

DOUBLE DECEPTION.

The Public Often Imposed On.

Proprietary Medicines and Pills That are Utterly Worthless.

When You Ask For Paine's Celery Compound do not Allow Your Dealer to Recommend Something Else.

Yes, there is a vast amount of double deception practised in the country. The double deception imposed on a top-confiding people just means the making of worthless liquid medicines and pills, and putting them into the stores of dealers who often recommend them when Paine's Celery Compound is asked for.

This work of falsely recommending and substituting is fraught with many evils. It encourages deception and falsehood; it brings the public to the position of slaves to the will of the grasping dealer; it tends to prolong sufferings and agonies when the sick are forced to buy what they do not ask for; and lastly, the vile work of substituting assists the spread and circulation of preparations that should be prohibited by law.

This work of recommending poor and trashy medicines when Paine's Celery Compound is asked for, is meeting with its just reward in many places. The substituting and deceptive dealers are being shunned, and the money for Paine's Celery Compound goes into the hands of upright and honest business men, contented with moderate profits, and who are anxious to give men, women and children just what they ask for.

The great desire of sick and diseased people is a new life, which means health, strength and bodily vigor. This condition is surely and speedily realized when Paine's Celery Compound is used. This fact is proved every day by the number of testimonials received from cured people. The clergy, medical men, bankers, merchants and the everyday people testify in favor of Paine's Celery Compound; such letters cannot be shown by the proprietors of the medicines you are asked to avoid.

MANITOBA CATHOLICS WANT NONE BUT THE BEST SCHOOLS.

WINNIPEG, Man., October 14.—Rev. Father Burke, of Prince Edward Island, preached yesterday at the Church of the Immaculate Conception. Towards the end he alluded to the question of the schools. Catholics here, as elsewhere, were glad to say, were a unit as to efficiency. Efficient teaching and proper inspection Manitoba Catholics would not now, nor did Archbishop Tache, ever resist. They aimed at superiority in education, not equality or inferiority. The Catholic Church led, not followed. To refuse the settlement of the question on the false grounds of Catholic unwillingness to be reasonable was very poor politics on the part of the local authorities. The better judgment was protest, and Manitoba must repudiate in the end a policy so mischievous. Manitoba should hesitate before continuing a fratricidal fight here or inflicting one upon the rest of Canada. He hoped the question would be settled amicably at once, and all work together for Canadian peace and unity. The sermon made a grand impression.

To revolutionize society by freeing men from tailors' misfits and high prices. Men wearing one of our Suits seldom go by a mirror without smiling to themselves over the \$5.00 they've saved by purchasing their Fall Suits at the old reliable house of J. G. KENNEDY & CO. It's human nature to chuckle over one's cleverness in getting the same suit of clothes for \$7.00 that some one else pays \$12.00 for.
