Cheeseries, La Baie, Que.

Will continue to sell, as heretofore, every week, in Montreal, the cheese he is entrusted with.

Money to be paid immediately after the sale. I particularly draw the farmers' attention on this method of selling. A good and advantageous opportunity affords itself to the good cheeseries to sell their products at wholesale prices and that at very little cost. Correspondence solicited.

A Good Cultivator or Scuffler is not a very expensive implement yet to the farmer who raises Roots or Corn it is one of the most useful. Frequent stirring not only keeps weeds under, but puts the soil in a condition to absorb moisture from the atmosphere so necessary in dry weather.
