

Report of Ladies' Aid Society.

In submitting the report of the Ladies' Aid Society of St. Andrew's Church, it is with grateful hearts to Him who has given us sustaining grace to enable us to carry on the work of our Society for the half year now closed.

As was stated in last annual report, our efforts have been directed exclusively to the reduction of the debt on the Church, and while we are happy to note that in some instances the contributions have been increased, yet we regret to say that in others they have been lessened, and in some instances entirely withdrawn.

The following is our financial statement for the half year ending 31st December, 1883.
