OD CHEM. CO., NEW YORK.

BORINE

**ANTISEPTIC, NON-TOXIC, FOR EXTERNAL
AND PROPHYLACTIC, NON-IRRITANT, AND INTERNAL USE.**

FORMULA.—Borine is composed of the active constituents of *styrax benzoin*, *gaultheria procumbens*, *spiraea ulmaria*, *solidago odora*, *hamamelis virginica*, the stearoptenes of *thymus serpyllum*, *eucalyptus globulus*, *mentha arvensis*, with boracic acid.

Borine possesses a fragrant odor and a very agreeable pungent taste. It mixes with water in all proportions, and is compatible with most of the preparations of the pharmacopœia. It does

not injure or stain the most delicate fabric, and is therefore useful as a general disinfectant.

Borine is highly recommended as a Mouth Wash, as a Gargle, Spray or Lotion in inflammations of the throat, nose and mucous membranes; for Inhalation in croup, diphtheria and whooping cough; as a soothing and antiseptic application to wounds, burns, etc., and internally as a sedative, antifermentative and carminative in digestive troubles and in intestinal disorders.
