(Notices of Motions)

On motion of Mr. Anderson, seconded by Mr. Deachman, it was ordered,—That a Special Committee of the House of Commons composed of not more than 15 members to be later designated by the House, be established to investigate generally the problem of pollution in the waters, soil and air of Canada, and the plans of the federal government in relation thereto, with powers to report from time to time its observations, opinions and recommendations thereon.—(*Notice of Motion No. 8*).

Mr. Thomas (Moncton), seconded by Mr. Forrestall, moved,—That, in the opinion of this House, the government should take the initiative, in collaboration with the provinces, to improve and standardize procedures of compiling statistical data on tourism, with the purpose of establishing long-range objectives and sound policies for the travel industry in Canada.—(*Notice of Motion No. 9*).

And the question being put on the said motion, it was agreed to.

By unanimous consent, item numbered ten was allowed to stand and retain its precedence.

Mr. Deachman, seconded by Mr. Anderson, moved,—That, in the opinion of this House, the government should consider ways of preventing oil drilling in West Coast Canadian waters where accidental oil leakage could create a major disaster in this busy industrial, recreational and residential area.—(*Notice of Motion No. 11*).
