SENSATIONAL BALL PUTS THE GREEKS SECOND

It took the Marathons just one hour and forty two minutes yesterday to administer a coating of whitewash to the speedy St. Croix team and in doing so they gave 700 fans an exhibition of baseball that has seldom, if ever, been surpassed on the local diamond. It was fast ball from the outset on the part of the locals and they backed up their superb fielding with heavy batting, sending Lee to the bench after two innings and hitting Parker about. They registered fifteen hits in all while three were left on base. The St. Croix team could get from Joe Tarbell. The Greek's pitcher did great work in the field, in fielding this position and at the bat.

The game was marked by sensational fielding. O'Brien added to his home run a whirlwind plunge and one hand stop of a cannon-shot ground ball and throwing the runner out at first. A few innings later, Pinkerton did the same. Again a ground ball was shot between first and second base. Shankey got after it but

could not reach it but Pinkerton had backed him up and fielded the ball. Then there was no one on guard at first and the runner was speeding to the bag. But so was Joe Tarbell. Pinkerton threw to the bag and Tarbell got there in time to catch the ball before the runner. It surely was stirring play. So in the outfield, two locals took every chance and not a man of the nine had an error. This victory puts the Greeks in second place again. The score:

Notes of the Game

Some batting averages were fattened. Tarbell's four hits in five times at bat gives him .800 for the game. Pinkerton batted for 700 with three hits out of four chances. Watt had two out of five, and Waterhouse two out of four.

You don't see any better baseball than that on any diamond.

The Marathons have warmed up into a speedy set of foot players—and they can bat this year.

O'Brien, Pinkerton, Waterhouse and Shankey made a great start yesterday.

When they see a high one going to left field the fans breathe easy. They have confidence in Riley.

Next game here will be on Saturday—Greeks against Fredericton. We want it.

—Conley and Stone

Larry Conley to play with Bangor. Harry Stone with Fredericton—that is the way the two clubs have arranged it.

TROOPS AT SUSSEX ARE PREPARING FOR THEIR SHAM BATTLE

Sussex, July 8.—The first preparations for the mimic battle at Camp Sussex tomorrow will be made this afternoon at four o'clock, when the Blues under the command of Lieut. Col. Mackenzie and comprising dragoons, artillery, engineers, guides, hospital corps, signallers, service corps and 1,600 men of the 16th Infantry brigade, will march to Apohqui, where they will bivouac for the night. Tomorrow morning they will move to the relief of Camp Sussex, which is supposed to have been captured by the Reds.

The red contingent, under Colonel H. H. McLean, which is in possession of the camp, is not as large as the opposing force, as the main idea of these tactics is to give as large a number of men as possible experience in actual bivouacking.

Yesterday a mimic sham battle between the 8th Hussars under Colonel McDougall and the 26th Dragoons under Major McLean, took place near Mount Middleton, about eight miles from Sussex.

Five men were prostrated by the heat and humidity while on parade yesterday. One was considerably affected and became delirious.

Major General Cotton of Ottawa, inspector general, Lieut. Colonel Howard and Lieut. Colonel Neale, who arrived last night, will likely remain until Friday. Colonel Rutherford, officer commanding the 6th division, is expected today.

Once Again the Matter of Weight

By TOM ANDREWS

Getting right down to cases the contest between Willie Ritchie and Joe Rivers at San Francisco, July 4, is not for the lightweight championship, as advertised, although it will go down in history as for the title.

It is just one more case where the weights have been juggled to suit the title holder and according to ring law, the title should not be at stake. The boys are to fight at 135 pounds, while the recognized lightweight for years has been 135 pounds. The lightweight limit has been boosted on one or two occasions, the same as the welter and middleweight limits, and while they are at it there is no good reason why the weight should not be changed to 135 pounds, so as to make it uniform with the British, French and Australian lightweight scales.

Ritchie won the title from Ad Wolgast at 133 pounds and it was for him to keep it at that weight, but he has seen fit to boost it a pound and thereby opens the way for still another boost by matching with Paddy McFarland and Freddy White, the British champion. The latter won his title at 135 pounds, which is the limit in his country, and therefore he has always stood ready to match at that poundage. McFarland has always been kept out of the running by the contention that he could not make the lightweight limit.

At 135 Paddy can do business very nicely and make the weight.

It is really too bad that there is not a boxing association in the United States to control the sport and be able to negotiate for just such a change in weights as has been suggested. As it is everything is left to the boxers and they juggle the weights to suit or fit their own cases.

However, there are few who would recognize Joe Rivers as lightweight champion in case he defeated Ritchie but it always leaves that loophole for technical discussion. It only proves to many minds that the British weights are the best yet advanced, and it would be a good thing to have the lightweight at 135 and the feather at 125, while the bantams at 118. That would leave the little fellows for a special class around 112, the same as the British have now. It is the same with most of the middleweights just now. Most of them are trying to push the weight from 135 to 140, the latter being the foreign weight, and it looks as though they will succeed. That is why a national association is so badly needed to control the scale of weights and arrange a uniform set of rules.

Weight, having been thrown out of an overcast dinghy. Two of the Argos, Taylor and Gregory, jumped in and landed the three men, the foreign weight, in imminent danger of drowning. That scores up one big mark in the Argos' favor, and their race may turn out.

