trying out recruits and the bumps being handed out are none too gentle. Just as it is almost impossible for amateurs to stage a real exhibition game, so do the prosent of the prosent in the prosent in the prosent in the prosent in the prosent impossible for amateurs to stage a real exhibition game, so do the prosent in the prosent

South C. I. Meets Walkerville High Eleven Here.

This afternoon the championship of the "Wossa" soccer circuit will be decided at Thames park, when South C. I. and Walkerville high school teams mingle in the second of home-and-home games for the title. These two elevens battled to a 1—1 tie at Walkerville last Saturday in the series opener, but, despite this, the local students are confident of taking a victory and the championship on their home grounds this afternoon.

The locals will be minus Hadfield, who is out through illness, but Mc-Eachern, who will replace him, should, from form shown to date, fill the breach in an entirely satisfactory mannet.

What Happened.

And every time a Washington baserunner tried to run on the Detroit catcher's bad arm he found the ball in the infielder's hands ahead of him.

Whenever a Washington player tried to run wild on a hit to left because Veach "couldn't throw the ball to the infield because of a sore arm." he would find the ball travelling ahead of him as it shot from a vide ahead of him as if shot from a rifle.

In the meantime the Washington team could not figure out why Deteam could not figure out why De-troit ran wild whenever a certain outfielder got the ball. They could not guess why Detroit should run wild on the only Washington out-fielder that had a sore arm. Why did they single out the particular one that did not have the power to throw to the infield with any speed? They could not understand why Detroit baserunners who never took a chance on any catcher suddenly ran wild on the Washington catcher who had intestinal trouble and was who had intestinal trouble and was slow in getting the ball away. No one knew about it except the mem-bers of the Washington team. Griffith finally suspected what was

happening. Walking into the club-house after another defeat at the hands of Detroit he shouted: What I say goes."
