In October the new Children's Hymnal was introduced into the School. It is found to be helpful in training the children to sing many of the hymns and tunes used in the Church Services.

On the last Sabbaths of June and December, afternoon services were held in the Church, and sermons preached by our Minister to the children of the School, together with those of Lower Town and Stewart Schools.

In the month of November a Teachers' Institute was conducted in the city by Rev. John McEwen, of the S. S. Association of Canada. It was attended by most of our teachers, and found to be instructive and profitable.

The Annual Festival was held as usual in the end of January, "the best we ever had."

The teachers would earnestly urge upon parents the necessity for their co-operation, by seeing that the children faithfully prepare their lessons at home, "lesson leaves" being provided for that purpose. Where this is not attended to, it is but little the Sabbath School can do for a child; but by the blessing of God upon the united efforts of parents and teachers, much may be accomplished in the religious training of the young, so leading them to the knowledge of Him who is "the Way and the Truth and the Life."

Respectfully submitted,

JAMES GIBSON,

Superintendent.

OTTAWA, 1st March, 1886
