and in itself, was not at all serious. The consequences, however, of neglecting this scratch, were very serious to me. "When the blood-poisoning set in I tried politices and a salve I had in the house. These, however, did not have the desired effect. Quite on the contrary the finger became more and more swollen and discoursed. It then began to fester, and I had to call in a dector. "He lenced the finger to let out the pus, and you can imagine how painful the finger was! Despite his care, however, it again festered and the intments, luniments, and other preparations which the doctor gave me seemed absolutely unable to bring about any relief. "The doctor thereupon advised me togo into the St. Boniface Hospital. I feared that if I went to the Hospital the finger would be amputated. We were told of a case similar to my own in which Zam Buk had effected a cure when everything else had failed and the doctor had said that only amputation could save the person's hand.

"We, therefore, decided to give Zam-Buk a trial. A supply was procured, and Buk a trial. A supply was procured, and we commenced the Zam-Buk treatment. It only needed a few days to show the wisdom of this step. The blood-poisoning and inflammation were reduced, the pain became less acute, and it was evident very shortly that the trouble was being reduced to a less and still less area. We persevered with the Zam-Buk and in the end the festering sore was thoroughly cleaned, then healed. In under three weeks from first commencing with Zam-Buk, the finger was entirely well; and had we applied Zam Buk in the first place. Instead of trying ordinary preparations, and doubt I should have saved myself hours and hours of soute agony."

All mothers should note this case. Zam-Buk is a sure cure for blood-poisoning, festering, outs, soratches from barbed wire, broises, cozma, rashes, tetter, salt rheum, face sores, ulcers, piles, bud leg, varicove veins, and all skin injuries and diseases. Later in the afternoon Mr. and Mrs. Raymond N. Bond left for Seattle en route for New York, where they will spend their honeymoon, they expect to be absent for about a month, and on their return they will take up their residence in Seattle.

The bride's travelling dress was an extremely smart tailor-made gown in a pastel shade of blue, with a fine black line, with which she wore a most becoming black picture hat, surmounted with willow plumes, and lined with the palest pink silk, caught with tiny rosebuds and a very handsome set of lynx furs, the gifts of her parents.

Mr. and Mrs. Bond were the recipients of very many beautiful and costly presents, among which were a very large number of cheques.
