It is said that feeling against the grand duchess is due to the fact that she received former Emperor William, the crown prince and other German officers, and also permitted her sister to become engaged to Crown Prince Rupprecht of Bavaria. It is said the people desire to be absolutely independent of

B. C. GOVERNMENT TO FLOAT \$3,000,000 LOAN

Montreal, Jan. 14.—Treatment of mentally unbalanced returned soldiers in the insane asylums of this province, which they described as extremely unsatisfactory, was roundly denounced by members of the Great War Veterans' Association at their regular monthly meeting in the Molson Hall tonight. Secretary frooper Brown said it had been breaght to his attention that returned soldiers suffering from sheir shock, and mentally unbalanced from this cause, instead of being segregated and given every encouragement to look for complete recovery are placed indiscriminately in the midst of the incurable and violently insane patients, at certain asylums in this province. Victoria, B. C., Jan. 14.-At a meet ing of the Legislative Council yesterday, John Hart, minister of finance said the Government approved of the floating of a loan of \$3,000,000. Saloniti. Dec. 24.—Correspondence of the Associated Press.—Photographs found on Bulgarian prisoners showing hangings of Serbian men and women by Bulgarians, have come into possession of the Allies. The women are attired in vari-colored peasant costumes which would seem to indicate that they had chosen to die in their best dresses.

Counsel For Paper Mills Tells of Newspaper Dividends.

Of Newspaper Dividends.

Ottawa, Jan. 14.—George H. Montgomery, chief counsel for the paper mills, continued his address in the newsprint inquiry today. He declared that no attempt had been made to prove before Mr. Pringle's tribunal the assertion that newspapers are being ruined by the high price of paper. He pointed out that newspapers had not waited for final settlement of newsprint prices but had doubled their price per copy. He read an extract from the Financial Post reporting a quarterly dividend of five per cent, with a bonus of two per cent, by a certain Ontario newspaper, whose proprietor, Mr. Montgomery claimed, had more than anyone else been responsible for the newsprint inquiry. This newspaper, he presumed, must have been one of the worst off, as its proprietor had "put up the loudest howl."

Mr. Tilley objected to the quotation from the Financial Post as not being in the evidence. Mr. Montgomery replied that the extract had been mentioned at the last hearing.

"Then any statement once made by counsel is to be treated as evidence!" exclaimed Mr. Tilley.

"If there is no evidence, we will not consider that point," said Chairman White.

Decision On Question Will Be Reached at Meeting To Be Held Thursday.

LEAGUE PROBLEM FIRST

Delegates to Conference Will Devote Twelve Hours Daily to Discussion If Necessary.

Paris, Jan. 14.-Russia may be repr sented, together with all the other nations that were engaged in the war against Germany at the first formal meeting of the peace conference. This will be held tomorrow before the opening of the session of the French Parliament. All the delegations with the execution.

day's meeting.

The first question to come up before the actual peace conference will be that of the proposed league of nations and it was made known today that it had been planned for the confrees to devote twelve hours daily to this work if necessary, until It is on the way to completion. There is some reason for believing that the first plans of the structure of a league of nations to be laid before the conference probably will be somewhat composite, representative of a consensus of opinion on the par of American. British and Frenci statesmen who have been discussing the subject. It will not purport to be a finished product, but is intended to serve as a starting point for development.

Canada, Australia, India and South Africa Will Have Two Representatives Each-Wilson's Plan To Submit Problems to Technical Committees Is Adopted.

Paris, Jan. 13.-By the Associated Press .- France, Great Britain, the United States, Italy and Japan will each have five representatives in the peace con gress. This was decided upon today by the supreme council engaged in the pre minary work of organizing the peace procedure The British dominions, it was decided, will be represented apart from Great

Britain. Canada, Australia, South Africa and India will have two representatives each, and New Zealand will have one delegate. Brazil was given three representatives. Belgium, Serbia, Greece, Poland, Czecho-Slovakia, Rumania and China were assigned two representatives each. Portugal and the states which did not declare war upon Germany, but merely broke off diplomatic relations with her, were given one delegate each.

Brazil owes her special treatment to her historic position as a former empire and her population of more than 20,000,000, which worked against placing her The representation to be given Jugo-Slavia was not decided upon, but it is considered probable that the Croats and Slovenes will be represented similarly to the Serbians. A proposal by President Wilson concerning the sending of problems to technical committees for examination, was adopted. At the meeting on Wednesday the council will fix upon the methods of work and the guiding principles of the conference. President Poincare will open the plenary session of the peace congress on Saturday with an address, after which officers will be elected.
