FRIEND OF THE CANADIAN! WOLLOWIAY'S DILLS.

Extraordinary Cure of Asthma!!! of an old Lady, seventy-five years of age.
Copy of a Letter from Mr. Thomas Weston, (Book Store,) Toronto, dated the 9th October, 1854. To Professor Rolloway,

Sir,-Grainude compels me to make known to you the estiaordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with asilima and spiriting of blood, it was quite agony to see her suffer and hear her cough: I have often declared that I would give all I posses ed to have cured her; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did, the result was marvellous; by slow degrees my mother became bett r. and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy

I remain, Sir, your obliged. THOMAS, WESTON.

Remarkable Cure of Dropsy !! after being

tapped three times.

Copy of a Letter from Anthony Smi h, Esq. Halifax, Nova Scotia, dated the 25th Angust, 1854.

Te Professor Holloway, Sir.-I desire to add my testimony to the value of your Pills, in cases of dropsy For nine months I suffered the greatest torture with this distressing complaint; was tapped three times, and finally given up by the doctors; having become in appearance as a skeleron, and with no more strength in me than a child just born. It was then that I thought of trying your Pills, and immediately tent for a quantity, and commenced using them. The result Lean scarcely credit even now, although true it is. After using them for four weeks, I felt much better and by persevering with them, no the expiration of two months, I was completely eurod. I have since enjoyed the best of health.

l am. Sir. yours, sincerely. (Signe d) ANTHONY SMITH
Astonishing Cure of General Debility and
Liver Complaint !!!

Copy of a Letter from William Recves, of Charlottetown, Prince Edward's Island, dated 17th Nov. 1854.

To Professor Holloway, Sir,-I am happy to say that your Pills have restored me to health after suffering for nine years from the most intense general debility and langour, my liver and els were also much deranged for the whole of that time. Is tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks I was cured, after every other means failed, to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restora ion to health, and will recommend your Pills to all sufferers, feeling it my duty

I remain, Sir, your humble servant, (Signed) William Reeves.

AYER'S PILLS.

A NEW and singularly successful remedy for the cure of all Billious diseases — Costiveness, Indigestion, Jaundice, Dropey, Rheunatism, Feveres, Gout, Humors, Nervousness, Irritabili Tindannations, Headache, Frisis in the Breast, Side, Back, and Limbs, Female complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative This is affice true of %0.5%, Feverisis symptoms, and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative This is affice true of %0.5%, Feverisis symptoms, and Billious derangements. They all tend to become or produce the deep scatted and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pull has been perfected with consummants skill foliment that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the susnicion of untruth.

Among the eminent gentlemen, to whom we are allowed to refer for these fagis, are

PROF. VALENTEN, MOTT, the distinguished Surgeon of New York City.

BOUT, A. A. HAYDS, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

IRA & MOORE, M. Do, an emiment Surgeon and

geon of New York City.

Doer, A. A. Haviss, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

Into L. Moore, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. SOLTHAVICE, Esq., one of the first merchants in New York City.

C. A. Davis, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred such names, from all parts where the Pills have been head to the seed of the most shown in their effects upon trial.

These Pills, 4m result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs thenselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical science can afford. They are compounded not of the drugs thenselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical spreases, in a state of parity and combined together in such a manner as to insure the best results. This system of composition of medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient rearedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, erry medicine is burdened with more or less of aermonious and injurious qualities; by this, each individual virtue only that is desired for the curative effect is present. All the hert and obnoxious qualities of each substance employed are left belind, the curative virties only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counts of an attending Physician, and as he could not properly judge of a remedy without knowing its c

few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many emment Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist, such drampsements as are the first, origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.
