LOWNSBROUGH & CO.. BANKERS AND BROKERS.

22 King-st. east, Toronto, Transact general banking business, issue drafts on principal cities of the world, buy and sell stocks, bonds, etc.

Special attention paid to the purchase and sale of stocks dealt in on New York Stock Exchange. Drummond & Brown received the following today over their private wire from Schwartz, Dupee
& McCormick of Chicago: Beautiful growing
weather with very weak cables conspired to
make a very weak market to-day. French markets were quoted easy. Berlin and Antwerp
were both lower and it was a notable fact that
Indian wheat sold to-day below 8s, a lower price
than it has been for many weeks. London market was from 6d to 1s lower, flour showing a corresponding decline. Cargoes on passage were
reported early to-show an increase of 1,440,000
bushels. This was afterwards corrected to a decrease of that amounts but in the face of weak
foreign markets the correction had no effect.
There has been heavy selling by local professionto have gotten over their alarm as to selling July
ontion. St. Louis reports a heavy demand for
grain bags, and yielding a free movement of new
wheat. The first sale here against the new ignain
was made so-day. The receipt here, 188 cars, were
large. The recent effort to bull corn miscarried
badly to-day, being upset by the clearing weather
and by larger receipts than expected. To-day's cars
were 553, estimates for to-morrow 350. The
charters, 350,000 bushels, were large, but the
as lodd down to 50%c, a decline of a full 1%c.
Our local traders are beginning to take the bear
side actively, although the small stock here induces sales of Sept. instead of July. We look
for lower prices. Provisions were very weak,
Receipts of hogs, although a little under the expectations bere to-day, were very large, at
the western points, Kansas City showing 16,000. The
stimate for to-morrow is 28,000. July stuff is
pressing of the market, and the only thing which
threatened a sharp decline to-day was covering
by a local short. We see no good buying, while
the selling is done by the best class of operators.

J. J. Dixon & Co. received the following despatch from Henry Allen & Co. of New York to-day: The market continues listless with no spatch from reary limits to day: The market continues listless with no feature but heaviness. New stocks are being forced for sale, but those that are have to be put out at concessions. The bull pools, which hither to have been most hopeful, are showing signs of discouragement. Bankers generally are taking blue views of the money market outlook. The south and southwest are bare of funds, having been practically cleaned out to help New York-withstand the effects of the gold exports. There is practically no commission business being done for what is called the public. The bond market has not a single notable transaction in it, and several important and ordinarity active traders are getting ready to follow Mr. Cammack's example and spend the summer abroad.

Long As 1 Live.

Seventeen years ago was full of rheumatism and I lay four months flat on my back, eight doctors attending me. I was so stiff they carried me like a baby to and from the cars to St. Leon Springs. After sixteen days' drinking and bathing in St. Leon I returned supple in every joint and I could run. I have remained well ever since, and have sent numbers to the springs to zet cured. the springs to get cured

BREAKFAST. "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hunareds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame." —Civil Service Gazette.
