Mr. Watson (*Châteauguay-Huntingdon-Laprairie*), from the Special Joint Committee on Penitentiaries, presented the Third Report of the said Committee, which is as follows:

The Orders of Reference appointing the Joint Committee direct that it is "to consider the state of penitentiaries under the control of the Government of Canada and the plans of the Government in relation thereto." In pursuance of these Orders of Reference, the Committee had placed before it the matter of the design of the standard maximum security institution which the Canadian Penitentiary Service proposed to build at the various locations described in a ten-year plan of institutional development produced in 1963, namely:—one in the Atlantic region; two in the Quebec region, one of them at Ste. Anne des Plaines; two in the Ontario region; one in the Western region. Two maximum security institutions on this design are proposed in the first phase of a ten-year program. The contract for one of these institutions, Ste. Anne des Plaines, had already been let before the matter was referred to the Committee. A final decision was pending on the second of these maximum security institutions, to be built near Kingston, at Millhaven, Ontario.

In considering the standard maximum security institution design that is proposed, the Committee held nine formal hearings over the period from June 30, 1966, to April 6, 1967. Members of the Committee also held informal meetings in Washington, D.C., with senior officials of the Bureau of Prisons of the United States Department of Justice. In addition, members of the Committee visited St. Vincent de Paul Penitentiary on October 19, 1966 and Kingston Penitentiary on November 4, 1966.

The following witnesses were heard during the formal hearings:—The Honourable L. T. Pennell, Q.C., Solicitor General of Canada; Mr. A. J.
