BONAR LAW BRANDS HOME RULE AS "TREACHEROUS CONSPIRACY"

Unionist Leader Addresses Huge Demonstration of 150,000 Orangemen at Belfast, Urging That Measure Be Killed Forever—No Rioting.

BELFAST, April 9.—I have come here to give you the assurance that we Unionists regard your cause as the cause of the empire.

"We will do all that man can do to defeat a conspiracy as treacherous as any that has ever been formed against the life of a great nation.

"If we defeat Home Rule now it will be defeated forever."

Andrew Bonar Law, leader of the opposition in the British House of Commons, so declared himself in addressing a huge rally of Orangemen here to-day.

A demonstration of 150,000 enthusiasts this morning passed in procession before Andrew Bonar Law and other prominent Unionist leaders at the Royal Ulster Agricultural Society Grounds. The route from the City of Belfast to the grounds is three and a half miles in length, and all the way the roads were packed with cheering partisans as the men marched past sixteenth street.

The police nervously patrolled every street in momentary fear of a bloody riot. Fearing that the sight of troops might precipitate trouble, Col. Count Clibborn, in charge of the Belfast military, kept his soldiers in readiness at Curragh camp, prepared to be rushed into Belfast at a moment's notice.

Law's Blunt Words.

Excitement was at a high pitch when Law began a bitter attack on the measure which will be introduced on Thursday. He declared that the Liberals, having muzzled his house of lords, were now endeavoring to force Home Rule thru a single chamber parliament. He talked in his usual blunt and forceful style.

"You say, and I think you mean it, that you will not submit to Home Rule. It will be difficult, and perhaps impossible to overcome your opposition. Under any circumstances your resistance would be fruitless, but the moral power of that resistance is increased a thousand-fold by the way in which it is proposed that this calamity should be forced upon you.

Not to be Sold.

"If we defeat Home Rule now, we defeat it forever, for in order to re-

main a few months longer in office the government have sold the constitution they have sold themselves, and they thought they had sold you, but you were not there to sell."

From three other platforms, Lord Charles Bessborough, Walker Burns Long, Lord Hugh Cecil, Sir Robert Finlay, Lord Castlereagh and other prominent Unionist leaders, urged the assembled Orangemen to resist Home Rule to the end.

GRAND TRUNK GIVES WAY

Strikers Will Be Reinstated in Full Sense of the Word.

LONDON, Ont., April 9.—Conductors, brakemen and trainmen from all over the Grand Trunk system in Canada are being notified by Grand Trunk officials to proceed at once to the offices in Toronto and write their new rules.

This morning Conductors G. Jackson, J. Forbes and A. Staples, all of Windsor, went thru to Toronto to write the new rules, after which it is said they will receive the runs they had before the strike.

The action of the company is said to be due to the strenuous objections made by the government to the methods employed by the company.

Tried to Cremate Boy.

GARDEN, Ala., April 9.—Wheeler Seasley and his wife are under arrest here to-day charged with attempting to incinerate Ezra Busby, a 16-year-old boy, after he had imbibed too much liquor in their alleged blind tiger resort near here. They feared he would attract attention, it is alleged, and so placed the drunken boy under a brush heap which they saturated with kerosene oil and set on fire. His screams were heard and he was rescued after he had suffered what may be fatal burns.

ALLEGEDLY BEATEN WITH A BOTTLE

Brawl at Weston May Result Fatally—Man Took Exception to Being Called Names.

MOUNT DENNIS, April 9.—A fight, which came close to ending in a murder, occurred here at 7:30 to-night, when two of the hands on the Tretlow property, boarding with Mrs. Goodson, in Fifth avenue, started a row there, one calling the other "trotter." A foreigner named Popoff picked up a heavy bottle and beat the other man, Frank Paul, upon the head with it, inflicting severe wounds. Dr. Meldrum of Weston was called in, and says that the man will probably live.

His assailant fled from the house, but later gave himself up to the police at Weston, where he is held upon a charge of felonious wounding. The developments in the condition of his victim.

NORTH TORONTO

NORTH TORONTO, April 9.—(Special.) Legal advice yesterday of the town got by the council, secret or otherwise, made by the council with the Metropolitan Police before it could be ratified.

He said he would see all negotiations on this subject conducted in the open. "Nothing in the present water situation in North Toronto is the least unbusinesslike to the people," he said. "G. Hills to-night, and the forces are now at it, which will overcome any temporary shortage. There are out of the fact that the front water to soak in, and the other is the bearing ridge in the north end of the supply is a third of our present available supply. Every one knows that this is the case every day of the year. We will next two years and by that time other arrangements can be made," said Mr. Hills.

