

# BROKEN RECORDS

All records of dairy sanitation were broken and are now held by

**Wyandotte**  
Dairyman's  
Cleaner and Cleanser

"Wyandotte" is a cleaner cleaner, it always shows a lower bacterial count, it cleans more utensil surface per quantity used, it gives the dairy a more sanitary tone and its cost of using is always less in the end—these are the facts always claimed and you find them true no matter with what cleaning agent you may wish to compare "Wyandotte."

Indian in Circle

In Every Package

After a thorough investigation all Dairy Colleges know these facts to be the truth for they use and recommend only Wyandotte Dairyman's Cleaner and Cleanser. To prove these facts to your own satisfaction ask your dealer for a sack or write your supply dealer for a keg or barrel.

The J. B. Ford Company, Sole M'rs.,  
Wyandotte, Mich., U.S.A.

This Cleaner has been awarded the highest prize wherever exhibited.

## COLLEGE-BRED FARMERS use CANADA CEMENT

The use of Canada Cement by Canadian farmers for concrete improvements has grown to tremendous proportions in the last few years. In every community from Nova Scotia to British Columbia the most successful farmers—which means the best trained ones—have set the example by using concrete for silos, barns, feeding floors, root-cellars, fence-posts, and every other purpose possible.

They have found that the use of concrete eliminates one of the worst avenues of waste—repairs; and it is by preventing all forms of waste that the college-bred farmer is doubling the products of his land.

Our information department will supply any desired information on the use of concrete, free.

Address Publicity Manager,

**Canada Cement Company**  
MONTREAL Limited

The success of concrete work is absolutely safeguarded when Canada Cement is used.

Be sure that every bag or barrel bears the "Canada" label
