

Standard Structural Co. CONSTRUCTION ENGINEERS

FACTORIES, Office Buildings,
Warehouse Buildings, Foun-
dations, Municipal Work, Re-
inforced Concrete Work, and all
General Contracting.

Our working organization and
equipment enables us to carry out
contracts with thoroughness and
expedition. No contracts are too
large or too small for our personal
attention.

Our engineering staff is at the dis-
posal of the architect.

JUDGED BY STRENGTH AND SPRINGINESS, IT COSTS YOU ONE FIFTH THE PRICE IT IS WORTH—

You will remember that the Toronto School of Science
proved "Hercules" patented interlock method of mat-
tress weaving to be 5 times stronger, springier than
ordinary mattress weaving.

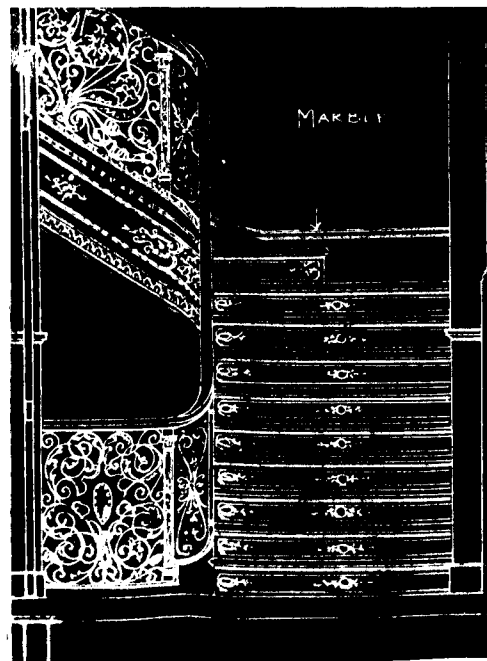

So when you consider that "Hercules" bed-springs,
with this law-protected feature of 5 times extra strength,
merely cost a few cents more than the ordinary kind—

—Surely you must agree that they are far and away
the best mattress value you can buy. For they really
give you 5 times longer wear, as well as 5 times more
restful comfort.

Be sure and ask your furniture dealer for a "Hercules."