One of those local concerts given by local talent, which are to be given in the Bedford Park School will be under the aegis of the Bedford Park Cricket Club. No effort will be made to make this one of the most enjoyable concerts in the city, and the cause is such a good one that the school room will be crowded to the doors.

YORK COUNTY'S WEALTH.

Some Figures Which Will Be of Interest Just Now.

Some figures compiled by the agricultural department of Ontario will be found of interest.

York County has 20,000 horses with an approximate value of \$3,500,000.

There are over 20,000 milch cows in the county, and the value is placed at \$2,000,000. Other cattle than milch cows number 20,000, with a value placed at \$1,000,000. The total value of all live stock in the county is placed at \$3,500,000.

In all last year there were 56,718 acres of summer fallow and 82,000 acres of pasture land. There were 11,600 acres given up to silo corn, yielding 1,000,000 tons of green fodder worth \$200,000.

The year 1911 was a pretty bad one for the mangold wurtsel crop, but the 8000 odd acres planted to this crop yielded some 2,000,000 bushels at \$11,700,000. Good judges, however, place the yield and estimated value of the two last named crops at far too low.

The market value of 120,216 tons of hay and clover grown on 40,000 acres was \$1,500,000.

York County has 900 acres of orchard, 40 acres of small fruits and 21 of vineyard. The orchards are admitted to be on one-half of what they ought to be.

The total assessed value of farm property in York County is placed as follows: Lands, \$2,990,000; buildings, \$1,461,000; improvements, \$2,500,000; live stock, \$3,500,000, a total of \$10,451,000.

MIMICO.

Chairman Ward Has Plans for Paving Lake Shore Road in Village.

MIMICO, April 9.—(Special.) J. J. Ward, chairman of the good roads committee, when seen yesterday, stated that the work of paving the Lake Shore road there commenced as soon as recommendations permitted. "I would recommend at present," said he, "to pave the road thru the village of Mimico to a width of 12 feet in a year or two, and a side village in a year or two. If the road were paved any wider they would have to go to work on the drainage and water system along the side of the road. The road is paved now to a width of 10 feet, the village can go ahead in a year or so and lay the sewerage and water systems, on each side of the road, and then we can go ahead and pave three or four additional feet on each side, erect a curb, and have a finished road, thus doing away with the necessity of spilling the pavement."

STRAYED.

Strayed into the premises of the subscriber, on or about April 4, 1912, one horse. Owner can have same by proving property and paying expenses. Thomas Griffith, tax collector, West York, Western P.O.

Christ Church, Deer Park.

While there is still a large amount of the mortgage unpaid, the year's work was satisfactory. The total revenue was \$5,500, which covers building fund and missions. Expenditures were slightly in excess of the revenue. There were 215 communicants on Easter Sunday, an increase over last year of 25 per cent. The appointment of the rector was deferred. Other officers were elected as follows: People's wardens, Mr. Tippetts; lay delegates, J. M. Wilson, R. Green, Mr. Tippetts.

St. Olave's, Swansea.

The recent meeting of St. Olave's Church, Swansea, was in a good financial condition and doing a large amount of work under the direction of Rev. Mr. Sparks. The total finances received for the year on hand is \$61.32. All the balance sheets were collected. The organization was done and the subscription sheet was collected. It is hoped that building operations will be begun this summer on the new church. The officers elected were: People's wardens, Geo. Bolton; rector's warden, J. H. Harker; lay delegates, J. Ellis, W. C. Rogers and F. G. Coombe.

Toronto Needs This Convention
You Can Help Secure It

TORONTO has never had a convention that will bring to the city so much in dollars and cents value as the 1913 convention of the Associated Ad Clubs of America.

Five thousand of the biggest business men, advertising men, publishers and newspaper representatives of America and Great Britain will attend that convention.

The Ad Club Has a Plan

The TORONTO AD CLUB has taken it upon itself to secure this convention for Toronto in 1913 by sending a picked delegation of one hundred of its liveliest members to the 1912 convention in Dallas, Texas.

For a year the Club has been campaigning amongst the hundred other clubs in the Association with this purpose in view.

Toronto's Strong Competitors

May 19, 1912, is the date for final action. Toronto has strong opposition to contend with. The Toronto delegation must go to Dallas armed with every facility and as strong numerically as possible.

Baltimore is sending 100 delegates. So is San Francisco. Toronto must do equally well.

