

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF
Colds, Influenza, Hoarseness, Croup, Bron-
chient Consumption, and for the relief of Con-
sumptive Patients in advanced stages of the disease.

Of the pulmonary organs are so prevalent
in our ever-changing climate, that a relief
has been long and anxiously sought for
the community. The indispensable quali-
ties of a remedy for popular use must be, cer-
tainly, operation, absence of danger from
over-doses, and adaptation to every patient
of either sex. These conditions have been
met in this preparation, which, while it reaches
the seat of disease and acts with unflinching
force, is still harmless to the most delicate in-
fant. A trial of many years has proved
beyond all doubt that it is efficacious in curing pul-
monary affections, beyond any remedy hitherto known.
As time makes these facts wider and
dearer, this medicine has gradually become a
necessity, from the log cabin of the American
to the palaces of European kings. Through-
out the entire country, in every state, city, and in-
deed almost every hamlet it contains, the Cherry
Pectoral is known by its works. Each has living
evidence of its unrivalled usefulness, in some recover-
ed victims, from the threatening symptoms
of consumption. Although this is not true to so
an extent abroad, still the article is well under-
stood in many foreign countries, to be the best medi-
cine for distempers of the respiratory organs
of which it is extensively used by their
most eminent physicians. In Great Britain, France,
Germany, where the medical sciences have reach-
ed the highest perfection, *Cherry Pectoral* is intro-
duced in constant use in the armies, hospitals,
prisons, public institutions, and in domestic prac-
tice, the surest remedy their attending physicians
employ for the more dangerous affections of the
lungs. Thousands of cases of pulmonary disease,
had baffled every expedient of human skill,
have been permanently cured by the *Cherry Pectoral*,
the cures speak convincingly to all who know

QUARTER OF ALL OUR PEOPLE are scrofu-
lar persons are invaded by this lurking in-
firmity and their health is undermined by it. To
drive it from the system we must renovate the blood
by the use of a purgative medicine, and invigorate it by healthy
exercise. Such a medicine we supply in

**AYER'S COMPOUND EXTRACT OF
SARSAPARILLA,**

the most effectual remedy which the medical skill of
our age can devise for this everywhere prevailing
malady. It is combined from the most ac-
tual medicinal plants that have been discovered for the ex-
termination of this foul disorder from the blood, and
the purification of the system from its destructive conse-
quences. Hence it should be employed for the cure of
scrofula, but also those other affections
arise from it, such as Eruptive and Skin Dis-
eases, *Anthony's Fire, Rose, or Erysipelas, Pim-
ples, Blotches, Warts and Boils, Tumors,
and Salt Rheum, Scald Head, Ringworm, Rheu-
matism, Syphilitic and Mercurial Diseases, Drispy,
Itch, Debility, and, indeed, all Complaints arising
from Vitiated or Impure Blood.* The popular be-
lief that "SCROFULA OF THE BLOOD" is founded in
fact, scrofula is a degeneration of the blood. The
purpose and virtue of this Sarsaparilla is
to purify and regenerate this vital fluid, without which
health is impossible in contaminated constitu-

AYER'S CATHARTIC PILLS

FOR THE CURE OF
*bilious Complaints, Rheumatism, Dropsy,
Nausea, Headache arising from a foul Stomach,
Indigestion, Morbid Irritation of the Bowels,
arising therefrom, Flatulency, Loss of Appete-
tite, and Cutaneous Diseases which require
Purgative Medicine, Scrofula or King's Evil. They*

also, by purifying the blood and stimulating the system,
cure many Complaints which it would not be supposed
they could reach: such as Deafness, Partial Blindness,
Neuralgia and Nervous Irritability, Derangements
of the Liver and Kidneys, Gout and other kindred Com-
plaints arising from a low state of the body or obstruc-
tion of its functions.

These Pills have been prepared to supply a surer,
safer, and every way better purgative medicine than
has hitherto been available to the American people.
No cost or toil has been spared in bringing them to
the state of perfection which now, after some years
of patient, laborious investigation, is actually realized.
Their every part and property has been carefully ad-
justed by experiment to produce the best effect which,
in the present state of the medical sciences, it is pos-
sible to produce on the animal economy of man. To
secure the utmost benefit, without the disadvantages
which follow the use of common cathartics, the cura-
tive virtues alone of medicines are employed in their
composition, and so combined as to insure their equa-
ble uniform action on every portion of the alimentary
canal. Sold by Morton & Cogswell, Halifax; W. R.
Watson, Charlottetown, P. E. I.; E. P. Archbold,
Sydney, C. B.; and at retail by druggists and mer-
chants in every section of the country.
