FROM MAKER TO WEARER "Tiger Brand" clothing and furnishing goods for men and boys - ready-

Trousers.

The hardest proposition in the clothing trade, whether ready made or custom made, is to make perfect fitting pants. We have mastered it —"Tiger Brand" trousers are perfectly cut—faultlessly tailored, and we are just as careful to have perfection in the lowest priced pair as we are in the best we sell.

"Tiger Brand" trousers from -1.00 to 6.00 a pair. Fine English hair line and fancy striped trousers—an exceptional value at—3.75
Underwear—summer weight
merinos—fine imported goods -lighter weights for warmer weather that's to come-1.00 a garment and up. Your money back if you want it.

E. Boisseau & Co. Temperance and Yonge.

fore, been shut down, pending installation of a larger electrical plant. It is thought a new plant can be secured and installed within a month. Idano.—Peter Joyce, the late foreman of the Centre Star, who has been appointed manager of the Idaho, says that development work will be resumed on the latter property about June 1. The property adjoins the Centre Star on the east, and is on the same lead as the Le Roi and the Columbia and Kootenay, and many other of the most valuable properties in the camp. on the same lead as the Le Roi and the Columbia and Kootenay, and many other of the most valuable properties in the camp.

Mascot.—Some stringers of ore have been found in No. 3 tunnel, but nothing of a permanent character has as yet been unearthed, as the tunnel has not been driven for enough yet to tap the main lead, although it is already in 400 feet. The winze has reached a depth of 65 feet, and a crosscut will be made at the 100-foot level. Twenty-five men are employed.

Josie and Annie.—In the east section the upraise from the 300 to the 100-foot level has been completed. The drift on the Annie is following the veln. A new hoisting plant will be installed.

No. 1.—Twenty-five men are at work. Drifting continues on the 200-foot level, the hanging wall showing fair values. The shaft is down 300 feet. The new hoisting plant will be installed within 90 days.

Lilly May.—Owing to an accident to the compressor, the Luly May has been shut down for a few days.

Favorable reports are printed as regards the progress of development work on the Snowshoe and Southern Belle, Gertrude, Great Western, Iron Mask, Big Four, Wallingford, Leiter, Sunset No. 2, Nickel Plate, Iron Horse, Columbia and Kootenay, and other mining locations.
