"That's My Idea of A Spring Suit"

That's the expression that concludes most of our sales. After all, it's the appearance of the Suit on the individual that is the determining factor of the sale.

Men who are committed to the policy of good dressing concentrate on general effect.

Unless the fabrics have the rich appearance, the tailoring finished to a nicety, the models trim and tasty, and the patterns characterful, no good effect can exist.

Men who trade here take quality for granted—value assured. Our effort is to match the Suit with their personality and taste. Our broad variety and our experienced judgment enable us to do these things with almost unfailing regularity.

Spring Overcoats and Suits . . . \$25.00 to \$70.00
Special Values . . . \$35.00 to \$60.00

AFTER "FLU," GRIP

Fever and Other Prostrating Diseases that Exhaust the Blood.

There is often that extreme tired feeling, loss of appetite, tendency to anemia, nerve exhaustion, inactive bowels, constipation and great danger of still further prostration and serious illness.

Hood's Sarsaparilla first works upon the blood. It is remarkable how promptly its purifying, vitalizing effects are noticed. It "makes food taste good," promotes assimilation so as to help secure the greatest nourishment possible, promotes digestion. Nerve strength and cheery health inevitably follow, further danger is avoided and the glad-to-be-alive feeling again prevails. To read this is well, to realize it yourself is better.

Get Hood's Sarsaparilla today, and for a cathartic, nothing better than Hood's Pills, in small doses a gentle laxative; larger, an active cathartic.

ONTARIO LABOR M. P. P'S REPORTED TO BE AGAINST REFERENDUM

Toronto, April 15—Caucuses were held today by the U. F. O.-Labor M. P. P's and by the Liberal M. P. P's on the matter of a request to the dominion government to hold a referendum in Ontario on the importation of liquor.

The government caucus, it is understood, brought out the fact in an emphatic manner, that the Labor members are strongly opposed to the resolution, and that they did not support it.

What One of the Best Known Travellers in Canada Says

"Now I am going to give you an unsolicited testimonial, as they say in the patent medicine advertising. Heretofore I have had a profound contempt for patent medicines, particularly so-called liniments. Perhaps this is due to the reason that I have been blessed with a sturdy constitution, and have never been ill a day in my life. One day last fall after a hard day's tramp in the slush of Montreal, I developed a severe pain in my legs, and of course like a man who has never had anything wrong with him physically, I complained rather boisterously. The good little wife says 'I will rub them with some liniment I have.' 'Go ahead,' I said just to humor her. 'Well, in she comes with a bottle of MINARD'S LINIMENT and gets busy. Believe me the pain disappeared a few minutes after, and you can tell the world I said so.' (Signed) FRANK E. JOHNS, Montreal.

DROPS UNFAIR TRADE CASES

Federal Trade Commission Acts on Two Pattern Company Complaints.

Washington, April 16—Upon its own motion the federal trade commission has dismissed its formal complaint against the Butterick Company, Butterick Publishing Company, Federal Publishing Company, Standard Fashion Company and the New Idea Pattern Company, all of New York city, containing allegations of unfair competition and the use of so-called tying contracts in the manufacture and sale of dress patterns.

Dismissal, the commission announced, was made without prejudice to the right

to issue another complaint with respect to the same subject matter directed to such respondents as the commission may elect.

Bones of a human being were found in a dump at Kingston, Ont., yesterday. It is believed they had been used by medical students and discarded.
