**Mr. Speaker:** I declare the amendment lost.

Order, please. We do not want to have Question Period noise spilling over into our vote taking.

**Some Hon. Members:** Oh, oh!

**Mr. Speaker:** Order, please.

**Mr. Deans:** Mr. Speaker, I rise on a point of order. In order to expedite the proceedings I suggest that it might be possible to apply the vote just taken to all of the remaining Motions, with the exception of Motions Nos. 2 and 3. Our intention would be not to vote in the same way on Motions Nos. 2 and 3. It may be necessary to take the vote on Motion No. 2 and apply it to Motion No. 3, and apply the first vote on the amendment to the all the remaining motions.

**Mr. Gray (Windsor West):** Mr. Speaker, I have been consulting with my colleague, the House Leader for the New Democratic Party. This approach would certainly be satisfactory to the Official Opposition.

**Mr. Hnatyshyn:** Mr. Speaker, I attempted to get in touch with the House Leader of the New Democratic Party, but I was unable to do so. What he says seems to be reasonable to me.

**Some Hon. Members:** Oh, oh!

**Mr. Speaker:** I think I know what we are doing. I must, however, put the question on Motion No. 2 because it has not yet been put to the House. Only the amendment was put earlier. The question is on Motion No. 2 standing in the name of the Hon. Member for Saint-Henri-Westmount (Mr. Johnston). Is it the pleasure of the House to adopt the motion?

**Some Hon. Members:** Agreed.

**Some Hon. Members:** No.

**Mr. Speaker:** All those in favour please say yea.

**Some Hon. Members:** Yea.

**Mr. Speaker:** All those opposed please say nay.

**Some Hon. Members:** Nay.

**Mr. Speaker:** In my opinion the nays have it.

*And more than five Members having risen:*

**Mr. Speaker:** Shall I dispense with the ringing of the bells?

**Some Hon. Members:** Agreed.

**Mr. Speaker:** I take it that on Motion No. 2 Members wish to apply the vote in reverse?