THE RING

Frank O'Leary of St. John

Bangor Commercial.—It is understood that the opponent of Willie Bryan in the coming Bangor boxing carnival will be either Patsy Kline, a Newark, N. J., featherweight or Bis Mackay, a veteran Cleveland featherweight. However, Al Delmont, a sturdy Bostonian, may be a mitter to face the gentleman fighter. Whichever one it is, a whirlwind affair is assured in the star bout of the carnival.

A special bout has been under consideration in which two middleweights or welterweights of the main bout would be booked. Mortimer Cronin of Boston, a middleweight, who looks mighty good to win honors in the middleweight division may oppose Tom Sawyer of Portland and Rockland in this bout. If welterweights are put on it is believed Kid Fleming of Odtown will meet Joe White of Boston or Dave Desher of Boston. It is also planned to hold a series of inter-city bouts in the preliminaries between Bangor and St. John, N. B. Frank O'Leary of St. John, a lightweight, will be one of the preliminary men.

Urbain elected the oval at North Randall recently in 2:04 1-4. The world's record of two minutes is held by himself. Trotting to a sulky the great gelding did the mile in 2:03 1-2.

AQUATIO

Two members of the Argonaut crew did a neat life-saving turn at Henley the other evening. The crew was out for a spin. While gliding down the river they came upon two men struggling in the water.

Five men were prostrated by the heat and humidity while on parade yesterday. One was considerably affected and became delirious.

Major General Cotton of Ottawa, inspector general, Lieut. Colonel Howard and Lieut. Colonel Neale, who arrived last night, will likely remain until Friday. Colonel Rutherford, officer commanding the 6th division, is expected today.

The date of the tournament has not as yet been decided upon but it will likely be within the next two weeks. A large delegation of fans from St. John is expected to make the trip to Bangor.

Bouts at New York

Kid Julian of Syracuse, out-fought Tommy Buck, of Philadelphia, in one of three ten-round bouts between featherweights held here tonight.

Frank Flemming, the Canadian title holder, had a shade the better of a large delegation of fans from St. John is expected to make the trip to Bangor.

Matt Brook of Cleveland defeated Al Delmont of Boston.

About the Boxers

Two more bouts have been added to the list scheduled for tomorrow. At Indianapolis, Chuck Larson will meet Jimmy Anderson. At Houston, Tex., Frankie Conley will box Bill Doyle.

Johnny Coulon, bantamweight champion of the world, was taken to a hospital in Chicago the other day suffering with a severe attack of stomach trouble. It is said that the battering he received in his battle with Frankie Burns at Kenosha aggravated his illness. It is believed he will not be able to train for two or three months.

Trouble at This Bout

With Willie Langford of Albany having a decisive advantage over Kid Henry of Troy, colored, in the eighth round of a scheduled ten-round bout in Albany, before the American A. C. Henry, it is charged, Loungford.

This incident caused a crowd of white spectators and a riot was almost precipitated.

It took a score of policemen to keep Henry from getting a severe drubbing, but he escaped through the dressing room after the fight, in which he made a poor showing.

Mahoney's Jaw Fractured

Bombardier Wells tonight successfully defended his title as heavyweight champion of England at the National Sporting Club, by knocking out "Paddy" Mahoney of Cork. The finish came in the third round.

Mahoney's jaw was fractured in the fourth round. He was taken to a hospital after the fight, in which he made a poor showing.

Mahoney is the champion heavyweight of Ireland, and all his countrymen were confident that he would defeat his English opponent. He was looked upon as the greatest champion Ireland has had since Dan Donnelly's time. The bout was for \$1,000 a side and a \$2,000 purse, besides the championship belt.

FOOTBALL

A Good Game

One of the finest games ever witnessed in St. John, remarked a spectator after the game between St. John's and the Caledonians. The seamen won the toss and choose the slope, but had quite a breeze to contend against. After the ball was set a rolling the sailors went away only to see Regan clear with a great kick in fifteen minutes from the start. But the Caledonians took the lead only to see the Sculptors equal. Scores soon afterwards. On nearing half time the Caledonians again took the lead and the half time score was Caledonians 2, Sculptors 1.

In the second half some rousing football was seen again and the Caledonians soon increased the lead. But soon afterwards the sailors scored the best goal of the match with a cannon-like shot. The game ended Caledonians 3, Sculptors 2.

The Caledonians were unlucky to have their centre crippled early in the game, but they played good football all throughout. Arnes was the best player on the field and T. Regan and A. Brindle did well. For the sailors their goal-keeper, centre and right back were the pick, and special praise must be given the chief engineer who refereed the game to the satisfaction of all.

The Caledonians were—Goal, W. Brindle; right back, R. Brindle; left back, Regan; half backs, Flynn, Rankin and Arnes; forwards, Telford, Fenton, Green, A. Brindle, Campbell.

The Sculptors were—Goal, B. Gannon; right back, C. Phillips; left back, Ashley; half backs, Gaudie, J. E. Jones and Evans; forwards, Burke, Marter, Cowie, Wilkes and Cadogan.
