

Saturday,

February 24th, 1923.

Mr. R. L. Hamilton of the Students' Council saw me with reference to the constitution of the body it is intended to create to deal with all matters of finance and all questions of policy of University athletics.

The University had a gala day in respect to Intercollegiate sports, winning the championship in the Ladies' Basketball, Water polo, Boxing, Fencing and Wrestling, and tying in the Men's Basketball.

Tuesday, February 27th, 1923.

Consulted with Lord Shaughnessy with reference to project of Mr. Gillespie and was advised to leave it alone.

Lunched with Sir Frederick Williams-Taylor at his house to meet the Dean of Windsor. There were present Messrs. Beatty, Molson, Meredith, Laing, Geoffrion and Leacock.

At three o'clock had a meeting of the Deans in my office where they gave their approval to the plan to consolidate the records in the office of the Registrar. My understanding was that if any Dean needed a duplicate set this would be prepared by the Registrar and given to the Dean.

Had a number of Professors to meet the Dean of Windsor at tea in the Mount Royal Club.

Dined with the Harvard Club in the evening.
