

The
HONORABLE
ROBERT BALDWIN;

IS appointed an *Executive Councillor*, and sworn into office Solicitor General...highly complimented by Her Majesty's Government, on his appointment, and will be sworn in, as an Executive Councillor, whenever he presents himself at the Seat of government for that purpose.

He advocates the principles and policy of Lord Sydenham's Government, as laid down by Lord John Russel--to maintain British Supremacy; commonly called "the Russel Purge," which has had a salutary operation upon the Officials.

He will advocate reciprocal Duties: and will use his influence, and utmost endeavours to have the duties on Canadian Produce remitted in England, and through out the British empire; where his voice will be listened to with due respect; and, will not be insulted, as he has been at the Hustings, by men who have been imposed upon, by the 'Ultra Tory Compact--notoriously celebrated for misrepresentation.

The Seat of Government is determined upon by the best advice of Military Men, who think KINGSTON the most secure, & eligible situation for that purpose.

It has been officially announced, to one of the candidates, not to throw any impediment in the way of the Honorable Robert Baldwin's election for the District of Victoria.--No Squib.

Pro bono Publico.
