CHICAGO INVITES SUNDAY SCHOOLS

International Council Debate Venue of Next Year's Convention.

New York, Chicago, Cincinnati and Washington were referred to the new executive of the International Sunday School Council yesterday afternoon for the selection as executive head-

Invitations for next year's meeting of the council were read from Chi-cago and St. Louis. The invitations were referred to the executive.

"A conference on various phases of religious education was held at the morning session. Rev. Dr. William E. Gardner declared that a larger organic conception of religious edu-cation was required so that a higher national plane of life could be erally attained. Rev. W. J. Knox made the point that the development of home religion would be a potent factor in producing a larger conception of religious education. Instruc-tion in regard to the great missionary ents of the churches was emphasized as important by Rev. Dr Gilbert Glass. Broad-minded social experiments for the benefit of the people would be an important aid to ting religious education, according to Rev. Dr. Zane Batten. The sensus of opinion was that wider curriculum was required in the Sunday schools to make religious

education sufficiently comprehensive. Executive Salaries. twenty thousand dollar budget for the coming year's work was The chief items were salaries of \$4,000 each for the executive and the educational secretary. On the report of the committee on mominations, the following officers

Sold in Buffalo for five cents. In other words, in Canada, due to the additional tax of three cents, we had to pay five cents more than they could be spld for on the other side. This fact that Canadian manufacturers or dealers were making two cents as package more in Canada than in the States prior to the war should undoubtedly have allowed them to take care of a share of the increase due to the war.

Another point is: Prior to the war cigarets, tobaccos, etc., were wrapped in lead and tissue inside package. Now we find a cheap grade paper wrapper.
