

The Talk of the Town

At the invitation of Rev. Dr. Shearer of Toronto, the Rev. T. P. Drummond will take part early in June, in large evangelical services to be held in St. John.

TO ARRIVE

One hbl. Columbi batteries particularly adapted to motor boat and automobiles, McLellen Foundry Machine Works.

Dr. Pinault nearly lost his auto the other day by fire, but Bill Noble was on the job, as per the lines in "The Fire at Campbellton," consequently there was just a little paint and a tire turned.

Campbellton is hard to beat at anything. Shortly before the storm broke on Sunday the thermometer at a spot in Vin-I mean Ward III, registered 90 in the shade. Gee! it was warm.

Victoria Day saw a large crowd taking advantage of the trip to St. Leonard's, per the International Railway. We don't know half the beauties of our county and of the beauty spots to be seen from an I. N. R. train.

The Merchants and Clerks Association has been asleep for sometime, but we hear whispers that it is likely to awaken soon. Perhaps it was only a yawn we heard, but it was certainly something like "early closing."

Rev. Mr. Schurman preached in St. Andrew's Church on Sunday. A large audience listened to the Rev. gentleman, who gave a stirring discourse. Mr. Schurman, as before stated will leave shortly to take up his duties at Bear River, N. S.

In getting out the plans for the new Power Station, would it not be well to look into the matter of placing the buildings at the Eastern side, leaving us the only strip of beach we have in this end of the town. We can't always go away to Tite Head to get down to the river.

The sailing vessel "Woodburn" is in port. It might interest our readers to know that the first ship "Woodburn" was dismantled in a gale in the Indian Ocean and towed to Bombay. The new masts were made and ready to be shipped when word was received that the hull had been condemned. The masts were therefore placed in the hull of a vessel then building on the Clyde and the ship named the Woodburn.

The Military Contingent for the Coronation will sail from Quebec on the 2nd of June and return from their festivities on the 7th July. They will be well looked after on the Empresses.

Sergt. Chas. Archer was given a Bean Supper last Saturday by the members of the International Baseball Club. The boys had a good time and wished Charlie all sorts of luck on his first trip to the old country.

While we in the East are enjoying summer weather, press reports tell of a heavy fall of snow in Southern Alberta. This is the same spot which is called "Sunny Alberta." The Restigouche is good enough for us.

Dr. McNichol wishes to announce to his patients, that he is now ready for business in his new suite of offices upstairs in the McRae block. May 26-2ins.

As a matter of public safety, it is right that so much inflammable material should be exposed in Ward III? A number of barrels of oil and gasoline are lying in the open up there and constitute an enormous source of danger.

We understand the prisoners sent down to Dalhousie would not change places with anyone. They have all the liberty and privilege to go about in the streets as they please, and look on the prison as a dandy boarding house. Seriously there is something wrong in our penal system.

Mr. John Riddell, formerly of Campbellton, is taking a course in Science at Toronto. His friends are pleased to hear that he has passed his second year examination with honors. This is the second time he has taken honors. Mr. Riddell is now out with a surveying party in Sault Ste. Marie.

Ward III certainly gets all that is coming to it. In the height of the storm on Sunday a building was struck by lightning, doing considerable damage to the chimney and walls and destroying an iron bedstead. One of the children in the house had been removed from the bed very shortly before it was struck.

The shooting season opened on the 24th at the Rifle Range with a good attendance. Some very good scores were made, Mr. A. H. English winning the spoon with a score of 95. The club are looking forward to an interesting season, many new members being added and arrangements well forward for a number of matches, including the Dominion Rifle Shield. Keep both eyes opened.

The mere announcement that the Colonial Stock Co. is returning to Campbellton on May 29th for its annual spring engagement should arouse exceptional interest in the hearts of its many friends and patrons, in fact all lovers of high class dramas and comedies should welcome the return of this estimable company with enthusiasm. Its repertoire will consist of three new plays never before seen on the stage in Campbellton, they will be of the same high calibre as the plays always produced by this company. The opening play, "The Marriage of Kitty," is a high class farce comedy with a good consistent story full of excellent situations. The part of Sir Reginald Belsize which is played by Mr. Frank Oliver is the best comedy part he has had since first coming to this country six years ago to join Miss Mary Fealy's company in touring the States. The Colonials have met with big success in playing, "The Marriage of Kitty." They played it for the Odd Fellows of Charlottetown on April 26th to a packed house and it was considered by all who saw it the best play they have ever produced.

"Emeralda," the third play they will put on is a rural play of the Old Homestead type. It is as well-known and as popular as Denmar Thompson's great play. The people of Campbellton attending these performances will be more than paid for the prices charged, considering the acting ability of the company and the scenic productions of these standard plays.

DIED
Mrs. Cormier, aged 60, a native of Maria, P. Q., died in the hospital last Friday. The remains were removed to Maria for interment.

Mr. James Glover, a native of Kemp Road, was buried there last Saturday. Deceased was over 80 years of age and had been ailing for two or three months. Mr. Glover was well known here and respected by all who knew him.

Mr. Joseph Damboise returned last week from a trip to the Canadian West. He visited Edmonton and other cities and liked the country very much.

PERSONAL

Judge Trueman was in town Thursday.

Mr. Karl V. Schurman paid a visit to Dalhousie on Wednesday.

Miss Annie Anderson left last week to visit friends in Hampton, N. B.

Messrs. Harry and William Ferguson spent Wednesday in Newcastle.

Mr. Wm. Gunter has arrived home from Fredericton with his new auto.

Mr. Wm. Glover, who has spent the winter in the States has returned to town.

Mr. H. M. Millican leaves town next week to join the happy ranks of the benedictins.

Mrs. C. F. Clare and son spent Friday and Saturday last week with Mrs. D. C. Firth.

A number of parties spent Wednesday making canoe-trips down the river. They returned with the usual crop of fish stories.

Miss DeCorrevont's friends are pleased to notice her success in the musical examinations held recently at McGill conservatorium, Montreal.

Mr. and Mrs. Alex. Arsneau of the town of Oconto have sold their farm and will leave next Tuesday for Dalhousie, N. B., where they will reside permanently.—Oconto Reporter

TO WHOM IT MAY CONCERN

I received a postal card through the mail stating "you or your wife or stable man have been selling liquor to A. K. Alford of Tide Head," and refuses to sign any name. I never sold any liquor, neither has my wife, nor have I ever had any person to sell it for me. This I can prove.

The person or persons who wrote this card is a coward and a dirty contemptible liar and is not fit to live in this community, should be at Dorchester and not at large. When you write again sign your name so we can deal with you as the law provides.

RICHARD ELLSWORTH.
Campbellton, May 22, 1911.
