The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," assome of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special

burden of suffering, or joy at release from it. Her regetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this. On account of its proven merits, it is recommended and prescribed by the test physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhesa, irregular and painful

Menstruction, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life," It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weak-

ness of the stomach. It cures Bleating, Headaches, Nervous Prostration, General Debility, Skeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system. It costs only \$1, per bottle or six for \$5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect

health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of either sex this compound is insurpassed as abundant testimonials show

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation Billiousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bido fair to equal the Compound in its popularity.
All must respect her as an Angel of Mercy whose sole

ambition is to do good to others. Phile Mohin, Pa. (2)

SAD DROWNING ACCIDENT.

EAVE HIS FRIEND.

RIVIERE DO LOUP (En Bas), July 17 .- A very and drowning accident occurred today, the victims being three boys, one the son of Mrs.

Widow Marchand, aged about 16, and the others sons of Mr. Lord, a tailor, aged 13 and 15 years respectively. It appears that the

three boys went to bathe in the Riviere du

very strong and the bed rocky at this point. Marchand was the only one able to swim, the

others, it appears, having gone to learn. From

what information can be gathered, one of the Lord boys jumped into the river and

THE RETURN OF SENATOR JONES. HIS VISIT TO HIS BIRTHPLACE IN IRELAND AND HIS

LEROY BREWER.

Two bottles of your Bitters cured me.

NEW YORK, July 18 .- Senator Jones of Florids, who has just returned from his trip to Europe, is stopping at the New York A News reporter called on the Sensior to-day to interview him in regard to the present condition of affairs in I:cland. Senator Jones is an Irishman by birth, and is held in high esteem by Irlah Nationalists both in this country and in Ireland. He declined to submit to a formal interview. He said he had made up his mind to reserve for some future occasion whatever he thought worth saying about what he saw or heard. My visit," said he, "was purely a social one. I went back to visit my native place-Balbriggan, County Dublin-which I had not seen since when quite young. I left it to come to this country."

The people of Balbriggan gave the Senator rousing reception, and he was entertained most hospitably by the members of the Irlsh Parliamentary party. He dined with them in Dublin and London. At the banquet in Dublin the Lord Mayor presided. By a strange coincidence it happened that General Wolseley was dired the same night in Dublin. Some of the pro-English organs of public opinion falsely asserted that the dinner tendered to Senator Jones was appointed for the same date as the Wolseley dinner in order to detract from the eclat of the latter. Snator Jones cays that in his opinion there

is a slight improvement in the condition of Ireland; but he was told upon the most reliable authority that dire distress prevailed in the West of Ireland. In spawer to the ones tion of what his opinion was on the subject of assisted emigration, Senutor Jones said that the deportation of poor Irish people to this country, as was done by the British Govern. ment recently, was "an unwise policy." The Senator incidentally remarked that he had heard a great deal in this country about Irish lawlessness, but he was agreeably dis appointed to learn from actual observation in Ireland that the reports were greatly exag-gerated. The Senator, besides visiting Ireland, spent some time in England and France.

A REMARKABLE MONSTROSITY.

A CHILD BORN WITH TWO FACES, FOUR ARMS, FOUR LEGS AND ONLY CAR HEAD AND BODY.

NEW YORK, July 18 .- Great excitement preveiled in Mulberry street about "the bend" today over the birth of an extraordinary monstrosity last night on the first floor of the tenement, 35 Mulberry street. Distinguish ed looking foreigners with bogs over their shoulders and reg picks in their hards crowds of women with oiled bair and swarms of children filled the etreets, stoops and gutters and discussed the extraordinary event. Maria Antoni, an Italian woman, last night gave birth to a child baving four arms, four legs, one head, one body and two faces, and this extraordinary event was the cause of the excitoment.

A News reporter visited the house, and after some difficulty, was given a view of the extraordinary child. It was inclosed in a large cigar box, with some broken ice under it, and wrapped in a damp cloth to keep the flies off.

The child is a most extraordinary curiosity. It is a male child, or rather two of them The head is very large and flat, the front face looking somewhat like that of a jelly-fish, although the face, eyes and mouth are clearly defined. The child breathed for a few min-utes after its birth Where the back of the head should be is another face, but not nearly so well defined. The four arms intertwine. The shoulders on each body are perfect, but

the stomachs are joined more than half way down. There the bodies again separate, and each assumes its individuality, the sex, both being males, being well defined. The legs and feet are perfect, and on all the hands and feet are the regular number of fingers and toes.

The whole substance weighs about four and a half pounds, and the head being flat. tened somewhat, gives an unnatural and fishlike appearance to the body. This undoubt-

the bodies were taken away to the doctors'. THREE BOYS LOSE THEIR LIVES, ONE THYING TO Finally a policeman had to be sent for to

clear the building.

Dr. Ten Eyck, who attended the woman, says she is doing very well, but he cannot account for the strange birth. There are two sets of respiratory and cardiao organs, two viscers and only one brain. They are pre-sumed to be seven months' children. From about the centre up the junction of the bodies is perfect. The case is exciting much interest in the medical world.
