

DAY'S DOINGS IN HAMILTON
J. G. STEWART'S JEWELLERY

Was Well-Known Jeweler—Boy May
Lose Eyesight as Result of
Powder Explosion.

Hamilton, May 26.—(Special.)—John G. Stewart, a jeweller, well-known in the city, died suddenly this evening. He had been ill only a few days from pneumonia. He was the second son of Thomas B. Stewart, Hamilton, formerly of Woodstock, and was 34 years of age. A widow survives him. The funeral will be held Sunday afternoon at 2 o'clock at St. Paul's Presbyterian Church, where the body will lie in state. The body was brought to Hamilton from New York with his diamond ring, valued at \$250. The coal office of John M. Brown & Co. is closed, and the creditors are getting anxious. Mr. Brown is not in the city.

BREVITIES.
The West End Pleasure Club will hold a boxing and wrestling show in the Star Theatre, Thursday, June 8. Efforts are being made to have Terry McGovern box a Toronto boy, Harry McDonald and Tommy Hickey will wrestle at 115 pounds.

Miss Lillian B. Skidde, who was formerly soprano soloist at St. Paul's Presbyterian Church, has been appointed soloist at St. Andrew's Church, Vancouver, B.C.

The sewers committee will not bury the property in the west end that is now being used for a coal yard, about what it cost last year.

Mrs. Haskins, wife of Wm. F. Haskins, banker, Dundasville, died yesterday, will be buried from the residence of Raymond L. Haskins, 62 South Victoria avenue.

H. S. Lees has been taken into the law firm of Lees, Hobson and Stephens. John Wilke was arrested this morning charged with stealing \$130 from Howe's restaurant.

Veterans' Club, 5 cents each, at Billy Carroll's Opera House Cigar Store.

The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 a.m. daily, 25 cents a month; Sunday 5 cents a copy. Hamilton office, Royal Hotel building, Phone 365. Desk Room To Let—Pinned location in Hamilton. Apply to E. F. Lockwood, World Office, Hamilton.

Office and bank safe and vault banks repaired. Crisp, the locksmith, 611 Queen street, Hamilton.

Telephones and Lighting.
Surprise and annoyance are expressed by the Electrical Review because in the course of a recent investigation of a fire in a London telephone exchange one of the experts who was questioned advised telephone subscribers to get away from their instruments during thunderstorms, and said that it would be better to disconnect the exchange to discontinue its service while the storms were going on.

The Electrical Review says that a surprising statement for a telephone man to make at this time, particularly as he cannot show any records in support of his statement, "We believe if statistics were taken of the exchange would show that there is no more danger from lightning in using a telephone or operating than there is in not using one." The statement is not only untrue, but it is also a dangerous one, as it is known that there is no more danger from lightning in using a telephone or operating than there is in not using one.

It is pleasant to be told by authority so high that telephoning in thunderstorms is not particularly dangerous, for many of us have to do so, but the assurance is not exactly convincing, for we have all kinds of evidence to show that lightning has chosen a telephone wire as the most convenient path by which to enter houses and cause disaster, or at least alarming consequences to the person using the instrument. The danger is great, and ought to warrant a suspension of the service is not contended by anybody except the abnormally timid, but most people will retain the suspicion that it is a little better than just to shut off telephonic communication every time it thunders is not to be thought of. Licence Commissioners.
Col. Davidson and Major Murray were last session of the board of licence commissioners, held yesterday afternoon, when they were presented with the licence of Peter A. Small, 211 West Queen street, who was granted the right of transfer of his shop licence from 211 West Queen street to 211 West Queen street. James Somers of 211 West Queen street asked that his licence be transferred to 211 West Queen street. This was granted subject to advertisement. P. E. Callon of 57 Simcoe street asked that his licence be transferred to 57 Simcoe street. This was granted subject to advertisement. The last two were laid over to be considered at the next meeting of the board.

COFFEE CONGESTION
Causes a Variety of Ails.
A happy old lady in Wisconsin says: "During the time I was a coffee drinker I was subject to sick headaches, recurring every 2 or 3 weeks, and sometimes lasting 2 or 3 days, totally unfitting me for anything." To this affliction was added, some years ago, a trouble with my heart that was very painful, accompanied by a smothering sensation and faintness. "I would be unable to lie down, but was compelled to sit gasping for breath until I was perfectly exhausted. Dyspepsia, also, a few years ago came to make life harder to bear. I took all sorts of patent medicines as well as doctor's prescriptions, but none of them helped me for any length of time. The doctors frequently told me that coffee was not good for me, but without coffee I felt as if I had no breakfast. I finally decided about 2 years ago to abandon the use of coffee entirely, and as I had read a great deal about Postum Food Coffee, I concluded to try that for a breakfast beverage. I liked the taste of it and was particularly pleased to notice that it did not 'come up' as coffee used to, I soon found that it was doing much more than that. The bad spells with my heart grew less and less frequent, and finally ceased altogether, and I have not had an attack of sick headache for more than a year. My digestion is good, too, and I feel much better than once more a healthy woman. I know my wonderful restoration to health came from quitting coffee and using Postum Food Coffee." Name given by the Postum Co., Battle Creek, Mich.

"There's a reason," and it is this. Coffee has a direct action on the liver with some people, and causes partial congestion of that organ preventing the natural outlet of the secretions. Then follows biliousness, the wonder of all, headache, constipation and finally a change of the blood corpuscles and nervous prostration.

The Bell Piano

If you could learn for yourself the names of some of the buyers of Bell Pianos in this country you would admit that these instruments are in the homes of our most refined and fastidious people; you would agree that they have been purchased by persons whose ownership is a certain proof that the instrument is musically of the highest class. Indeed, many of these same discriminating patrons of ours have pleased us with the thoroughness with which they have gone into the question of piano selection. In such instances the Bell has been decided upon only when it was finally demonstrated to be musically the superior of all other pianos that had been considered.

This is worth consideration by the prospective buyer. The truth is that the tone of this Bell piano is delightful. It has power and brilliancy and delicate sweetness, all in combination in such remarkable degree as to make the piano the preference of those whose musical education allows of the keenest appreciation of piano merit.

Not only is the instrument delightful in its musical attributes, but from the piano maker's standpoint we think it could not be better. The illimitable quick repeating action, the scale drawing, the regulating, the details of construction both outside and inside, the varnish work, and the architectural beauty of the cases themselves challenge comparison.

We offer this instrument to a discriminating musical public as the finest piano that ceaseless pains and skill and ample experience of the trade, with the addition of unlimited capital, can secure.

We rent Bell Pianos for the entire summer. Get our quotations. Bell Pianos are made, guaranteed and built to last a lifetime by the largest makers of pianos in Canada. Send for catalogue and book of pictures of prominent musicians, mailed free.

If you would pay but a nominal sum for a piano, let us sell you a Square. We have many bargains in the Basement. As low as \$3 monthly. Used organs from \$6 up. Send for our list of used Uprights.

Caronia at Queensview.

Word was received in Toronto yesterday that the Caronia of the Cunard Line had arrived at Queensview late Wednesday night and proceeded to Liverpool yesterday. This boat had a large passenger list of Torontonians, while leaving New York harbor the boat was stuck in the mud for some time, and it was feared that it had caused her some injury. She was but a few hours late in her arrival at the Irish port.