The clubs in these other cities have unlimited

resources to draw upon. They will go to Dallas with the backing in money and prestige of their Boards of Trade, Chambers of Commerce and City Councils.

What It Will Cost

The Toronto Ad Club proposes to spend \$17,000 of its own and its members' money in sending this delegation to Dallas and in carrying on the campaign to secure the 1913 convention for Toronto. Many business men have offered to contribute liberally. About \$8,000 more is needed.

Your Help Is Needed

If you believe in the future of Toronto and have the public and civic spirit to back up that belief, send in your contribution to the Toronto Ad Club's Hon. Secretary.

800,000 of these Tires Sold to date
Not one wrecked by Rim-Cutting

Buyers of tires are shrewd men. The merits of the tires alone influence them. There can, therefore, be only one reason for the big volume of sales of No-Rim-Cut Tires.

They have made good our claims that they save 48% in tire maintenance.

How do they do it?
FIRST—By preventing rim-cutting. 23 out of every 100 ordinary tires are wrecked that way.

SECOND—By providing for overloading. No-Rim-Cut Tires are 10% oversize—carry 10% more weight—save blowouts. With the average car this means an addition of 25% to the tire mileage.

THIRD—The extra size of No-Rim-Cut Tires gives them more resiliency—saves the mechanical parts of the car from excessive jolting.

Investigate No-Rim-Cut Tires. You will buy them too.

85-87 Queen street East, Toronto.

200 PASSENGERS DROWN IN NILE

Excursion Steamer Collided With Another and Turned Over—Victims Probably All Levantines.

CAIRO, Egypt, April 9.—A large number of passengers, estimated by

Babies Have Itching Eczema

Itching, almost constant and well-nigh unbearable itching, is the marked symptom of eczema. The direct cause is usually friction or irritation of the skin. In babies the trouble often arises from infrequent changing of napkins.

By keeping Dr. Chase's Ointment at hand, along with the bath soap, and using it whenever chafing or irritation appears, you can keep baby's skin in perfect condition, save him much suffering and yourself much anxiety.

some at 200, were drowned last evening by the sinking of a Nile excursion steamer after a collision with another steamer in the vicinity of the great dam on the river about 15 miles to the northwest of Cairo, and a few miles from Kalyub.

The steamer had 200 passengers on board, who had taken advantage of the Easter holiday to take a trip to the river dam. On the return journey upstream, and not far from the dam, the excursion boat collided with another and sank almost immediately.

All on board were thrown into the river, but many lives were saved by the vessel with which the excursion boat had collided.

Another passenger steamer and a number of boats from shore hastened to the rescue, and picked up many of those struggling in the water. It is not yet known how many lives were lost, and the identity of the bodies has not been ascertained.

The boat was overloaded. The big lumbering vessel was in centre stream when she collided head-on with another vessel. The ferry turned completely over.

No Tourists on Board.

LONDON, April 9.—The steamer which foundered on the Nile as the result of a collision with another vessel yesterday was a local excursion boat, which, according to reports received here, was conveying 200 persons, all of whom are believed to have been Levantines.

HONORS FOR BOY SCOUTS.

OTTAWA, April 9.—Scrolls of honor of the Canadian Boy Scouts, signed by the Duke of Connaught as chief scout, have been forwarded for presentation to Harry Coppings and Ira Hughey, of Mitchell.

The former was one of a group of boys who went swimming in a pond in May last. Lorne Hutchison got beyond his depth, and had gone under four times before Coppings rescued him. Ira Hughey rescued a little girl from drowning.

The MACKAY Treatment
For the Cure of ALCOHOLISM

Dr. John M. Mackay's specific medicine for alcoholism is highly recommended by the clergy and was adopted by the government of the Province of Quebec in 1904—See reports of the Courts, 1904-1912—Effective in 85 per cent of chronic cases treated—Drunkness is a disease and should be treated medically like any other. Dr. Mackay's specific medicine cannot and does not kill where there is a desire to be cured and where the Doctor's directions are fairly carried out. This medicine is based on scientific principles—suffering to patients—Has restored thousands of lives to sobriety and happiness.

Dr. John M. Mackay's Medicine can be taken at home privately and without interfering with a man's occupation—No special diet is necessary. The treatment covers a period of 30 days, but it immediately removes the craving for drink and enables a man to begin a new life with courage and confidence.

The Clergy, Dominion Alliance of W. C. T. U. can obtain the advantage of the Government. The only treatment officially used by any government. Beware of imitations.
