THE TURF.

For King's Plate.
Toronto, March 19.—While official records are lacking, yet this year's entry of forty-nine is believed to be a record for the historic King's plate which has the distinction of being the oldest fixture run continuously on the continent. At the first glance the race looks a very open one, in view of the fact that with the exception of possibly fifteen of the forty-nine entries none of the horses have ever faced the barrier, and another other seasons, with the Segrams, Dymallys and Hendries practically monopolized the entry, the nominations for this year's event embrace twenty-eight owners, with George W. Beaudmont and the Seagram stable leading with four entries each.

Pays \$15,500 for Fifty.
New York, March 19.—The sale of Hope Frisco, an eleven-month-old black filly, for \$15,500, was announced here today as the record price for a trifter of her age. She was bought by Thomas W. Murphy, a prominent grand circuit driver, who was said to be acting for the R. J. Reynolds of Winston-Salem, N. C.

Thorpe to Akron.
Akron, Ohio, March 18.—Jim Thorpe, prominent hitter for the Boston Nationals last season, has signed with the Akron club in the International League. The Akron squad will train at Hot Springs.

Three for Neils.
Jacksonville, Fla., March 18.—Bernie Neils, a western Canada recruit, made three hits against the Yankees yesterday, when the Dodgers defeated the New York aggregation 3 to 0. Neils tried to

stretch a single on Bodie in the third but was thrown out by yards.

McGraw Behaves Two.
San Antonio, Tex., March 18.—McGraw further reduced his squad yesterday when he released Pfeiffer Stricker, right-hander, and Frank Maguire, second baseman, to the Toledo club of the American Association.

Makes Good Advertising.
Amherst News: Everybody ready for the baseball season—Amherst has the chance of getting a regular team in the twilight this summer providing funds are made ready. This athletic stuff makes good advertising. The Ramblers this winter brought money to the town in the way of publicity, and that is the done that any town requires. A fast baseball team, and more publicity will be forthcoming. Even the Civic League has its effect. The commercial men—the harbingers of pep—paid the Civic League all sorts of compliments last summer and they repeated on the hockey games. It counts—and then some.

In an endeavor to increase the rice production of the Philippines the insular government is colonizing fertile valleys with natives taken from more densely populated localities.
